

wastewater treatment systems, and treated effluent for pollutants of interest.

The MPP industry has approximately 7,000 facilities across the country. The current rule contains 11 subparts, as the industry engages in a wide range of activities. Facilities range in size from very small (less than 10 employees) to large (over 500 employees). For EPA to complete the detailed technical and economic analysis for the entire industry necessary for the rulemaking process, the short questionnaire, detailed questionnaire, and sampling activities are essential.

Confidential Business Information (CBI) may be collected. In accordance with 40 CFR part 2, subpart B, section 2.203, the MPP Surveys inform respondents of their right to claim information as confidential. Each survey provides instructions for claiming confidentiality and informs respondents of the terms and rules governing the protection of CBI under the Clean Water Act and 40 CFR 2.203. Survey respondents are able to and are requested to mark any claimed confidential responses as CBI. EPA and its contractors will follow EAD's existing procedures to protect data labeled as CBI.

Form Numbers: None.

Respondents/affected entities: All Meat and Poultry Products facilities in the U.S., which includes facilities with the following NAICS codes: 311611, 311612, 311613, 311615, 311111, 311119, 311999. 1,633 facilities will receive the detailed questionnaire, 5,367 facilities will receive the short questionnaire, and no more than 20 facilities will be asked to conduct specific wastewater sampling events.

Respondent's obligation to respond: Mandatory (Clean Water Act section 308) (citing authority).

Estimated number of respondents: 7,000 (total).

Frequency of response: One-time data collection.

Total estimated respondent burden: 70,807 hours. Burden is defined at 5 CFR 1320.03(b).

Total estimated respondent cost: \$3,219,484 one-time cost.

Changes in Estimates: This is a new data collection request and is a one-time temporary increase to the Agency's burden.

Deborah Nagle,

Director, Office of Science and Technology, Office of Water.
