is approved, subject to the following conditions:

- (1) After receipt of all required regulatory approvals of the transfer of operating authority to NMC, CEC and NMC shall inform the Director of the Office of Nuclear Reactor Regulation in writing of such receipt within 5 business days, and of the date of the closing of the transfer no later than 7 business days prior to the date of closing. If the transfer is not completed by April 19, 2002, this Order shall become null and void, provided, however, upon written application and for good cause shown, such date may in writing be extended.
- (2) NMC shall, prior to completion of the transfer of operating authority for Palisades, provide the Director of the Office of Nuclear Reactor Regulation satisfactory documentary evidence that NMC has obtained the appropriate amount of insurance required of licensees under 10 CFR part 140 of the Commission's regulations.

It is further ordered that, consistent with 10 CFR 2.1315(b), a license amendment that makes changes, as indicated in Enclosure 2 to the cover letter forwarding this Order, to conform the license to reflect the subject transfer of operating authority is approved. The amendment shall be issued and made effective at the time the proposed transfer is completed.

This Order is effective upon issuance.

For further details with respect to this action, see the application dated November 21, 2000, which is available for public inspection at the Commission's Public Document Room, located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, and accessible electronically through the ADAMS Public Electronic Reading Room link at the NRC Web site (http://www.nrc.gov).

Dated at Rockville, Maryland, this 19th day of April 2001.

For the Nuclear Regulatory Commission. Samuel J. Collins,

Director, Office of Nuclear Reactor Regulation.

NUCLEAR REGULATORY COMMISSION

Public Meeting on NRC's Inspection Program in Offshore Federal Waters in the Gulf of Mexico

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of public meeting in Lafayette, Louisiana.

SUMMARY: The U.S. Nuclear Regulatory Commission will hold a public meeting on the NRC's inspection and enforcement program for licensed activities conducted in offshore Federal waters in the Gulf of Mexico. The meeting is intended to discuss current issues facing industrial radiography and well logging licensees as they implement the NRC requirements in offshore Federal waters.

Time/Date: The public meeting will be held on Thursday, May 10, 2001, from 9:00 a.m. to 12:30 p.m. (Central Daylight Savings Time).

Place: Hilton Hotel Lafayette, Ballroom, 4th Floor, 1521 West Pinhook Road, Lafayette, Louisiana 70503.

FOR FURTHER INFORMATION CONTACT:

Richard A. Leonardi, Jr., Health Physicist, NRC Region IV Office, Division of Nuclear Materials Safety, Nuclear Materials Inspection Branch, Arlington, Texas 76011, or by telephone: (817) 860–8187, or email: ral@nrc.gov.

SUPPLEMENTARY INFORMATION: The U.S. Nuclear Regulatory Commission will hold a public meeting on the NRC's inspection and enforcement program for licensed activities conducted in offshore Federal waters in the Gulf of Mexico. The meeting is intended to discuss current issues facing industrial radiography and well logging licensees as they implement the requirements of 10 CFR parts 34, 39, and 150 in offshore Federal waters. The meeting is designed to inform, listen to, and learn from the meeting's attendees, including an exchange of information regarding the operational implications and unique conditions associated with the use of radiographic exposure devices on platforms and laybarges. The meeting will be facilitated by Francis X. Cameron, Special Counsel for Public Liaison, of the NRC Office of General Counsel.

To accomplish this goal, the NRC staff will make brief presentations on NRC's inspection and enforcement program, the Letter of Agreement between NRC and the Minerals Management Service (MMS) of the Department of the Interior, and the lessons learned during the initial implementation of NRC's inspection activities in the Gulf of Mexico. Presentations will be followed by a facilitated question and answer session to provide a forum for discussion of current issues and challenges facing NRC and Agreement State licensees performing licensed activities on oil/gas platforms and

marine laybarges operating in the Gulf of Mexico. Attendees are expected to include individuals representing the industrial radiography and well logging industry, Federal and State regulatory organizations, platform and laybarge owners and operators, and interested members of the public. The meeting notice, meeting agenda, Letter of Agreement with MMS, and Federal Register notice of termination of the 274i Agreement with Louisiana can be obtained from the NRC website (http:// www.nrc.gov/NRC/PUBLIC/ meet.html#RIV), or by contacting Richard A. Leonardi, Jr. at (817) 860-8187 or email at ral@nrc.gov. Copies of these documents will also be available at the meeting.

Dated at Arlington, Texas this 18th day of April, 2001.

For the Nuclear Regulatory Commission.

Mark R. Shaffer,

Chief, Nuclear Materials Safety Branch, Division of Nuclear Materials Safety. [FR Doc. 01–10415 Filed 4–25–01; 8:45 am] BILLING CODE 7590–01–U

NUCLEAR REGULATORY COMMISSION

Meeting Concerning the Revision of the Oversight Program for Nuclear Fuel Cycle Facilities

AGENCY: Nuclear Regulatory Commission (NRC).

ACTION: Notice of public meeting.

SUMMARY: NRC will hold a public meeting at the NRC Headquarters location at 11555 Rockville Pike, in Rockville, MD to provide the public, those regulated by the NRC, and other stakeholders with information about, and an opportunity to provide views on, how NRC plans to revise its oversight program for nuclear fuel cycle facilities. This meeting follows a February 8, 2001 public meeting regarding the work plan for the oversight revision project.

Similar to the revision of the oversight program for commercial nuclear power reactor plants, NRC initiated an effort to improve its oversight program for nuclear fuel cycle facilities. This effort is described in SECY-99-188, "Evaluation and Proposed Revision of the Nuclear Fuel Cycle Facility Safety Inspection Program," and in SECY-00-0222, "Status of Nuclear Fuel Cycle Facility Oversight Program Revision.' SECY-99-188 and SECY-00-0222 are available in the Public Document Room and on the NRC Web Page at http:// www.nrc.gov/NRC/COMMISSION/ SECYS/index.html. Additional project information can be found on the NRC

technical conference website at http://techconf.llnl.gov/cgi-bin/topics.

Purpose of Meeting: To obtain stakeholder views on how to improve the NRC oversight program for ensuring that fuel cycle licensees and certificate holders maintain protection of worker and public health and safety, protection of the environment, and safeguards for special nuclear material and classified matter in the interest of national security. The oversight program applies to commercial nuclear fuel cycle facilities regulated under 10 CFR parts 40, 70, and 76. The facilities currently include gaseous diffusion plants, highly enriched uranium fuel fabrication facilities, low-enriched uranium fuel fabrication facilities, and a uranium hexafluoride (UF $_6$) production facility. These facilities possess large quantities of materials that are potentially hazardous (i.e., radioactive, toxic, and/ or flammable) to the workers, public, and environment. Also, some of the facilities possess information and material important to national security. In revising the oversight program, the goal is to have an oversight program that: (1) Provides earlier and more objective indications of facility performance in the areas of safety and national security, (2) increases stakeholder confidence in the NRC, and (3) increases regulatory effectiveness, efficiency, and realism. To achieve this goal, the NRC desires the revised oversight program to be more riskinformed and performance-based.

The May 8, 2001 public meeting will focus on the development of a general policy on how the effectiveness of licensee corrective actions will be factored into performance assessments and the NRC's response to licensee performance.

DATES: Members of the public, industry, and other stakeholders are invited to attend and participate in the meeting, which is scheduled for 9 to 10:15 a.m. on Tuesday, May 8, 2001. The meeting will be held in the One White Flint North building in conference room O-486

ADDRESSES: NRC Headquarters, 11555 Rockville Pike, in Rockville, MD. Visitor parking around NRC Headquarters is limited; however, the public meeting site may be reached by taking the Washington DC area metro to White Flint. NRC Headquarters is located across the street from the White Flint metro station.

FOR FURTHER INFORMATION, CONTACT: Patrick Castleman, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555, telephone (301) 415–8118, e-mail *pic@nrc.gov*.

For the Nuclear Regulatory Commission. Dated at Rockville, Maryland this 20 day of April, 2001.

Patrick Castleman,

Project Manager, Inspection Section, Safety and Safeguards Support Branch, Division of Fuel Cycle Safety and Safeguards.

PEACE CORPS

Proposed Information Collection Requests

AGENCY: Peace Corps.

ACTION: Notice of public use form review request to the Office of Management and Budget (OMB Control Number 0420–0529).

SUMMARY: Pursuant to the Paperwork Reduction Act of 1981 (44 USC, Chapter 35), the Peace Corps has submitted to the Office of Management and Budget a request for approval of information collections OMB Control Number 0420-0529, the Peace Corps Day Brochure Registration Form. The purpose of this notice is to allow for public comments on whether the proposed collection of information is necessary for the proper performance of the functions of the Peace Corps, including whether their information will have practical use; the accuracy of the agency's estimate of the burden of the proposed collections information, including the validity of the methodology and assumptions used; ways to enhance the quality, utility and the clarity of the information to be collected; and, ways to minimize the burden of the collection of information on those who are to respond, including through the use of automated collection techniques, when appropriate, and other forms of information technology. A copy of the information collection may be obtained from Lisa Ward, Office of Domestic Programs, Peace Corps, 1111 20th Street, NW., Room 2134, Washington, DC 20526. Ms. Ward may be contracted by telephone at 202-692-1422 or 800-424-8580 ext 1422. Comments on the form should also be addressed to the attention of Ms. Ward within sixty days of the publication date in the Federal Register.

Information Collection Abstract

Title: Peace Corps Day Brochure Registration Form.

Need for and Use of This Information: This collection of information is necessary because the Peace Corps' Office of Domestic Programs builds awareness of the continuing benefits that former Volunteers bring back to the United States after their service through its Coverdell World Wise Schools program, the Fellows/USA graduate fellowship program, Returned Volunteers Services, and through Peace Corps Day. For more than 10 years, programs and publications have aimed to harness the cross-cultural experiences of returned Peace Corps Volunteers (RPCVs) to foster better global understanding among Americans, and particularly students, throughout the United States. The information is used by the Office of Domestic Programs to send presentation and educational materials to RPCVs, which enhances the quality of the presentations. Information is also used by Public Affairs Specialists to promote Peace Corps Day regionally, broadly raising awareness for the Peace Corps and augmenting recruiting efforts.

Respondents: Returned Peace Corps Volunteers.

Respondent's Obligation to Reply: Voluntary.

Burden on the Public:

a. Annual reporting burden: 6,500 hours.

b. Annual record keeping burden: 0 hours.

c. Estimated average burden per response: 3 minutes.

d. Frequency of response: one time. e. Estimated number of likely

respondents: 130,000.

f. Estimated cost to respondents: \$1.02.

Responses will be returned by postage-paid business reply card, fax, email, and downloaded from the Peace Corps web site. (www.peacecorps.gov)

This notice is issued in Washington, DC on April 20, 2001.

Doug Warnecke,

Acting, Chief Information Office and Associate Director for Management. [FR Doc. 01–10410 Filed 4–23–01; 4:18 pm] BILLING CODE 6051–01–M
