SUPPLEMENTARY INFORMATION: On January 7, 2025, the Department published an NIA for the NACTEP program in the **Federal Register**. The Department is withdrawing this NIA as part of a comprehensive review of recently published FY 2025 NIAs. This reevaluation seeks to ensure that all priorities and requirements for the Department's FY 2025 competitions align with the objectives established by the Trump Administration while fostering consistency across all grant programs. Additionally, the Department is dedicated to optimizing the impact of our grant competitions on students and families, as well as enhancing the economic effectiveness of Federal education funding. The Department will dedicate available funds to support current NACTEP grantee activities authorized under this program.

Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79.

Accessible Format: On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this notice and the NIA in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, compact disc, or other accessible format.

SUPPLEMENTARY INFORMATION:**Summary of Change in Control**

MPL states that, by means of a transaction that closed effective as of February 3, 2025 (First Transaction), and a second transaction that closed effective as of March 3, 2025 (Second Transaction), its upstream ownership structure has changed. MPL states that the purpose of these transactions was to secure additional sources of new capital as it positions the MPL Project for a final investment decision. According to MPL, prior to the First Transaction, MPL's upstream controlling member Quantum LNG Holdings, LLC, a Delaware limited liability company and an affiliate of Quantum Energy Partners (Quantum), increased its controlling membership interests in MPL from approximately 38.2% to 90.16% as a result of making all capital contributions required to further support the development of the MPL Project from October 2021 through late 2024. MPL states that the ownership interests of all other prior members became diluted each time Quantum made a new contribution but did not, however, result in a change in control of MPL, since Quantum had acquired control of MPL as of September 30, 2021.

As relevant here, MPL states that, under the First Transaction, Kronos Polo, L.P., a Texas limited partnership, entered into an amended and restated limited liability agreement reflecting its acquisition of 100 percent ownership and majority control of MPL. MPL adds following that acquisition, under the agreement, MPL remained the DOE Authorization Holder.
