On the basis of the record¹ developed in the subject investigation, the United States International Trade Commission determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. § 1673b(a)), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from China of automotive replacement glass windshields, provided for in subheading 7007.21.10 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).

Parties that filed entries of appearance in the preliminary phase of the investigation need not enter a separate appearance for the final phase of the investigation. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. DEPARTMENT OF JUSTICE

[AAG/A Order No. 229-2001]

Privacy Act of 1974; System of Records

Pursuant to the provisions of the Privacy Act of 1974 (5 U.S.C. 552a), the Justice Management Division, Department of Justice, proposes to modify a system of records entitled, "Department of Justice (DOJ) Employee Transportation Facilitation System, Justice/JMD-017." Notice of the system was last published in the **Federal Register** on November 10, 1998 (63 FR 63075).

The purpose of this system is to assign and control the official use of vehicle parking space for which DOJ is responsible; enhance the Department's ridesharing program; and manage the Department's transit subsidy program. The proposed modification would allow

the Department to: (1) Comply with the Clean Air Act (42 U.S.C. 7418) which requires employee-operated motor vehicles on federal facilities to comply with the state vehicle inspection and maintenance laws and regulations of the state in which the facility is located, and (2) Manage the transportation benefit programs permitted by 5 U.S.C. 7905 and required by Executive Order 13150. "System Name" has been changed to "Department of Justice (DOJ) Employee Transportation Management System, Justice/JMD-017." System Location(s) has been modified to allow for the maintenance of records at field offices or regional offices. A new routine use identified as routine use (5) has been added, allowing for the Department to provide summary compliance reports to the states. Appropriate changes related to the addition of this information have been made throughout the system description. Routine use 7(e) allows disclosure to the Internal Revenue Service of any document which provides information related to tax matters. In addition, routine use (8) is added to allow disclosure to contractors; and routine use (9) is added to allow disclosure to former employees for certain purposes. Changes have also been incorporated regarding the records retention requirements due to revisions of the General Records Schedules.

Title 5 U.S.C. 552a(e)(4) and (11) provide that the public be given a 30-day period in which to comment on the revised system; the Office of Management and Budget (OMB), which has oversight responsibility under the Act, requires 40 days to review the system modifications. Therefore, the public, OMB, and the Congress are invited to submit written comments to Mary Cahill, Management Analyst, Management and Planning Staff, Justice Management Division, Department of Justice, Washington, DC 20530 (Room 1400, National Place Building).

In accordance with 5 U.S.C. 552a(r), the Department has provided a report on the system modification to OMB and the Congress. The system description is reprinted below.

Dated: April 11, 2001.
