

2004.⁴ The Commission received no comments on the proposal. This order approves the proposed rule change, as amended.

The Commission finds that the proposed rule change is consistent with the provisions of section 15A of the Act,⁵ applicable to a national securities association.⁶ In particular, the Commission believes that the proposal is consistent with section 15A(b)(6) of the Act⁷ which requires, among other things, that the rules of a securities association be designed to prevent fraudulent and manipulative acts and practices, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, and, in general, to protect investors and the public interest.

The Commission believes that the proposed rule change should improve the quality and accuracy of information disseminated by Nasdaq about transactions in its market. Under the proposal, members must notify Nasdaq, through a submission, when they cancel a trade previously reported to the Nasdaq Market Center.⁸ The member that originally had the obligation to report the trade also will bear the responsibility to report the cancellation of the trade.⁹ The Commission believes that, by assuring Nasdaq has timely notice of cancelled trades, this reporting requirement should improve the accuracy of the information disseminated by Nasdaq to market participants and should help to ensure that Nasdaq maintains an accurate audit trail.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁰ that the proposed rule change, as amended, (SR-

NASD-2004-021) be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Deputy Secretary.

Self-Regulatory Organizations; Pacific Exchange, Inc.; Notice of Filing of a Proposed Rule Change To Amend Its Rules Governing the Archipelago Exchange by Adding a New Order Modifier Entitled "Don't Arb Me"

July 21, 2004.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 3, 2004, the Pacific Exchange, Inc. ("PCX" or "Exchange"), through its wholly owned subsidiary PCX Equities, Inc. ("PCXE"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in items I, II, and III below, which items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend its rules governing the Archipelago Exchange ("ArcaEx"), the equities trading facility of PCXE, to add a new order type entitled the "Don't Arb Me" modifier. The "Don't Arb Me" modifier will increase processing capability for orders in exchange-listed securities that are traded-through by an away market block trade. price the order at the block price subsequent to the limit order being traded-through by another market center's block trade. The order shall be ranked in the Arca Book pursuant to Rule 7.36 and assigned a new time price priority as of the time of each reposting. This modifier will apply only to exchange-listed securities.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

As part of its continuing efforts to enhance participation on the ArcaEx facility, the PCX is proposing to include an additional processing capability for orders in exchange-listed securities in situations when an order is traded-through by another market's block trade. The Exchange believes that such capability will protect ArcaEx orders from being arbitrated by other market centers.

Currently, PCXE Rule 7.56 ("ITS Trade-Throughs and Locked Markets") describes the interaction between markets in exchange-listed securities when an order in the ArcaEx Book is traded-through. This rule specifies that block trades³ are generally exempted from the trade-through rule.⁴ Pursuant to the Intermarket Trading System ("ITS") Plan and PCXE rules, an ETP Holder that trades through another market with a block trade is obligated to send a commitment to the market center it traded through at the block price,

³ See PCXE Rule 7.57 ("Block Trade Policy"). Block trades are trades in excess of 10,000 shares or \$200,000; effected at a price outside the bid or offer displayed from another ITS participating market center; and involves either a cross of block size or any other transaction of block size that is not the result of an execution at the current bid or offer on the Corporation.

⁴ See PCXE Rule 7.56, Commentary .01.

⁴ See Securities Exchange Act Release No. 49844 (June 10, 2004), 69 FR 33980.

⁵ 15 U.S.C. 78o-3.

⁶ In approving this proposed rule change, the Commission has considered its impact on efficiency, competition and capital formation. 15 U.S.C. 78c(f).

⁷ 15 U.S.C. 78o-3(b)(6).

⁸ Under the proposal, members will not be required to submit a cancellation report if Nasdaq cancels a trade using its authority under NASD Rule 11890. In such situations, Nasdaq would submit the cancellation report.

⁹ For cancelled trades executed through the Nasdaq Market Center execution service, which automatically submits trade reports, the member that would have been responsible for submitting the original report (but for the system reporting the trade) will be responsible for initiating the cancellation. For example, when a trade executed between two market makers in the Nasdaq Market Center execution service is subsequently cancelled, the sell side member is responsible for initiating the cancellation.

¹⁰ 15 U.S.C. 78s(b)(2).

unless one of the inapplicability conditions apply.⁵

According to the PCX, the rules permit away markets to send commitments to execute against ArcaEx superior quotes/prices after the away market trades through ArcaEx at inferior block prices. Specifically, an away market may send orders to execute at the superior ArcaEx price during the time period after the away market executes a block trade through ArcaEx, but before it sends the required ITS commitment to trade in response to the block trade-through. According to the Exchange, this enables away markets to execute at ArcaEx's superior price in order to arbitrage against the inferior block price.

An example of this scenario under the current rules is as follows:

- ArcaEx's best bid is 7,000 at \$41.50.
- An away market puts up a block trade in the same symbol for 10,000 at \$41.25.
- In the intervening timeframe before the away market sends a commitment at \$41.25, away market participants send sell orders to execute against ArcaEx's quote at \$41.50 and subsequently trade at \$41.25 thereby arbitraging the \$0.25 spread and taking advantage of ArcaEx's superior price.

The Exchange believes that the "Don't Arb Me" modifier is designed to protect better-priced ArcaEx orders from being taken advantage of in these circumstances. The new modifier would, in the instance of a block trade-through, immediately re-price the ArcaEx order at the block price. The order would then be displayed in the ArcaEx book pursuant to PCXE Rule 7.36 and assigned a new time, price priority as of the time of each reposting. The example below is an illustration of how the "Don't Arb Me" modifier will operate:

- Client sends an order to Buy 7,000 at \$41.50 with the Don't Arb Me modifier.
- ArcaEx displays Buy 7,000 at \$41.50.
- Away market sends a block trade to the tape in the same symbol for 10,000 at \$41.25.
- ArcaEx immediately cancels the buy 7,000 at \$41.50 and posts 7,000 at \$41.25 with new time priority.
- An order is submitted to ArcaEx that trades with the 7,000 Buy order (at 41.25).

The Exchange believes that the implementation of the "Don't Arb Me" modifier will facilitate enhanced order interaction and foster price competition.

According to the Exchange, the proposal promotes increased efficiency and effectiveness in its market operation, and enhances the investment choices available to investors over a broad range of trading scenarios. The Exchange notes that the "Don't Arb Me" modifier was created in response to ArcaEx participants' requests for additional functionality to deal with the problems described above.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act,⁶ in general, and further the objectives of section 6(b)(5) of the Act,⁷ in particular, because it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system, and to protect investors and the public interest. In addition, the Exchange believes that the proposed rule change is consistent with provisions of section 11A(a)(1)(B)⁸ of the Act, which states that new data processing and communications techniques create the opportunity for more efficient and effective market operations.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

SMALL BUSINESS ADMINISTRATION

Small Business Size Standards: Waiver of the Nonmanufacturer Rule

AGENCY: U.S. Small Business Administration.

ACTION: Notice of intent to waive the Nonmanufacturer Rule for Miscellaneous Electrical Equipment and Component Manufacturing.

SUMMARY: The U.S. Small Business Administration (SBA) is considering granting a waiver of the Nonmanufacturer Rule for Miscellaneous Electrical Equipment and Component Manufacturing. The basis for waivers is that no small business manufacturers are supplying these classes of products to the Federal government. The effect of a waiver would be to allow otherwise qualified regular dealers to supply the products of any domestic manufacturer on a Federal contract set aside for small businesses or awarded through the SBA's 8(a) Business Development Program.

DATES: Comments and sources must be submitted on or before August 13, 2004.

FOR FURTHER INFORMATION CONTACT: Edith Butler, Program Analyst, by telephone at (202) 619-0422; by FAX at (202) 205-7280; or by e-mail at *edith.butler@sba.gov*.

SUPPLEMENTARY INFORMATION: Section 8(a)(17) of the Small Business Act, (Act) 15 U.S.C. 637(a)(17), requires that recipients of Federal contracts set aside for small businesses or SBA's 8(a) Business Development Program provide the product of a small business manufacturer or processor, if the recipient is other than the actual manufacturer or processor of the product. This requirement is commonly referred to as the Nonmanufacturer Rule. The SBA regulations imposing this requirement are found at 13 CFR 121.406(b). Section 8(a)(17)(b)(iv) of the Act authorizes SBA to waive the Nonmanufacturer Rule for any "class of products" for which there are no small business manufacturers or processors available to participate in the Federal market.

As implemented in SBA's regulations at 13 CFR 121.1204, in order to be considered available to participate in the Federal market for a class of products, a small business manufacturer must have submitted a proposal for a contract solicitation or received a contract from the Federal government within the last 24 months. The SBA defines "class of products" based on six digit coding systems. The first coding system is the Office of Management and

Budget North American Industry Classification System (NAICS). The second is the Product and Service Code established by the Federal Procurement Data System.

The SBA received a request on June 29, 2004 to waive the Nonmanufacturer Rule for Miscellaneous Electrical Equipment and Component Manufacturing. In response, SBA is currently processing a request to waive the Nonmanufacturer Rule for Miscellaneous Electrical Equipment and Component Manufacturing, North American Industry Classification System (NAICS) 335999. The public is invited to comment or provide source information to SBA on the proposed waiver of the nonmanufacturer rule for this NAICS code.

Authority: 15 U.S.C. 637(a)(17).

Dated: July 20, 2004.

Acting Associate Administrator for Government Contracting.
