

### Purpose and Need

The purpose of the project is to establish management guidance specific to OHV use, including e-bikes, on public lands within the Campbell Tract SRMA. The need for this planning effort is to provide for recreation opportunities for a wide variety of user groups in a multi-use setting appropriate for a variety of recreation uses. The 2008 Ring of Fire RMP currently identifies the Campbell Tract SRMA as closed for OHVs. There is a need to amend the Ring of Fire RMP to allow for consideration of management of e-bikes on existing trails.

### Preliminary Alternatives

The RMP amendment process will consider whether revising the Campbell Tract SRMA OHV designation from "Closed" to "Limited by vehicle type", would be allowed, which could authorize vehicles such as Class I e-bikes to be used on the trail system. Preliminary alternatives include the No Action Alternative and the Proposed Action: changing the current OHV designation of "Closed" to "Limited by Vehicle Type" to potentially allow for advances in recreational electric vehicle technology and provide a seamless recreation trail experience with adjacent park lands. The BLM welcomes comments on all preliminary alternatives, as well as suggestions for additional alternatives.

### Planning Criteria

The planning criteria guide the planning effort and lay the groundwork for effects analysis by identifying the preliminary issues and their analytical frameworks. Preliminary issues for the planning area have been identified by BLM personnel and from early engagement conducted for this planning effort with Federal, State, and local agencies, Tribes, and other stakeholders. The BLM has identified eleven preliminary issues for this planning effort's analysis. The planning criteria are available for public review and comment at the ePlanning website (see **ADDRESSES**).

### Public Scoping Process

This notice of intent initiates the scoping period and public review of the planning criteria, which guide the development and analysis of the RMP Amendment and EA.

The BLM public scoping meeting for this project will be in person and/or virtual. Public comments will be accepted at the scoping meeting. The specific date(s) and location(s) of the scoping meeting will be announced at least 15 days in advance through local

media, newspapers, and the project ePlanning page. You may submit comments to the BLM using one of the methods listed in the **ADDRESSES** section previously.

### Interdisciplinary Team

The BLM will use an interdisciplinary approach to develop the plan in order to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in this planning effort: cultural/Tribal, fisheries, hazardous material, hydrology, lands, range/wildlife/threatened and endangered species, recreation/travel management/visual, riparian, subsistence, vegetation, and environmental education.

### Additional Information

The BLM will identify, analyze, and consider mitigation to address the reasonably foreseeable impacts to resources from the proposed plan amendment and all analyzed reasonable alternatives and, in accordance with 40 CFR 1502.14(e), include appropriate mitigation measures not already included in the proposed plan amendment or alternatives. Mitigation may include avoidance, minimization, rectification, reduction or elimination over time, and compensation; and may be considered at multiple scales, including the landscape scale.

The BLM will utilize and coordinate the NEPA and land use planning processes for this planning effort to help support compliance with applicable procedural requirements under the Endangered Species Act (16 U.S.C. 1536) and Section 106 of the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3), including public involvement requirements of Section 106. The information about historic and cultural resources and threatened and endangered species within the area potentially affected by the proposed plan will assist the BLM in identifying and evaluating impacts to such resources.

The BLM will consult with Alaska Native Corporations and Alaska Native Tribes on a government-to-government basis in accordance with Executive Order 13175, BLM MS 1780, and other Departmental policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with Alaska Native Tribes and stakeholders that may be interested in or affected by the proposed Campbell Tract OHV Designation

Amendment that the BLM is evaluating, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate in the development of the environmental analysis as a cooperating agency.

### Drug Enforcement Administration

#### Shahid Masood, M.D.; Decision and Order

On July 29, 2022, the Drug Enforcement Administration (hereinafter, DEA or Government) issued an Order to Show Cause (hereinafter, OSC) to Shahid Masood, M.D. (hereinafter, Registrant). Request for Final Agency Action (hereinafter, RFAA), Exhibit (hereinafter, RFAAX) 2 (OSC), at 1, 3. The OSC proposed the revocation of Registrant's Certificate of Registration No. FM7946481 at the registered address of 667 86th Place, Downers Grove, IL 60516. *Id.* at 1. The OSC alleged that Registrant's registration should be revoked because Registrant is “currently without authority to handle controlled substances in the State of Illinois, the state in which [he is] registered with DEA.” *Id.* at 2 (citing 21 U.S.C. 824(a)(3)).<sup>1</sup>

The Agency makes the following findings of fact based on the uncontroverted evidence submitted by the Government in its RFAA dated February 7, 2023.<sup>2</sup>

<sup>1</sup> According to Agency records, Registrant's DEA Certificate of Registration No. FM7946481 expired on January 31, 2022, and Registrant's request for renewal of his registration was received on January 27, 2022.

<sup>2</sup> Based on the Declaration from a DEA Diversion Investigator, the Agency finds that the Government's service of the OSC on Registrant was adequate. RFAAX 3, at 2–3. Further, based on the Government's assertions in its RFAA, the Agency finds that more than thirty days have passed since Registrant was served with the OSC and Registrant has neither requested a hearing nor submitted a corrective action plan and therefore has waived any such rights. RFAA, at 2–3; RFAAX 3, at 3; *see also* 21 CFR 1301.43 and 21 U.S.C. 824(c)(2).

### Findings of Fact

On November 9, 2021, the State of Illinois Department of Financial and Professional Regulation issued an Order suspending both Registrant's Illinois medical license and Registrant's Illinois controlled substance license. RFAAX 3, Attachment B, at 1, 8. According to Illinois online records, of which the Agency takes official notice, both Registrant's Illinois medical license and Registrant's Illinois controlled substance license are still suspended.<sup>3</sup> Illinois Department of Financial and Professional Regulation, License Lookup, <https://online-dfpr.micropact.com/lookup/licenselookup.aspx> (last visited date of signature of this Order). Accordingly, the Agency finds that Registrant is not currently licensed to engage in the practice of medicine nor in the handling of controlled substances in Illinois, the state in which he is registered with the DEA.

### Discussion

Pursuant to 21 U.S.C. 824(a)(3), the Attorney General is authorized to suspend or revoke a registration issued under section 823 of the Controlled Substances Act (hereinafter, CSA) “upon a finding that the registrant . . . has had his State license or registration suspended . . . [or] revoked . . . by competent State authority and is no longer authorized by State law to engage in the . . . dispensing of controlled substances.” With respect to a practitioner, the DEA has also long held that the possession of authority to dispense controlled substances under the laws of the state in which a practitioner engages in professional practice is a fundamental condition for obtaining and maintaining a practitioner's registration. *See, e.g., James L. Hooper, M.D.*, 76 FR 71371 (2011), *pet. for rev. denied*, 481 F. App'x 826 (4th Cir. 2012); *Frederick Marsh*

<sup>3</sup> Under the Administrative Procedure Act, an agency “may take official notice of facts at any stage in a proceeding—even in the final decision.” United States Department of Justice, Attorney General's Manual on the Administrative Procedure Act 80 (1947) (Wm. W. Gaunt & Sons, Inc., Reprint 1979). Pursuant to 5 U.S.C. 556(e), “[w]hen an agency decision rests on official notice of a material fact not appearing in the evidence in the record, a party is entitled, on timely request, to an opportunity to show the contrary.” Accordingly, Registrant may dispute the Agency's finding by filing a properly supported motion for reconsideration of findings of fact within fifteen calendar days of the date of this Order. Any such motion and response shall be filed and served by email to the other party and to the DEA Office of the Administrator, Drug Enforcement Administration at [dea.addo.attorneys@dea.gov](mailto:dea.addo.attorneys@dea.gov).
