**Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands Management Area; Cost Recovery Fee Notice for the Pacific Cod Trawl Cooperative Program**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of standard prices fee percentage.

**SUMMARY:** NMFS publishes the fee percentage for cost recovery for the Pacific Cod Trawl Cooperative (PCTC) Program. The fee percentage for 2024 is 1.92 percent. This notice is intended to provide the 2024 fee percentage to calculate the required payment for cost recovery fees due by August 31, 2024.

**DATES:** The fee percentage is valid on August 1, 2024.

**FOR FURTHER INFORMATION CONTACT:** Charmaine Weeks, Fee Coordinator, 907-586-7231.

**SUPPLEMENTARY INFORMATION:**

**Background**

Section 304(d) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) authorizes and requires that NMFS collect cost recovery fees for limited access privilege programs. Cost recovery fees include NMFS’ actual costs directly related to its management, data collection, and enforcement of the programs. Section 304(d) of the Magnuson-Stevens Act mandates that cost recovery fees not exceed 3 percent of the annual ex-vessel value of fish harvested under any program subject to

a cost recovery fee and that the fee be collected either at the time of landing, filing of a landing report, or sale of such fish during a fishing season or in the last quarter of the calendar year in which the fish is harvested.

NMFS manages the PCTC Program as a limited access privilege program. On August 8, 2023, NMFS published a final rule to implement this Program (88 FR 53704). The PCTC Program allocates total allowable catch (TAC) of Pacific cod to trawl catcher vessels and processors in the Bering Sea and Aleutian Islands area (BSAI). Participants in the PCTC Program must form a cooperative and associate with a processor. The PCTC Program includes a process for calculating and administering cost recovery fees under 50 CFR 679.135. The annual PCTC Program cost recovery process builds on other existing cost recovery requirements implemented under other programs. The fee liability is based on the ex-vessel value of fish harvested in the PCTC Program. Each year, the Regional Administrator publishes a notice announcing the fee percentage in the **Federal Register** and sends invoices to cooperatives before July 31.

Each PCTC Program cooperative is responsible for payment of the cost recovery fee assessed on Pacific cod landed under the PCTC Program. Each cooperative must submit any cost recovery fee liability payment(s) no later than August 31. The total dollar amount of the fee due is determined by multiplying the NMFS published fee percentage by the annual ex-vessel value of Cooperative Quota (CQ) landings under the Program, as described in this notice.

Failure to pay cost recovery fee liabilities by August 31st will result in NMFS disapproval of a cooperative’s application to transfer CQ or issue a CQ permit the following year until full payment of the fee liability is received
