

important element of this legislation and ACA has established a Prevention and Public Health Fund (PPHF) for this purpose. Specifically, the legislation states in Section 4002 that the PPHF is to “provide for expanded and sustained national investment in prevention and public health programs to improve health and help restrain the rate of growth in private and public sector health care costs.” ACA and the Prevention and Public Health Fund make improving public health a priority with investments to improve public health.

The PPHF states that the Secretary shall transfer amounts in the Fund to accounts within the Department of Health and Human Services to increase funding, over the fiscal year 2008 level, for programs authorized by the Public Health Service Act, for prevention, wellness and public health activities including prevention research and health screenings, such as the Community Transformation Grant Program, the Education and Outreach Campaign for Preventative Benefits, and Immunization Programs.

ACA legislation affords an important opportunity to advance public health across the lifespan and to reduce health disparities by supporting an intensive community approach to chronic disease prevention and control. Therefore, increasing funding available to applicants under this FOA using the PPHF to continue monitoring the effectiveness of vaccines is consistent with the purpose of the PPHF, as stated above, to provide for an expanded and sustained national investment in prevention and public health programs. Further, the Secretary allocated funds to

CDC, pursuant to the PPHF, for the types of activities this FOA is designed to carry out.

Dated: March 25, 2011.

Tanja Popovic,
Deputy Associate Director for Science,
Centers for Disease Control and Prevention.

[30-Day-11-10HC]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

HIV/AIDS Awareness Day Programs—New—National Center for HIV/AIDS, Viral Hepatitis, STD, and Tuberculosis Prevention (NCHHSTP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

CDC is requesting OMB approval to administer surveys to respondents who plan HIV/AIDS day awareness activities during the next 3 years. The name and dates for the annual HIV/AIDS awareness day campaigns are: National Black HIV Awareness Day—February 7th; National Native HIV/AIDS Awareness Day—March 20th; National Asian and Pacific Islander HIV/AIDS Awareness Day—May 19th; and National Latino AIDS Awareness Day—October 15th. The purpose of the surveys is to assess the number and types of HIV/AIDS prevention activities planned and implemented in observance of each of the four noted HIV/AIDS awareness day campaigns.

After the date that each campaign occurs, the event planners will be asked to respond to a computer-based survey to collect qualitative data. They will go to the designated websites to review information about the campaigns and go to the section that allows them to enter information about their particular event. For example, the event planners will be asked to note the kind of events that they planned. The survey results are necessary to understand how and where HIV/AIDS awareness activities are planned and implemented.

These survey results will provide important information that will be used to develop HIV/AIDS prevention activities. The computer-based surveys take up to one hour. The surveys and interviews are one-time only and will not require a follow-up. There is no cost to the respondents other than their time. The estimated annualized burden hours are 375.

ESTIMATED ANNUALIZED BURDEN HOURS

Respondents	Form name	Number of respondents	Responses per respondent	Average burden per response (in hours)
African-American HIV/AIDS awareness day activity planners.	National Black HIV/AIDS Awareness Day Evaluation Report.	200	1	1
Asian and Pacific Islander HIV/AIDS awareness day activity planners.	National Asian & Pacific Islander HIV/AIDS Awareness Day Evaluation Report.	15	1	1
Latino HIV/AIDS awareness day activity planners.	National Latino AIDS Awareness Day Evaluation Report.	125	1	1
Native HIV/AIDS awareness day activity planners.	National Native HIV/AIDS Awareness Day Evaluation Report.	35	1	1

Daniel Holcomb,

Reports Clearance Officer, Centers for Disease Control and Prevention.

BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Notice of Intent To Award Supplemental Affordable Care Act Funding

Notice of Intent to award supplemental Affordable Care Act funding to support enhancement of an existing laboratory fellowship training program through funding opportunity CDC-RFA-HM10-1001, "APHL-CDC Partnership for Quality Laboratory Practice" cooperative agreement.

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: This notice provides public announcement of CDC's intent to use Affordable Care Act (ACA) appropriations to expand the Emerging Infectious Diseases (EID) Laboratory Fellowship Program currently supported through Funding Opportunity CDC-RFA-HM10-1001, "APHL-CDC Partnership for Quality Laboratory Practice." Funding is appropriated under the Affordable Care Act (Pub. L. 111-148), Title IV, Section 4002 (Prevention and Public Health Fund). In addition, Under Section 5314, Fellowship Training in Public Health (Part E of title VII of the Public Health Service Act (42 U.S.C. 294n *et seq.*, as amended by section 5206, is further amended by Sec. 778), CDC is authorized to expand existing fellowship training programs in the critical areas of applied public health epidemiology, public health laboratory science and public health informatics. The CFDA Number for this funding opportunity is 93.065.

CDC will add the following ACA Authority to that which is reflected in the published Funding Opportunity CDC-RFA-HM10-1001:

Authority: Funding is appropriated under the Affordable Care Act (Pub. L. 111-148), Title IV, Section 4002 (Prevention and Public Health Fund). In addition, Under Section 5314, Fellowship Training in Public Health (Part E of title VII of the Public Health Service Act (42 U.S.C. 294n *et seq.*, as amended by section 5206, is further amended by Sec. 778), CDC is authorized to expand existing fellowship training programs in the

critical areas of applied public health epidemiology, public health laboratory science and public health informatics.

Reporting Requirements

Recipients of the ACA funds through this funding opportunity are required to comply with the reporting requirements, terms and conditions set forth in the published version of Funding Opportunity CDC-RFA-HM10-1001.

Award Information:

Type of Award: Cooperative Agreement.

Approximate Current Fiscal Year Funding: \$1,000,000 in Affordable Care Act (ACA) Funding.

Anticipated Number of Awards: 1.

Anticipated Award Date: July 1, 2011.

Fiscal Year Funds: 2011.

DATES: The effective date for this action is April 12, 2011 and remains in effect until the expiration of the project period of the PPHF ACA funded application.

FOR FURTHER INFORMATION CONTACT:

Elmira Benson, Acting Deputy Director, Centers for Disease Control and Prevention, 2920 Brandywine Road, Atlanta, GA 30341, telephone (770) 488-2802, e-mail Elmira.Benson@cdc.gov.

SUPPLEMENTARY INFORMATION: On March 23, 2010, the President signed into law the Affordable Care Act (ACA), Public Law 111-148. ACA is designed to improve and expand the scope of health care coverage for Americans. Cost savings through disease prevention is an important element of this legislation and ACA has established a Prevention and Public Health Fund (PPHF) for this purpose. Specifically, the legislation states in Section 4002 that the PPHF is to "provide for expanded and sustained national investment in prevention and public health programs to improve health and help restrain the rate of growth in private and public sector health care costs." In addition, under Section 5314, Fellowship training in public health (Part E of title VII of the Public Health Service Act (42 U.S.C. 294n *et seq.*, as amended by section 5206, is further amended by Sec. 778), CDC is authorized to expand existing fellowship training programs in the critical areas of applied public health epidemiology, public health laboratory science and public health informatics. Supplemental ACA funding, as referenced in this notice, will enhance the work of national, state and local public health laboratories in the U.S. through expansion of the Emerging Infectious Diseases (EID) Laboratory Fellowship Program. The EID Fellowship, sponsored by the

Association of Public Health Laboratories (APHL) and CDC and funded through a cooperative agreement with APHL, trains and prepares scientists for careers in public health laboratories and supports public health initiatives related to infectious disease research. The program aims to promote quality public health laboratory practice, improve public health laboratory infrastructure, strengthen the public health laboratory system, and develop a well-trained public health laboratory workforce. Activities that promote the development of a well-trained public health laboratory workforce are outlined in section 10 of the cooperative agreement. Therefore, the programmatic activities CDC proposes to support with these ACA funds are consistent with the intent of the Affordable Care Act and Prevention and Public Health Fund (PPHF), Section 4002.

Dated: March 25, 2011.

Tanja Popovic,

Deputy Associate Director for Science, Centers for Disease Control and Prevention.

BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Advisory Committee to the Director (ACD), Centers for Disease Control and Prevention (CDC)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following meeting of the aforementioned committee.

Time and Date: 1 p.m.-3:05 p.m., April 28, 2011.

Place: The meeting will be held by teleconference. Please dial 877-930-8819 and enter code 1579739.

Status: Open to the public, limited only by the lines available. The public is welcome to participate during the public comment period. The public comment period is tentatively scheduled for 2:55 p.m. to 3 p.m.

Purpose: The committee will provide advice to the CDC Director on strategic and other broad issues facing CDC.

Matters to Be Discussed: The Advisory Committee to the Director will review and discuss recommendations and reports from two subcommittees and one workgroup. The Ethics Subcommittee will submit recommendations on Ethical Considerations for Non-communicable Disease Interventions as well as on Ethical Considerations for Decision Making Regarding Allocation of Mechanical Ventilators during a Severe
