

B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the ORD Docket is (202) 566-1752.

2. *Electronic Access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EDOCKET. You may use EDOCKET at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket identification number.

For public commenters, it is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA's electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to EPA's electronic public docket. Public comments that are mailed or delivered to the Docket will be scanned and placed in EPA's electronic public docket.

#### *B. How and To Whom Do I Submit Comments?*

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you

include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EDOCKET.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EDOCKET at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet home page, <http://www.epa.gov/>, select "Information Sources," "Dockets," and "EDOCKET." Once in the system, select "search," and then key in Docket ID No. ORD-2004-0021. The system is an anonymous access system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by electronic mail (e-mail) to [ORD.Docket@epa.gov](mailto:ORD.Docket@epa.gov), Attention Docket ID No. ORD-2004-0021. In contrast to EPA's electronic public docket, EPA's e-mail system is not an anonymous access system. If you send an e-mail comment directly to the docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.B.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send your comments to: U.S. Environmental Protection Agency, ORD Docket, EPA Docket Center (EPA/DC), Mailcode: 28221T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, Attention Docket ID No. ORD-2004-0021.

3. *By Hand Delivery or Courier.* Deliver your comments to: EPA Docket Center (EPA/DC), Room B102, EPA West Building, 1301 Constitution Avenue, NW., Washington, DC, Attention Docket ID No. ORD-2004-0021. (**Note:** This is not a mailing address). Such deliveries are only accepted during the docket's normal hours of operation as identified in Unit I.A.1.

Dated: December 22, 2004.

[60Day-05AT]

### **Proposed Data Collections Submitted for Public Comment and Recommendations**

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-371-5973 or send comments to Seleda Perryman, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an e-mail to [omb@cdc.gov](mailto:omb@cdc.gov).

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should

be received within 60 days of this notice.

### Proposed Project

Development of a Site Specific Evaluation Protocol for Outcome Measurement "New "Agency for Toxic Substances and Disease Registry (ATSDR).

ATSDR considers evaluation to be a critical component for enhancing program effectiveness and improving resource management. ATSDR's mandate under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, is to help prevent or reduce further exposures at hazardous waste sites and the illnesses that result from such exposures. A standardized methodology to monitor outcomes associated with agency intervention will provide the data needed for demonstrating effectiveness and efficiency as well as identifying areas for improvement.

ATSDR, in cooperation with our cooperative agreement partners, is developing a series of survey modules designed to measure individual attitudes, knowledge, behaviors, as well as mental and physical health self-assessments that may be influenced by health education and health promotion efforts conducted by the agency at hazardous waste sites. These modules will be used to determine knowledge improvements, attitude shifts, and behavior change following specific ATSDR program efforts and activities. The particular module used at a site will vary depending on the contaminant(s) of concern and education/health promotion actions undertaken. In addition, the timing of the data collection will vary depending on whether this is a new site or one that has been underway for some time. In general, for new sites or existing sites with new intervention efforts, we would aim for two data collections—baseline

and post-intervention. At existing sites where ATSDR interventions have been completed, we would collect data once—post-intervention.

Health education and promotion activities are conducted at approximately 250 sites annually. We estimate that 90% will have total exposed or potentially exposed populations of 10,000 or less, and we expect to survey up to 150 respondents at each site. At sites with exposed or potentially exposed populations of more than 10,000, we expect to survey up to 500 respondents at each site.

Using a standardized methodology and survey instrument to assess outcomes related to targeted intervention activities at hazardous waste sites will provide the agency with important feedback for program improvement. There will be no costs to respondents except for their time to participate in the survey.

ANNUALIZED BURDEN TABLE

Respondents	Number of sites annually	Number of respondents per site	Responses per respondent	Average burden per response (in hours)	Total annual burden hours
General Public at Existing Sites with Exposed Populations of 10,000 or Less .....	55	150	1	15/60	2,063
General Public at Existing Sites with New Interventions or New Sites with Exposed Populations of 10,000 or Less .....	170	150	2	15/60	12,750
General Public at Existing Sites with Exposed Populations of 10,000 or More .....	5	500	1	15/60	625
General Public at Existing Sites with New Interventions or New Sites with Exposed Populations of 10,000 or More .....	20	500	2	15/60	5,000
Total .....	.....	.....	.....	.....	20,438

Dated: December 23, 2004.

### Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the

Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-371-5978 or send comments to Sandi Gambescia, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an e-mail to [omb@cdc.gov](mailto:omb@cdc.gov).

*Comments are invited on:* (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information

on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

### Proposed Project

Fire Fighter Fatality Investigation and Prevention Program (FFFIPP)—NEW—The National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).

The Fire Fighter Fatality Investigation and Prevention Program (FFFIPP) addresses an important public health need to protect the lives of America's front line emergency responders, those whose job is to save lives and protect property. The FFFIPP was established in fiscal year 1998 in order to investigate the deaths and severe injuries that occur to fire fighters for the purpose of identifying high risk situations and to
