**SUPPLEMENTARY INFORMATION:** In December 2020, Congress passed the Nita M. Lowey Middle East Partnership for Peace Act (<https://www.usaid.gov/west-bank-and-gaza/documents/nita-m-lowey-middle-east-partnership-peace-act>), or MEPPA, with bipartisan support. The Act directs USAID and the U.S. International Development Finance Corporation (DFC), in coordination with the Department of State, to program \$250 million over five years to build the foundation for peaceful coexistence between Israelis and Palestinians through a new PPF, managed by USAID, and a Joint Investment Initiative, managed by the DFC.

MEPPA serves as a recognition that economic, social, and political connections between Israelis and Palestinians are the best way to foster mutual understanding and provide the strongest basis for a sustainable, two-state solution. USAID’s Middle East Bureau has been working with Congress, interagency colleagues, and partners in Israel, the West Bank, and Gaza to implement the Act. MEPPA also calls for the establishment of a board to advise USAID on the strategic direction of the PPF.

Composed of up to 15 members, the PPF Advisory Board includes development experts, private sector leaders and faith-based leaders who are appointed by members of Congress and the USAID Administrator. As stated in its charter (<https://www.usaid.gov/west-bank-and-gaza/documents/charter-partnership-peace-fund-advisory-board>), the Board’s role is purely advisory and possesses no enforcement authority or power to bind USAID. Duties of the Board and individual members are restricted to providing information and making recommendations to USAID on matters and issues relating to the types of projects USAID should seek to support in order to further the purposes of the People-to-People Partnership for Peace Fund and partnerships with foreign governments and international organizations to leverage the impact of the People-to-People Partnership for Peace Fund.

Chair: The Honorable George R. Salem

### Foreign Agricultural Service

*Title:* Export Sales of U.S. Agricultural Commodities.

*OMB Control Number:* 0551–0007.

*Summary of Collection:* The Export Sales of U.S. Agricultural Commodities is authorized by § 602 of the Agricultural Trade Act of 1978, as amended (7 U.S.C. 5712). The Export Sales of U.S. Agricultural Commodities requires the reporting of information pertaining to contracts for export sale of certain specified agricultural commodities that may be designated by the Secretary of Agriculture. U.S. exporters are required to report information on: (1) the quantity of a reportable commodity to be sold to a foreign buyer; (2) the country of destination; and (3) the marketing year of shipment. Data reported is aggregated and published in compilation form to protect business confidential information submitted.

The Export Sales Reporting and Maintenance System (ESRMS) was created after the large, unexpected purchase of U.S. wheat and corn by the Soviet Union in 1972. U.S. exporters are required to regularly report specific information on commodity shipments using ESRMS. The information reported is maintained by the exporters during the normal course of conducting business and is not an additional recordkeeping requirement for respondents.

*Need and Use of the Information:* The information collected under the Export Sales of U.S. Agricultural Commodities provides commodity market participants with information about commodity export commitments, and is one means by which USDA seeks to insure transparency, fairness, and soundness in commodity marketing. The information will be collected using FAS forms 97, 98, 99, and 100. If the information were collected less frequently or not at all, the Department would not be in compliance with the statutes and not fulfilling the objectives of the export sales reporting program.

*Description of Respondents:* All exporters of wheat and wheat flour, feed grains, oilseeds, cotton, rice, cattle hides and skins, beef, pork, and any products thereof, and other commodities that the Secretary may designate as produced in the United States.

*Number of Respondents:* 414.

*Frequency of Responses:* Reporting: Other: Varies.

*Total Burden Hours:* 62,355.
