SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C. App. (Pub. L. 92-463). The National Advisory Council (NAC) advises the Administrator of the Federal Emergency Management Agency (FEMA) on all aspects of emergency management. The NAC incorporates State, local, and Tribal governments, private sector, and nongovernmental partners' input in the development and revision of FEMA policies and strategies. FEMA's NAC Office serves as the focal point for all NAC coordination.

Agenda

The NAC will meet for the purpose of reviewing the progress and/or potential recommendations of the following NAC subcommittees: Preparedness and Protection, Response and Recovery, Public Engagement and Mission Support, and Federal Insurance and

Mitigation. The NAC will hold discussions on professionalism of emergency management, approaches for National Incident Management System (NIMS) Credentialing implementation, and the Public Assistance (PA) Bottom-Up Review.

The NAC plans to discuss implementation of the credentialing process. FEMA's "NIMS Guideline for the Credentialing of Personnel" describes the process and standards for validating personnel qualifications and providing authorization, so that those personnel may perform specific functions and have specific access to an incident involving mutual aid. The credentialing process entails the objective evaluation and documentation of an individual's current certification, license, or degree; training and experience; and competence or proficiency to meet nationally accepted standards, provide particular services and/or functions, or perform specific

tasks under specific conditions during an incident.

The NAC will discuss and take comment on the Bottom-Up Review. FEMA is currently performing a Bottom-Up Review to identify changes to improve the effectiveness and efficiency of the PA program. FEMA is approaching the Bottom-Up Review as an opportunity to re-evaluate the PA Program in its entirety and will consider new concepts for the operation of the PA Program, consistent with the FEMA's statutory authorities. FEMA's goal is to formulate and implement changes to the PA Program to provide grantees and subgrantees with the greatest flexibility possible in the use of PA funding, while ensuring program effectiveness and accountability for taxpayer dollars and compliance with Federal statutes and requirements.

Finally, the NAC may receive updates from FEMA offices regarding response, recovery, preparedness, and on the Regional Advisory Councils.

Dated: April 19, 2011.

W. Craig Fugate,

Administrator, Federal Emergency Management Agency.
