This reporting structure features electronic posting of construction job opportunities on an Internet job banks site with national coverage, posting job opportunities on several state workforce agency job banks, and documentation of worker recruitment results reports that will be submitted to the Guam Department of Labor (GDOL). All data collection and reporting will be done by military base construction contractors, and the data and recruitment results in a report that will be submitted to the GDOL. These recruitment requirements will help fulfill the responsibilities assigned to the Secretary of Labor in the provisions of the NDAA of 2010 and will increase employment opportunities for U.S. construction workers.
