

plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Ms. Mikia P. Currie, Office of Policy for Extramural Research Administration, 6705 Rockledge Drive, Suite 350, Bethesda, Maryland 20892, or call a non-toll-free number 301-435-0941 or Email your request, including your address to

ProjectClearanceBranch@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 requires: Written comments and/or suggestions from the public and affected agencies are invited to address one or more of the following points: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: Audience Feedback to Inform Ongoing Messaging and Strategies for "Combat COVID"

Type of Collection: Emergency.

OMB No. 0925-NEW—Federal COVID Response

Abstract: The Federal COVID Response (FCR) Team is a cross-agency

partnership that includes the U.S. Department of Health and Human Services (HHS), including the National Institutes of Health (NIH) Office of the Director, Centers for Disease Control and Prevention (CDC), the U.S. Food and Drug Administration (FDA), the Biomedical Advanced Research and Development Authority (BARDA), and the U.S. Department of Defense (DOD). The FCR Team oversees the "Combat COVID" initiative—a multifaceted effort to provide the general public and healthcare providers with the latest evidence-based information on COVID-19 treatments and the Accelerating COVID-19 Therapeutic Interventions and Vaccines (ACTIV) clinical trials (including the *combatcovid.hhs.gov* website). The NIH is especially interested in recruiting participants from groups who have historically been underrepresented in clinical trials. Together with their contractor, the FCR Team is working to:

- Address participation barriers and raise awareness of ACTIV clinical trials, and
- Ensure the general public's and health care provider's needs are met as it pertains to evidence-based information on these trials.

The purpose of the information collection is to collect routine feedback from the Combat COVID Initiative's two target audiences (the general public and healthcare providers) to identify evolving needs and better disseminate relevant information relates to COVID-19 treatment and ACTIV clinical trial

resources. Because the COVID-19 treatment landscape continues to evolve and audience needs continue to change, it is critical for the FCR Team to collect routine feedback from the general public (especially from groups who have not historically been well-represented in clinical trials) and healthcare providers to identify these evolving needs. By understanding evolving needs, the FCR team will be able to properly develop and broadly disseminate relevant COVID-19 treatment and ACTIV clinical trial resources. This effort will require ongoing data collection over the next 20 months (through the end of December 2022).

Data collected through this effort will be used to inform the development and broad dissemination of Combat COVID resources, including new or enhanced messages, materials and/or web pages (*combatcovid.hhs.gov*).

The team will employ two strategies to collect this routine audience feedback:

1. **DATA COLLECTION STRATEGY 1:** Monthly 60-minute virtual audience feedback teams sessions (focus groups, in-depth interviews, online bulletin boards) for rapid testing of new Combat COVID messages, concepts, ideas, resources, web pages, and materials.

2. **DATA COLLECTION STRATEGY 2:** 15-minute custom web surveys to understand target audiences' needs and awareness of Combat COVID over time, and to inform ongoing messages and strategies.

ESTIMATED ANNUALIZED BURDEN TABLE

Type of respondent	Number of respondents	Number responses per respondent	Average burden per response (in hours)	Total burden hours
Consumer Audience Feedback Team Screener (Attachment 1)	120	1	5/60	10
HCP Audience Feedback Team Screener (Attachment 2)	40	1	5/60	3
Consumer Audience Feedback Activity (Attachments 3 & 5)	60	12	1	720
HCP Audience Feedback Activity (Attachments 4 & 5)	20	12	1	240
Benchmark & Follow-Up Web Surveys—Consumer Audience (Attachment 6)	2,000	5	15/60	2,500
Benchmark & Follow-Up Web Survey—HCP Audience (Attachment 6)	300	5	15/60	375
Total	2,540	12,620	3848

Dated: May 20, 2021.

Lawrence A. Tabak,

Principal Deputy Director, National Institutes of Health.

National Institutes of Health

National Institute of Allergy and Infectious Diseases; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as

amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning

individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Allergy and Infectious Diseases Special Emphasis Panel; Cohort Studies To Improve Our Understanding of Influenza Immunity, Vaccine Response and Effectiveness in Older Adults (65 years and older) (U01 Clinical Trial Not Allowed).

Date: July 9, 2021.

Time: 10:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institute of Allergy and Infectious Diseases, National Institutes of Health, 5601 Fishers Lane, Room 3G42, Rockville, MD 20892 (Virtual Meeting).

Contact Person: Sandip Bhattacharyya, Ph.D., Scientific Review Officer, Scientific Review Program, Division of Extramural Activities, National Institute of Allergy and Infectious Diseases, National Institutes of Health, 5601 Fishers Lane, Room 3G43, Rockville, MD 20852, (240) 292-0189, sandip.bhattacharyya@nih.gov.
