

SUPPLEMENTARY INFORMATION: The Board is an advisory committee established in accordance with the provision of the Federal Advisory Committee Act (FACA), 5 U.S.C. ch. 10. The purpose of the Board is to review annually the programs of the Academy and advise the FEMA Administrator on the operation of the Academy and any improvements therein that the Board deems appropriate. In carrying out its responsibilities, the Board examines Academy programs to determine whether these programs further the basic missions approved by the FEMA Administrator, examines the physical plant of the Academy to determine the adequacy of the Academy's facilities, and examines funding levels for Academy programs. The Board submits a written report through the United States Fire Administrator to the FEMA Administrator annually. The report provides detailed comments and recommendations regarding the Academy's operations.

Individuals interested in serving on the Board are invited to apply for consideration for appointment. There is no application form; however, a current resume and statement of interest will be required. The appointment shall be for a term of up to three years. Individuals selected for the appointment shall serve as Special Government Employees (SGEs), defined in section 202(a) of title 18, United States Code. Appointments may impact the ability to receive certain federal contracts. Candidates selected for the appointment will be required to complete a Confidential Financial Disclosure Form (U.S. Office of Government Ethics (OGE) Form 450) every year and receive yearly ethics training from the Component Ethics Office.

The Board shall meet as often as needed to fulfill its mission, but not less than twice each fiscal year to address its objectives and duties. The Board will meet in person at least once each fiscal year with additional meetings held via teleconference. Board members may be reimbursed for travel and per diem incurred in the performance of their duties as members of the Board. All travel for Board business must be approved in advance by the Designated Federal Officer. To the extent practical, Board members shall serve on any subcommittee that is established.

In order for the Department to fully leverage the broad-ranging experience and education, the Board must be diverse with regard to professional and technical expertise. The Department is committed to pursuing opportunities, consistent with applicable law, to

compose a Committee that reflects the diversity of the Nation's people.

Current DHS employees, contractors, and potential contractors will not be considered for membership. Federally registered lobbyists will not be considered for appointments.

Eriks Gabliks,

*Superintendent, National Fire Academy,
United States Fire Administration, Federal
Emergency Management Agency.*

BILLING CODE 9111-74-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2024-0002; Internal Agency Docket No. FEMA-B-2416]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: Comments are to be submitted on or before June 12, 2024.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS

report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2416, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after

FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each

community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current

effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison. (Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Nicholas A. Shufro,

Deputy Assistant Administrator for Risk Management, Federal Emergency Management Agency, Department of Homeland Security.

Community	Community map repository address
Oklahoma County, Oklahoma and Incorporated Areas Project: 13-06-0690S Preliminary Date: June 28, 2023	
City of Edmond	Engineering Department, 2824 Progressive Drive, Edmond, OK 73034.
City of Oklahoma City	Public Works Department, 420 West Main Street, Suite 700, Oklahoma City, OK 73102.
Town of Arcadia	Town Hall, 217 North Main Street, Arcadia, OK 73007.
