[Docket ID DoD-2022-OS-0015]

Privacy Act of 1974; System of Records

AGENCY: Defense Media Activity, Department of Defense (DoD).

ACTION: Notice of a modified system of records notice.

SUMMARY: In accordance with the Privacy Act of 1974, the DoD is modifying the system of records entitled, AFNConnect (AFNC) and AFN Now, DPA 02. The American Forces Network (AFN) services consists of two web-based automated information systems. The systems are used to document the eligibility and continued validation of authorized individuals who register an AFN-capable satellite decoder and/or access AFN Over the Top (OTT) Live Streaming and Video on Demand (VOD) Services via the AFNC and AFN Now applications. The AFN provides U.S. military commanders worldwide with a means to communicate internal information to DoD and other Federal agency audiences stationed outside of the United States, its territories or possessions. Records may also be used as a management tool for statistical analysis, tracking, reporting, and evaluating program effectiveness.

DATES: This system of records is effective upon publication; however, comments on the Routine Uses will be

accepted on or before February 28, 2022. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <https://www.regulations.gov>.

Follow the instructions for submitting comments.

* *Mail:* DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Ms. Gail Jones, Defense Media Activity, Privacy Officer, 6700 Taylor Avenue, Fort Meade, MD 20755-2253, or by phone at (301) 222-6040.

SUPPLEMENTARY INFORMATION:

I. Background

This modification incorporates the AFN Now platform, the new AFN OTT service, into the document and codifies the audience member authentication requirement for both the AFN Connect and AFN Now platforms. This change will authorize AFN to extend eligibility authentication procedures and processes to both fielded platforms. If the change is not implemented the AFN Now OTT service cannot operate as there would be no means to verify the eligibility of the individuals attempting to access the content residing on the platform. Subject to public comment, the DoD proposes to update this SORN to add the standard DoD routine uses (routine uses A through J) and to allow for additional disclosures outside DoD related to the purpose of this system of records. Additionally, the following sections of this SORN are being modified as follows: (1) System Name in order to combine AFNConnect and AFN Now under one system of records notice (SORN); (2) System Location to add a phone number and to account for one system location; (3) Purpose of the System to improve clarity; (4) Categories of Individuals Covered by the System and Categories of Records to clarify how the records relate to the revised Category of Individuals; (5) Record

Source Categories to improve clarity; (6) Routine Uses to align with DoD's standard routine uses; (7) Policies and Practices for Storage of Records to improve clarity; (8) Administrative, Technical, and Physical Safeguards to update the individual safeguards protecting the personal information; and (9) Record Access, Notification, and Contesting Record Procedures, to reflect the need for individuals to identify the appropriate DoD office or component to which their request should be directed and to update the appropriate citation for contesting records. Furthermore, this notice includes non-substantive changes to simplify the formatting and text of the previously published notice.

DoD SORNs have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency (OATSD(PCLT)) Privacy, Civil Liberties, and FOIA Directorate website at <https://dpcl.d.defense.gov/privacy>.

II. Privacy Act

Under the Privacy Act, a "system of records" is a group of records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In accordance with 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) Circular No. A-108, OATSD(PCLT) has provided a report of this system of records to the OMB and to Congress.
