Agency: U.S. Census Bureau.

Title: Current Population Survey, Annual Social and Economic Survey.
OMB Control Number: 0607–0354.

Form Number(s): None.

Type of Request: Regular submission, Request for Non-Substantive Change to a Currently Approved Information Collection.

Number of Respondents: 78,000.

Average Hours per Response: 25 minutes.

Burden Hours: 32,500.

Needs and Uses: Information on work experience, personal income, noncash benefits, current and previous year health insurance coverage, employer-sponsored insurance take-up, and migration is collected through the ASEC. The income data from the ASEC are used by social planners, economists, government officials, and market researchers to gauge the economic well-being of the country as a whole, and selected population groups of interest. This request is to add four questions to the ASEC. The added questions will assist researchers to evaluate the impact of governmental assistance programs on economic well-being, particularly for the Supplemental Poverty Measure (SPM).

- If children in the household are reported to have received school meals, a new follow-up question asks:

- Did your children continue receiving free/reduced price meals through your school or school district if schools were closed during the Coronavirus-COVID–19 pandemic?"

Given widespread school closings in response to the COVID–19 pandemic, many school districts have shifted to alternative ways to distribute free school meals to children. However, the ability for families to take up these programs likely varies in ways that cannot be uniformly predicted, so adding a follow-up question about receipt of school meals during school closures helps to improve data quality on the market value of these benefits.

- Three new questions regarding stimulus payments are added for all households.

- During 2020, did you or anyone receive any stimulus payments or payments received from the Department of the Treasury due to the Coronavirus Covid-19 pandemic?

- Who was the stimulus payment for?

- What was the amount of the

stimulus payment you received for all covered adults and children in the household?

Stimulus payment information will allow researchers to estimate the

amount of such payments received by households. The coronavirus stimulus payments disbursed in 2020 were based on income from 2018 or 2019, making it nearly impossible to model with only the 2020 income. This information will provide accurate data on stimulus payments received to properly estimate after-tax income for the SPM.

Affected Public: Individuals or households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, Sections 141, and 182; and Title 29, United States Code, Section 2 authorize the Census Bureau to collect this information.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Foreign-Trade Zones Board

[B–62–2020]

Foreign-Trade Zone (FTZ) 266—Dane County, Wisconsin; Notification of Proposed Production Activity, Coating Place, Inc. (Pharmaceuticals), Verona, Wisconsin

Coating Place, Inc. (CPI) submitted a notification of proposed production activity to the FTZ Board for its facility in Verona, Wisconsin. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on October 16, 2020.

The applicant has submitted a separate application for FTZ designation at the company's facility under FTZ 266. The facility is used for the contract manufacturing of pharmaceutical

products. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status material and specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt CPI from customs duty payments on the foreign-status component used in export production. On its domestic sales, for the foreign-status material noted below, CPI would be able to choose the duty rate during customs entry procedures that applies to lasmiditan drug product intermediate (duty free). CPI would be able to avoid duty on foreign-status material which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material sourced from abroad is lasmiditan hemisuccinate active pharmaceutical ingredient (duty rate, 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is December 7, 2020.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482–1367.

Dated: October 21, 2020.

Andrew McGilvray,

Executive Secretary.
