*Title:* Permanency Innovations Initiative Evaluation: Phase I.

*OMB No.:* New collection.

*Description:* The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS) intends to collect data for an evaluation of the Permanency Innovations Initiative (PII). This 5-year initiative, funded by the Children's Bureau (CB) within ACF, is intended to build the evidence base for innovative interventions that enhance well-being and improve permanency outcomes for

particular groups of children and youth who are at risk for long-term foster care and who experience the most serious barriers to timely permanency.

Six grantees are funded to identify local barriers to permanent placement and implement innovative strategies that mitigate or eliminate those barriers and reduce the likelihood that children will remain in foster care for three years or longer. The first year of the initiative focused on clarifying grantees' target populations and intervention programs. In addition, evaluation plans were developed to support rigorous site-specific and cross-site studies to document the implementation and effectiveness of the grantees' projects and the initiative overall.

Data collection for the PII evaluation includes a number of components being launched at different points in time. The purpose of the current document is to request approval of data collection efforts needed for a first phase of data collection and to request a waiver for subsequent 60 day notices for later components of the evaluation. The first phase includes data collection for a

cross-site implementation evaluation and site-specific evaluations of two PII grantees (Washoe County, Nevada, and the State of Kansas) that will begin implementing interventions during the second year of the PII grant period. The second phase includes a cost evaluation and site-specific evaluations of four PII grantees expected to implement interventions in the third year of the PII grant period.

Data for the evaluations will be collected through: (1) Direct assessment of caregivers; (2) service providers' clinical assessments of children and families; (3) interviews and focus groups with grantee staff during site visits and through telephone interviews; (4) web-based data collection from service providers and key informants; and (5) retrieval and submission of data from grantee data systems.

*Respondents:* Children and their parents or permanent or foster caregivers, caseworkers, supervisors, service providers, and key informants such as grantee project directors, data managers, and representatives of partner agencies.

*Title:* Protection and Advocacy (P&A) Voting Access Application and Annual Report.

*OMB No.:* 0970-0326.

*Description:* This is a revision to include the application for the previously cleared Help America Vote Act (HAVA) Annual report.

An application is required by Federal statute (the Help America Vote Act (HAVA) of 2002, Public Law 107-252, Section 291, Payments for Protection and Advocacy Systems, 42 U.S.C. 15461). Each State Protection & Advocacy (P&A) System must prepare an application in accordance with the program announcement. There is no application kit; the P&As application may be in the format of its choice. It must, however, be signed by the P&As Executive Director or the designated

representative, and contain the assurances as outlined under Part I. C. Use of Funds. The P&As designated representatives may signify their agreement with the conditions/assurances by signing and returning the assurance document Attachment B, found in Part IV of this Instruction. The assurance document signed by the Executive Director of the P&A, or other designated person, should be submitted with the application to the Administration on Developmental Disabilities.

An annual report is required by Federal statute (the Help America Vote Act (HAVA) of 2002, Public Law 107-252, Section 291, Payments for Protection and Advocacy Systems, 42 U.S.C. 15461). Each State Protection & Advocacy (P&A) System must prepare and submit an annual report at the end of every fiscal year. The report addresses the activities conducted with the funds provided during the year. The information from the annual report will be aggregated into an annual profile of how HAVA funds have been spent. The report will also provide an overview of the P&A goals and accomplishments and permit the Administration on Developmental Disabilities to track progress to monitor grant activities.

*Respondents:* Protection & Advocacy Systems—All States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, American Samoa, and Guam.
