Certain Oil Country Tubular Goods From the People's Republic of China: Notice of Amended Preliminary Determination of Sales at Less Than Fair Value

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* December 30, 2009.

SUMMARY: The Department of Commerce ("Department") has determined that it made certain significant ministerial errors in the preliminary determination of sales at less than fair value in the antidumping duty investigation of oil country tubular goods ("OCTG") from

the People's Republic of China ("PRC")¹ as described below in the "Supplementary Information" section of this notice. The Department has corrected those errors and has recalculated the antidumping duty margins for a mandatory respondent and for exporters eligible for a separate rate as shown below in the "Amended Preliminary Determination" section of this notice. As a result of a document conversion error, the version of this notice released to interested parties on December 4, 2009, omitted the name of an exporter/producer combination that is eligible for a separate rate² and inadvertently misidentified the name of a non-selected respondent, Qiqihaer Haoying Iron and Steel Co., Ltd. of Northeast Special Steel Group ("Qiqihaer"), a separate-rate applicant. This amended notice corrects this error. Because these errors were discovered prior to publication in the **Federal Register**, this amended preliminary determination is being published in place of the original version released on December 4, 2009.

FOR FURTHER INFORMATION CONTACT: Paul Stolz or Eugene Degnan, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4474, or 482-0414, respectively.

Scope of Investigation

The merchandise covered by the investigation consists of certain oil country tubular goods ("OCTG"), which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (e.g., whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute ("API") or non-API specifications, whether finished (including limited service OCTG products) or unfinished (including green tubes and limited service OCTG products), whether or not thread protectors are attached. The scope of the investigation also covers OCTG

coupling stock. Excluded from the scope of the investigation are casing or tubing containing 10.5 percent or more by weight of chromium; drill pipe; unattached couplings; and unattached thread protectors.

The merchandise covered by the investigation is currently classified in the Harmonized Tariff Schedule of the United States ("HTSUS") under item numbers: 7304.29.10.10, 7304.29.10.20, 7304.29.10.30, 7304.29.10.40, 7304.29.10.50, 7304.29.10.60, 7304.29.10.80, 7304.29.20.10, 7304.29.20.20, 7304.29.20.30, 7304.29.20.40, 7304.29.20.50, 7304.29.20.60, 7304.29.20.80, 7304.29.31.10, 7304.29.31.20, 7304.29.31.30, 7304.29.31.40, 7304.29.31.50, 7304.29.31.60, 7304.29.31.80, 7304.29.41.10, 7304.29.41.20, 7304.29.41.30, 7304.29.41.40, 7304.29.41.50, 7304.29.41.60, 7304.29.41.80, 7304.29.50.15, 7304.29.50.30, 7304.29.50.45, 7304.29.50.60, 7304.29.50.75, 7304.29.61.15, 7304.29.61.30, 7304.29.61.45, 7304.29.61.60, 7304.29.61.75, 7305.20.20.00, 7305.20.40.00, 7305.20.60.00, 7305.20.80.00, 7306.29.10.30, 7306.29.10.90, 7306.29.20.00, 7306.29.31.00, 7306.29.41.00, 7306.29.60.10, 7306.29.60.50, 7306.29.81.10, and 7306.29.81.50.

SUPPLEMENTARY INFORMATION:

Significant Ministerial Error

Pursuant to 19 CFR 351.224(e) and (g)(1), the Department is amending the preliminary determination of sales at less than fair value in the antidumping duty investigation of OCTG from the PRC to reflect the correction of significant ministerial errors it made in the margin calculations regarding

¹ See *Certain Oil Country Tubular Goods From the People's Republic of China: Notice of Preliminary Determination of Sales at Less Than Fair Value, Affirmative Preliminary Determination of Critical Circumstances and Postponement of Final Determination*, 74 FR 59117 (November 17, 2009) ("Preliminary Determination").

² The amended Preliminary Determination released to parties on December 4, 2009, inadvertently omitted the following exporter and producer combination: Exporter, Pangang Group Chengdu Iron & Steel; Producer, Pangang Group Chengdu Iron & Steel.

Tianjin Pipe (Group) Corporation (“TPCO”), a mandatory respondent, and in the name of a non-selected respondent, Qiqihaer Haoying Iron and Steel Co., Ltd. of Northeast Special Steel Group (“Qiqihaer”), a separate rate applicant. A ministerial error is defined as an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial. See 19 CFR 351.224(f). A significant ministerial error is defined as a ministerial error, the correction of which, singly or in combination with other errors, would result in (1) a change of at least five absolute percentage points in, but not less than 25 percent of, the weighted-average dumping margin calculated in the original (erroneous) preliminary determination or (2) a difference between a weighted-average dumping margin of zero or *de minimis* and a weighted-average dumping margin of greater than *de minimis* or vice versa. See 19 CFR 351.224(g).

Ministerial-Error Allegation

On November 17, 2009, the Department published its affirmative preliminary determination in this

proceeding. See *Preliminary Determination*. On November 13, 2009, Qiqihaer, a separate rate applicant, submitted a ministerial error allegation claiming that the Department did not name it in the *Preliminary Determination* as one of the exporters receiving a separate rate. On November 16, 2009, Maverick Tube Corporation and United States Steel Corporation (“Petitioners”) ³ submitted ministerial error allegations with respect to the margin calculations for TPCO in the *Preliminary Determination*, relating to certain conversion errors and surrogate value calculations. No other interested party submitted ministerial error allegations. The Department has reviewed its preliminary calculations and agrees that the errors which the parties alleged are significant ministerial errors within the meaning of 19 CFR 351.224(g). See the “Ministerial Error Memorandum, Certain Oil Country Tubular Goods from the People’s Republic of China, Preliminary Determination of Sales at Less Than Fair Value,” dated December 4, 2009, for a discussion of the ministerial error allegations. See Appendix I for a list of the ministerial error allegations.

We are publishing this amendment to the preliminary determination pursuant to 19 CFR 351.224(e). As a result of this

amended preliminary determination, we have revised the antidumping rate for TPCO and corrected Qiqihaer’s name in the list of exporters that received a separate rate.⁴ In addition, we have revised the separate rate based on TPCO’s revised dumping margin.

The collection of bonds or cash deposits and suspension of liquidation will be revised accordingly and parties will be notified of this determination, in accordance with section 733(d) and (f) of the Tariff Act of 1930, as amended, (“the Act”).

Effective Date

The effective date of the corrected name for Qiqihaer will be November 17, 2009, the date of publication of the *Preliminary Determination*. The effective date of the amended preliminary determination rate for TPCO and the separate rate recipients will be the date of publication of this amended preliminary determination in the **Federal Register**.

In addition, consistent with the *Preliminary Determination*, we will adjust, as appropriate, the remaining exporter's cash deposit rates for export subsidies determined in *Certain Oil Country Tubular Goods From the People's Republic of China: Preliminary Affirmative Countervailing Duty Determination, Preliminary Negative Critical Circumstances Determination*, 74 FR 47210 (September 15, 2009).

International Trade Commission Notification

In accordance with section 733(f) of the Act, we have notified the International Trade Commission ("ITC") of our amended preliminary determination. If our final determination is affirmative, the ITC will determine before the later of 120

This determination is issued and published in accordance with sections 733(f) and 777(I)(1) of the Act and 19 CFR 351.224(e).
