#### Covered Area

The area encompassed under the HCP and ITP application is a 0.33-acre parcel of property that contains 0.33 acres of suitable, currently undeveloped Florida Scrub-jay habitat. The Project area is located in Brevard County, Florida. The Florida Scrub-jay is geographically isolated from other species of scrub-jays found in Mexico and the western United States. The Florida Scrub-jay is found exclusively in peninsular Florida and is restricted to xeric uplands (predominately in oak-dominated scrub).

#### Next Steps

We will evaluate the ITP renewal application, including the existing HCP and any comments we receive, to determine whether the application meets the requirements of section 10(a)(1)(B) of the Act and our implementing regulations at 50 CFR 17.32(b). We will also evaluate whether reissuance of the section 10(a)(1)(B) ITP complies with section 7 of the Endangered Species Act by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in our final analysis to determine whether or not to issue the ITP. If we determine that the requirements are met, we will issue the ITP for the incidental take of the Florida Scrub-jay.

#### Authority

We provide this notice under section 10 of the Act (16 U.S.C. 1531 *et seq.*) and NEPA regulations (40 CFR 1506.6).

Dated: May 27, 2010.

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–475 and 731–TA–1177 (Preliminary)]

### Certain Aluminum Extrusions From China

#### Determinations

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to sections 703(a) and 733(a) of the Tariff Act of 1930 (19 U.S.C. 1671b(a) and 1673b(a)) (the Act), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from China of certain aluminum extrusions, provided for in subheadings 7604.21, 7604.29, and 7608.20 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV) and subsidized by the Government of China.

#### Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce (Commerce) of affirmative preliminary determinations in the investigations under sections 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under sections 705(a) or 735(a) of the

Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

#### Background

On March 31, 2010, a petition was filed with the Commission and Commerce by the Aluminum Extrusions Fair Trade Committee<sup>2</sup> and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV and subsidized imports of certain aluminum extrusions from China. Accordingly, effective March 31, 2010, the Commission instituted countervailing duty investigation No. 701–TA–475 and antidumping duty investigation No. 731–TA–1177 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 6, 2010 (75 FR 17436). The conference was held in Washington, DC, on April 21, 2010, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on May 17, 2010. The views of the Commission are contained in USITC Publication 4153 (June 2010), entitled *Certain Aluminum Extrusion from China: Investigation*

<sup>2</sup> The Committee is comprised of the following members: Aerolite Extrusion Company, Youngstown, OH; Alexandria Extrusion Company, Alexandria, MN; Benada Aluminum of Florida, Inc., Medley, FL; William L.
