Office of English Language Acquisition, Language Enhancement, and Academic Achievement for Limited English Proficient Students; Overview Information; Foreign Language Assistance Program—Local Educational Agencies; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2008

[Catalog of Federal Domestic Assistance (CFDA) Number: 84.293B].

Dates: Applications Available: March 27, 2008.

Deadline for Notice of Intent to Apply: April 11, 2008.

Deadline for Transmittal of Applications: April 30, 2008.

Deadline for Intergovernmental Review: June 30, 2008.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Foreign Language Assistance Program (FLAP) provides grants to local educational agencies (LEAs) for innovative model programs providing for the establishment, improvement, or expansion of foreign language study for elementary and secondary school students. Under this competition, as required by the fiscal year 2008 Appropriations Act, 5-year grants will be awarded to LEAs to work in partnership with one or more institutions of higher education (IHEs) to establish or expand articulated programs of study in languages critical to United States national security in order to enable successful students to achieve a superior level of proficiency in those languages as they advance from elementary school through high school and college. In addition, an LEA that receives a grant under this program must use the funds to support programs that show the promise of being continued beyond the grant period and demonstrate approaches that can be disseminated to and duplicated in other LEAs. Projects supported under this program may also include a professional development component.

Priorities: This notice involves an absolute priority and four competitive preference priorities. The absolute priority is from Public Law 110-161, the Consolidated Appropriations Act of 2008, Division G, Title III, School Improvement Programs. In accordance with 34 CFR 75.105(b)(2)(iv), Competitive Preference Priorities #1 through #4 are from section 5493 of the Foreign Language Assistance Act of 2001 (20 U.S.C. 7259b).

Absolute Priority: For FY 2008, and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Sequential Study of Critical Languages

This priority supports projects to establish or expand articulated programs of study in foreign language learning that exclusively teach one or more of the following languages critical to United States national security—Arabic, Chinese, Korean, Japanese, Russian, and languages in the Indic, Iranian, and Turkic language families. Such programs must be designed to enable successful students to achieve a superior level of proficiency in those languages as they advance from elementary school through high school and college.

The following definitions apply to this priority:

(1) **Articulated program of study.** Each grade level of the elementary-school-through-college foreign language program is designed to expand sequentially on the achievement students have made in the previous level, with a goal of achieving a superior level of language proficiency.

(2) **Superior level of language proficiency.** A proficiency level of 3, as measured by the Federal Interagency Language Roundtable (ILR), achieved by a student.

Competitive Preference Priorities: For FY 2008, and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(ii) we give preference to an application that meets one or more of these priorities over an application of comparable merit that does not meet the priorities.

Note: There is no advantage to addressing all four competitive preference priorities. Creating a program around all four priorities may result in an unfocused program design. We give preference to applications describing programs that address any of these priorities.

These priorities are:

Competitive Preference Priority #1. Projects that include intensive summer foreign language programs for professional development.

Competitive Preference Priority #2. Projects that link non-native English speakers in the community with the schools in order to promote two-way language learning.

Competitive Preference Priority #3. Projects that make effective use of

technology, such as computer-assisted instruction, language laboratories, or distance learning, to promote foreign language study.

Competitive Preference Priority #4. Projects that promote innovative activities, such as foreign language immersion, partial foreign language immersion, or content-based instruction.

Waiver of Proposed Rulemaking:

Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on rules. Section 437(d)(1) of the General Education Provisions Act (GEPA), however, allows the Secretary to exempt from rulemaking rules governing the first grant competition under a new or substantially revised program authority. This program was substantially revised by Public Law 110–161, the Consolidated Appropriations Act of 2008, Division G, Title III, School Improvement Programs and, therefore, qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forgo public comment under section 437(d)(1) of GEPA on the absolute priority and definitions in this notice. The absolute priority and definitions will apply to the FY 2008 grant competition only.

Program Authority: 20 U.S.C. 7259a–7259b and Public Law 110–161, the Consolidated Appropriations Act of 2008, Division G, Title III, School Improvement Programs.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 84, 85, 97, 98 and 99.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: \$2,360,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2009 from the list of unfunded applicants from this competition.

Estimated Range of Awards: \$100,000–\$300,000.

Estimated Average Size of Awards: \$200,000.

Estimated Number of Awards: 12.

Note: The Department is not bound by any estimates in this notice.

Project Period: 60 months.

Applications that request funding for a project period of other than 60 months will be deemed ineligible and will not be read.

III. Eligibility Information

1. **Eligible Applicants:** LEAs, including charter schools that are considered LEAs under State law, in partnership with one or more institutions of higher education.

2. **Cost Sharing or Matching:** Section 5492(c)(2) of the Foreign Language Assistance Act of 2001 (20 U.S.C. 7259a(c)) requires that the Federal share of a project funded under this program for each fiscal year be 50 percent. For example, an LEA requesting \$100,000 in Federal funding for its foreign language program each fiscal year must match that amount with \$100,000 of non-Federal funding for each year. Section 80.24 of EDGAR addresses Federal cost-sharing requirements.

If an LEA does not have adequate resources to pay the non-Federal share of the cost, a waiver may be requested. An LEA may request a waiver of part or all of the matching requirement. The waiver request should be submitted by letter to the Secretary of Education and included in the application. An authorized representative of the school district, such as the Superintendent of Schools, should sign the letter. Further information on submitting a waiver request is included in the application package.

The request for waiver should—

- Provide an explanation, supported with appropriate documentation, of the basis for the LEA's position that it does not have adequate resources to pay the non-Federal share of the cost of the project.
- Specify the amount, if any, of the non-Federal share that the LEA can pay.

We recommend that LEAs that are unable to provide the required level of non-Federal support for their project provide as much non-Federal support as possible.

a. Electronic Submission of Applications

To comply with the President's Management Agenda, we are participating as a partner in the Governmentwide Grants.gov Apply site. The Foreign Language Assistance Program, CFDA Number 84.293B, is included in this project. We request your participation in Grants.gov.

If you choose to submit your application electronically, you must use the Governmentwide Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

You may access the electronic grant application for the Foreign Language Assistance Program at <http://www.Grants.gov>. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.293, not for 84.293B).

Please note the following:

- Your participation in Grants.gov is voluntary.
- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.
- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.
- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.
- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>). You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take

five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you submit your application in paper format.

- If you submit your application electronically, you must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms—the SF 424 and the Department of Education Supplemental Information for SF 424—have replaced the ED 424 (Application for Federal Education Assistance).

- If you submit your application electronically, you must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues With the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact either person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

V. Application Review Information

1. *Selection Criteria:* The Secretary evaluates an application by determining how well the proposed project meets the

following selection criteria. The selection criteria for this program are from 34 CFR 75.210 of EDGAR. Applicants are not required to address the criteria as outlined in the *Notes*. However, the *Notes* we have included are guidance to assist applicants in understanding each criterion as they prepare their applications and are not required by statute or regulation. In addressing each criterion, applicants are encouraged to make explicit connections to relevant aspects of the Purpose of the Program including the Absolute Priority as described in section I of this notice. The maximum score for all of these criteria is 100 points. The maximum score for each criterion is indicated in parentheses.

(a) *Need for project.* (5 points)

The Secretary considers the need for the proposed project. In determining the need for the proposed project, the Secretary considers the following factor:

(1) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses.

Notes for (a) Need for project: The Secretary encourages applicants to describe current characteristics of the LEA and targeted schools, including the specific foreign languages offered and, for each foreign language offered, the number of students enrolled in classes, grade levels served or, in the case of secondary education, the course levels served; the number of schools providing instruction; the type of foreign language instructional model provided; and, the minutes of instruction per day and number of days per week.

Applicants are also encouraged to address how the proposed project will increase enrollment in critical foreign languages during the course of the grant by adding languages, adding grades or course levels, recruiting students, and expanding to additional schools. Finally, applicants are encouraged to describe how the proposed project will improve instruction by hiring highly qualified teachers, improving teacher skills through professional development, expanding the curriculum, and increasing the minutes of instruction per day or week.

(b) *Quality of the project design.* (60 points)

The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

(1) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.

(2) The extent to which the design for implementing and evaluating the

proposed project will result in information to guide possible replication of project activities or strategies, including information about the effectiveness of the approach or strategies employed by the project.

(3) The extent to which the proposed project is designed to build capacity and yield results that will extend beyond the period of Federal financial assistance.

(4) The extent to which the design of the proposed project reflects up-to-date knowledge from research and effective practice.

(5) The extent to which the proposed project will establish linkages with other appropriate agencies and organizations providing services to the target population.

(6) The extent to which the proposed project is part of a comprehensive effort to improve teaching and learning and support rigorous academic standards for students.

Notes for (b) Quality of the project design—factors 1 through 6: The Secretary encourages applicants to address the factors under this criterion by discussing the extent to which the proposed project addresses key components of project design, such as measurable objectives for all Government Performance and Results Act (GPRA) measures, including measures of improved student foreign language proficiency and expected student achievement. Further, the applicant is encouraged to describe the extent to which the proposed project will use its ambitious project objectives and will ensure that they are challenging, raise expectations, provide ways for students to demonstrate progress, and are specific to each year served by the grant. Finally, the applicant is encouraged to describe the extent to which performance guidelines for K–12 students are incorporated by targeting the student proficiency level of Advanced, as measured by the American Council on the Teaching of Foreign Languages (ACTFL), for students exiting the K–12 program.

The Secretary encourages applicants to discuss their plans to develop and implement an articulated curriculum with minimal content repetition, so that students in the project will, when they graduate from high school, have the skills needed to achieve a superior level of proficiency by the end of an undergraduate program.

The Secretary encourages applicants to address the extent to which the proposed project describes how it will disseminate its innovative model and best practices for duplication by other LEAs.

The Secretary encourages applicants to describe the specific assessments to be used or, if assessments are not available, how assessments will be developed and how assessment results will be used to inform decisions on instruction and articulation.

The Secretary encourages applicants to describe a plan to carry out activities under the grant as part of their required partnership with one or more IHEs, including how each member will be involved in the planning,

development, and implementation of the project; the resources to be provided by each partner; the rationale for selecting the partner(s); the specific activities that the partner(s) will contribute to the grant during each year of the project; and the identity of each member of the partnership, including contact information, with a one-page letter of commitment from the partner(s) in an appendix to the application narrative.

The Secretary encourages applicants to address the commitment of partner(s) to building local capacity so that the program will be institutionalized and sustained after Federal funds are expended.

The Secretary encourages applicants to discuss the overall project model, its key components, and the degree to which the model's key components are based on sound research and practice.

The Secretary encourages applicants to include evidence of how they will establish linkages with the State educational agency, foreign language organizations, community-based organizations, and the heritage communities of the target language(s) in order to support the program. Further, the Secretary encourages applicants to address the extent to which the proposed project encourages parental involvement.

Finally, the Secretary encourages applicants to include information on how they will use State and national standards for foreign language learning (including standards related to communication, cultures, connections, comparisons, and communities) as a framework for teaching and learning.

(c) *Quality of project personnel.* (10 points)

The Secretary considers the quality of the personnel who will carry out the proposed project. In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. In addition, the Secretary considers the following factors:

(1) The qualifications, including relevant training and experience, of the project director.

(2) The qualifications, including relevant training and experience, of key project personnel.

Note for (c) Quality of project personnel—factors 1 and 2: The Secretary encourages applicants to address the factors under this criterion by including position descriptions (not resumes) for the project director and other key personnel. Further, the applicant is encouraged to describe the qualifications, including relevant training and experience, of current district employees who will be teaching critical languages, and, if applicable, how the proposed project plans to recruit highly qualified teachers of critical languages. Finally the applicant is encouraged to include the qualifications,

including relevant training and experience, of other key project personnel and consultants.

(d) *Quality of the management plan.* (10 points)

The Secretary considers the quality of the management plan for the proposed project. In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(1) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.

(2) The extent to which the time commitments of the project director and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

Notes for (d) Quality of the management plan—factors 1 and 2: Section 75.112 of EDGAR requires an applicant to include a narrative that describes how and when, in each budget period of the project, the applicant plans to meet each project objective. The Secretary encourages applicants to address the factors under this criterion by including in this narrative a clear, well thought-out implementation plan that includes annual timelines, key project milestones, a schedule of activities with sufficient time for developing an adequate implementation plan, and the persons responsible for each management activity. The Secretary encourages applicants to include the percentage of time the project director, partner staff, consultants, and other key personnel will spend on the project. Finally, each applicant is encouraged to address this criterion by describing the roles of the LEA and its IHE partner(s) in each phase of the proposed project.

(e) *Quality of the project evaluation.* (15 points)

The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers the following factors:

(1) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.

(2) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the project and will produce quantitative and qualitative data to the extent possible.

(3) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

Notes for (e) Quality of the project evaluation—factors 1 through 3. A strong

evaluation plan should be included in the application narrative and should be used, as appropriate, to shape the development of the project from the beginning of the grant period. The plan should include benchmarks to monitor progress toward specific project objectives and also outcome measures to assess the impact on teaching and learning or other important outcomes for project participants. More specifically, the plan should identify the individual or organization that has agreed to serve as evaluator for the project and describe the qualifications of that evaluator. The applicant is encouraged to describe how it will select an independent, objective evaluator who has experience in evaluating foreign language programs and who will play an active role in the design and development of the project. The plan should describe the evaluation design, indicating: (1) What types of data will be collected; (2) when various types of data will be collected; (3) what methods will be used; (4) what instruments will be developed and when; (5) how the data will be analyzed; (6) when reports of results and outcomes will be available; and (7) how the applicant will use the information collected through the evaluation to monitor progress of the funded project and to provide accountability information both about success at the initial site and effective strategies for replication in other settings. Applicants are encouraged to devote an appropriate level of resources to project evaluation.

The Secretary encourages applicants to address the factors under this criterion by describing how the evaluation plan is aligned with the goals, objectives and activities described in the Quality of Project Design criterion. In addition, each applicant is encouraged to provide how each objective will be evaluated and when the applicant will collect, analyze, and report quantitative and qualitative data. (The specific performance measures established for the overall Foreign Language Assistance Program are discussed under *Performance Measures* in section VI of this notice.) Grantees are required to submit annual performance reports for each of the first four years of the grant and a final evaluation at the end of the fifth year. Further, the Secretary encourages applicants to address this criterion by describing how they will monitor progress toward specific project objectives and outcome measures, in order to assess the impact on teaching and learning or other important project outcomes. Each applicant is encouraged to describe how it will monitor progress in meeting annual targets established for project objectives, as well as for the GPRA measures.

The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

5. *Performance Measures:* In response to the Government Performance and Results Act (GPRA), the Department developed three objectives for evaluating the overall effectiveness of the Foreign Language Assistance Program (FLAP) LEA program.

Objective 1: To expand foreign language study for students served by FLAP.

Measure 1.1 of 2: The number of students participating in foreign language instruction in the target language(s) in the schools served by FLAP.

Measure 1.2 of 2: The number of minutes of foreign language instruction in the target language(s) provided in the schools served by FLAP.

Objective 2: To expand foreign language study in critical languages for students served by the FLAP program.

Measure 2.1 of 1: The number of students participating in critical languages in the schools served by FLAP.

Objective 3: To improve the foreign language proficiency of students served by FLAP.

Measure 3.1 of 1: The number of students in FLAP projects who meet ambitious project objectives for foreign language proficiency.

We will expect each LEA funded under this competition to document how its project is helping the

Department meet these performance measures. Grantees will be expected to report on progress in meeting these performance measures for FLAP in their Annual Performance Report and in their Final Performance Report.

ELECTION ASSISTANCE COMMISSION

Election Data Collection Grant Program

AGENCY: United States Election Assistance Commission.

ACTION: Notice.

Funding Opportunity Title: Election Data Collection Grant Program.

Announcement Type: Competitive Grant—Initial.

Funding Opportunity Number: EAC-08-001.

CFDA Number: 90.400.

DATES: Applications are due by 4 p.m. Eastern Daylight Time on April 28, 2008.

SUMMARY: On December 22, 2007, Congress authorized the Omnibus Appropriations Act for Fiscal Year 2008. Public Law 110-161 authorized the U.S. Election Assistance Commission ("the EAC") to award \$10 million in grants to States to implement an election data collection program ("the program"). Under the Administrative Provision of the Act (Section 501), the EAC shall establish a program to provide a grant of \$2 million to each of five eligible States to improve the collection of precinct level data relating to the November 2008 Federal elections. The program is designed to: (a) Develop and document a series of administrative and procedural best practices in election data collection that can be replicated by other States; (b) improve data collection processes; (c) enhance the capacity of States and their jurisdictions to collect accurate and complete election data; and (d) document and describe particular administrative and management data collection practices, as well as particular data collection policies and procedures. For more information please visit <http://www.eac.gov>.

I. Funding Opportunity Description

The announcement for this grant program is authorized by the Omnibus Appropriation Act for Fiscal Year (FY) 2008, Public Law (Pub. L.) 110-161, Title V. Under the Act, the U.S. Election Assistance Commission (EAC or Commission) is sanctioned to award grants to States for improving the collection of precinct-level data for Federal elections. This announcement offers the applicant State the opportunity to provide for the collection of such data in a common electronic format to be determined by the Commission.

Election Data Collection Grant Program

Public Law 110-161 authorizes the EAC to award \$10,000,000 in grants to

States to implement a data collection program for the Federal elections scheduled to be held in November 2008. Of that sum, \$2 million will be provided to each of five eligible applicants.

The EAC is soliciting proposals from States to improve the collection of data at the precinct level for the November 2008 Federal elections. In general, a precinct is defined as an administrative division of a county or municipality to which voters have been assigned by their residing address for voting.

Grantees will be required to report to the EAC on all data elements as described in Appendix A. (Appendix A is available at the Web site <http://www.submitgrant.net> or <http://www.eac.gov>.) States that receive an award are also required to report, at a minimum, precinct level data for questions 1, 2, 18a, 23, 29, and 30.

The purpose of the Election Data Collection Grant Program is to:

- Develop and document a series of administrative and procedural best practices in election data collection that can be replicated by other States;
- Improve data collection processes;
- Enhance the capacity of States and their jurisdictions to collect accurate and complete election data; and
- Document and describe particular administrative and management data collection practices, as well as particular data collection policies and procedures.

State grantees will use the grant funds in part to implement new data collection procedures, systems, and/or methodologies for the November 2008 election. They will have until March 2009 to report the data collected from that election to the EAC. They will also be required to submit to the EAC a semi-annual program report, which is due six months following the inception of the grant, as well as a final program report, which is due June 1, 2009. Additionally, States must submit an SF 269 financial report on January 15, 2009, for the period beginning on the date of award of the contract and ending on December 31, 2008; and on July 31, 2009 for the period beginning January 1, 2008 and ending on the close out of the grant program.

Not later than June 30, 2009, the EAC will submit a report to Congress on the impact of the grant program on States' ability to effectively collect Federal election data. The EAC will consult with States receiving grants under the program, along with the Election Assistance Commission Board of Advisors, to compile the report. The report will include recommendations to improve the collection of data relating to regularly scheduled general elections
