I. General Information

A. Introduction

1. By the *Auction No. 47 Procedures Public Notice*, the Wireless Telecommunications Bureau ("Bureau") announces the procedures and minimum opening bids for the upcoming auction of seven licenses to provide cellular service in unserved areas ("Auction No. 47") scheduled for February 12, 2003.

2. In accordance with the Balanced Budget Act of 1997, the Bureau released a public notice on September 16, 2002, seeking comment on reserve prices or minimum opening bids and the procedures to be used in Auction No. 47. The Bureau received one comment and no reply comments in response to the *Auction No. 47 Comment Public Notice*. The Bureau subsequently released a second public notice on October 25, 2002, revising the inventory, auction start date, and seeking comment on procedural issues. The Bureau did not receive any comments in response to the *Auction No. 47 Revised Comment Public Notice*, 67 FR 69221 (November 15, 2002).

i. Licenses to Be Auctioned

3. Participation in Auction No. 47 is limited to those applicants who have filed the long-form applications listed in Attachment A of the *Auction No. 47 Procedures Public Notice*. All applications within a mutually exclusive applicant group ("MX Group") are directly mutually exclusive with one another and therefore a single license will be auctioned for each MX Group identified in Attachment A of the *Auction No. 47 Procedures Public Notice*. The winning bidder for a particular MX Group will be authorized to construct only the facilities proposed in its long-form application(s) for that MX Group as identified in Attachment A of the *Auction No. 47 Procedures Public Notice*.

4. As stated in the *Competitive Bidding Ninth Report and Order*, 61 FR 58333 (November 14, 1996), all pending mutually exclusive applications for unserved area licenses in the Cellular Radiotelephone Service must be resolved through a system of competitive bidding. When the short-form applications of two or more applicants within an MX Group are accepted for filing, mutual exclusivity exists for auction purposes. Once mutual exclusivity exists for auction purposes, even if only one applicant within an MX Group submits an upfront payment, that applicant is required to submit a bid in order to obtain the license.
