Atomic Power Station and storage of

license provisions of 10 CFR Part 72,

#### **II**

On December 21, 2011, as  
supplemented April 24, 2012, Maine  
Yankee submitted a letter to the U.S.  
Nuclear Regulatory Commission (NRC  
or the Commission) (Agencywide  
Documents Access and Management  
System (ADAMS) Accession Nos.  
ML11364A053 and ML12125A042),  
stating that it had implemented a  
Negation Action Plan by adopting a  
Board of Directors Resolution that  
prevents any potential for foreign  
control over safety and security matters,  
including access to security information  
and to special nuclear material in  
compliance with Section 103d of the  
Atomic Energy Act of 1954, as amended  
(AEA) and the Commission's regulation  
under Title 10 of the *Code of Federal  
Regulations* (10 CFR) 50.38. The Board  
of Directors Resolution was passed on  
December 14, 2011. The Board of  
Directors Resolution was enclosed in a  
Foreign Ownership, Control, and  
Influence (FOCI) application filed with  
the NRC on January 3, 2012, and also  
provided in a letter to the NRC dated  
February 23, 2012 (ADAMS Accession  
No. ML12066A040).

The Negation Action Plan, as  
modified in the April 24, 2012 letter,  
contains provisions related to foreign  
ownership, control, or domination that  
include, but are not limited to, the  
following items: (1) Access to classified  
and safeguards information and to  
special nuclear material shall be

controlled by Maine Yankee under the  
direction of the Chief Nuclear Officer  
(CNO) of Maine Yankee; (2) Decisions  
related to safety and security of special  
nuclear material, and related to access  
to classified and safeguards information  
and to special nuclear material, are  
specifically delegated by the Maine  
Yankee Board of Directors to the CNO  
of Maine Yankee; (3) The CNO of Maine  
Yankee shall be a U.S. citizen and shall  
execute a certification acknowledging  
his or her special duties to protect  
classified and safeguards information, to  
protect public health and safety and  
common defense and security relative to  
special nuclear material, and to report  
any foreign ownership, control, or  
domination issue to the NRC; (4)  
Directors and officers of foreign-  
controlled sponsor companies shall not  
have access to safeguards or classified  
information, and shall not have access  
to special nuclear material in the  
possession of Maine Yankee; (5)  
Directors and officers of Maine Yankee  
who are representatives of a foreign-  
controlled owner shall be excluded from  
access to classified information and to  
special nuclear material; and (6)  
Directors and officers of Maine Yankee  
who are representatives of a foreign-  
controlled owner shall execute  
certifications acknowledging their  
exclusion from access to classified  
information and special nuclear  
material, and acknowledging their  
commitment to take no action to  
circumvent the protective measures  
established by Maine Yankee to negate  
any foreign control or influence with  
respect to radiological safety and  
security of special nuclear material.

The NRC has reviewed and evaluated  
the executed Negation Action Plan and  
Board Resolution submitted by Maine  
Yankee, and finds the plan and  
implementing actions are acceptable to  
negate the foreign ownership, control, or  
domination issues and satisfy NRC  
requirements as applicable when the  
plan was submitted and at this time.

#### **III**

In order to meet the statutory  
requirements of Section 103d of the  
AEA and 10 CFR 50.38 as discussed  
above, the Commission has determined  
that the Facility Operating License for  
Maine Yankee Atomic Power Station  
must be modified to include provisions  
with respect to the measures identified  
in Section II of this Confirmatory Order.  
The requirements needed to effectuate  
the foregoing are set forth in Section IV  
below. On May 31, 2012, Maine Yankee
