

6(b)(4) of the Act,⁸ which requires that the rules of a national securities exchange provide for the equitable allocation of reasonable dues, fees and other charges among its members and issuers and other persons using its facilities, and with Section 6(b)(5) of the Act,⁹ which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission believes that the proposed tiered fees for co-location and related services are reasonable and equitably allocated insofar as they are applied on the same terms to similarly situated market participants. In addition, the Commission believes that the connectivity options described in the proposed rule change are not unfairly discriminatory because Amex makes the co-location services uniformly available to all Users who voluntarily request them and pay the fees as detailed in the proposal. As represented by Amex, these fees are uniform for all such customers and may vary from User to User due to each User's choice of service package. Finally, the Commission believes that the proposal will further the protection of investors and the public interest because it will provide greater transparency regarding the connectivity options available to market participants.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-NYSEAmex-2010-80) be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62953; File No. SR-FINRA-2010-049]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing of a Proposed Rule Change Relating to Quotation Requirements on the Alternative Display Facility

September 20, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 17, 2010, Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to amend FINRA Rule 6272 to enhance quotation requirements on the Alternative Display Facility ("ADF").

The text of the proposed rule change is available on FINRA's Web site at <http://www.finra.org>, at the principal office of FINRA, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In 2002, FINRA created the ADF to ensure that any FINRA member, including alternative trading systems, seeking to display quotations for NMS

stocks in the over-the-counter ("OTC") market, rather than through an exchange platform, has an alternative venue through which to post its OTC quotations and report trades.³

FINRA and numerous exchanges are filing proposed rule changes to enhance the minimum quotation requirements for market makers by requiring market makers for each stock in which they are registered to continuously maintain two-sided quotations within a designated percentage of the National Best Bid and National Best Offer (or if there is not a National Best Bid or Offer, the last reported sale). These proposed rule changes are intended to eliminate trade executions against market maker "placeholder" quotations that are priced far away from the inside market, commonly known as "stub quotes." Under these proposed rules, limitations on permissible quotations are determined by the individual character of the security, the time of day in which the quote is entered, and any applicable stock trading pause triggers.

In order to ensure consistency in quotation requirements across markets, FINRA is proposing to amend Rule 6272 to impose the same limitations on a Registered Reporting ADF Market Maker's quotations on the ADF that will apply to market makers on national securities exchanges. The proposed rule change would thus require all Registered Reporting ADF Market Makers to have systems in place to ensure that any quotations displayed on the ADF met the requirements of Rule 6272.

FINRA will announce the implementation date on its Web site.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁴ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change will ensure consistent treatment of quotations across markets and could prevent the execution of numerous transactions at
