

## Scoping Process

The scoping period for this EIS was formally initiated on December 30, 2002 when the original Notice of Intent for this project was published in the **Federal Register** (Volume 67, Number 250). While no additional scoping periods are planned prior to the release of the Draft SEIS, those wishing to submit comments may do so at the address listed above for Vernon Keller, NEPA Coordinator. The Forest Service will use a mailing of information to notify interested parties of the preparation of the SEIS. Public involvement will be ongoing throughout the analysis process and at certain times public input will be specifically requested.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the Environmental Impact Statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

**Authority:** 40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21.
