SUPPLEMENTARY INFORMATION:

Background

On October 15, 2009, the Alcohol and Tobacco Tax and Trade Bureau (TTB) published in the **Federal Register** a notice of proposed rulemaking to amend its regulations to clarify the relationship between tax payment under the Internal Revenue Code of 1986 and drawback of tax under the Tariff Act of 1930. See Notice No. 100 at 74 FR 52937. Specifically, TTB's proposed rulemaking would have provided conforming regulations to reflect proposed Customs and Border Protection (CBP) regulations stating that domestic merchandise on which no tax is paid under the Internal Revenue Code may not be substituted for imported merchandise for purposes of claims for drawback of tax under the customs laws and regulations. TTB later extended the comment period closing date for its proposal until January 14, 2010. See Notice No. 101, November 27, 2009, at 74 FR 62266.

The CBP notice of proposed rulemaking regarding drawback of internal revenue excise tax, on which TTB's proposed rulemaking was based, also was published in the **Federal Register** on October 15, 2009, at 74 FR 52928. CBP twice extended the comment period on its proposal to allow additional time for interested parties to comment on the proposed rulemaking. See the CBP notices of November 4,
