### Federal Energy Regulatory Commission

[Docket No. CP01-68-000]

#### Indiana Gas Company, Inc.; Notice of Application

January 24, 2001.

On January 19, 2001, Indiana Gas Company, Inc. (Indiana Gas), 1630 North Meridian Street, P.O. Box 44945, Indianapolis, Indiana 46244-0945, filed in Docket No. CP01-68-000 an application pursuant to Section 7(f) of the Natural Gas Act (NGA) to expand its service area determination in Jefferson and Oldham Counties, Kentucky to include an area two miles north and one-half mile south of the existing area, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may be viewed at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Indiana Gas states that the expanded service area will give Indiana Gas the flexibility needed to purchase the right-of-way associated with a new 12.6-mile pipeline in the two counties to be used to provide reliable natural gas service to existing and future retail residential, commercial and industrial customers in the Greater Louisville Metropolitan Area, in particular Clark and Floyd Counties, Indiana. Indiana Gas indicates that, although the needed construction could occur within the existing right-of-way, such an approach would adversely affect landowners because of the significant residential development along the existing facilities subsequent to their construction in 1952.

In addition to the request to expand the Section 7(f) service area determination, Indiana Gas also requests (1) a finding that Indiana Gas qualifies as a local distribution company for purposes of Section 311 of the Natural Gas Policy Act of 1978 (NGPA), and (2)
