

evidence the existence of an asserted fact, except where another standard is provided by statute or these Liquor Regulations.

1.122. Revenue.

All revenue collected pursuant to these Liquor Regulations shall be used to defray the expenses of administering the Liquor Regulations.

1.123. Certified Servers.

A. Every employee of a Retailer Licensee who Sells Liquor must be a Certified Server 21 years of age or older.

B. The Office will adopt policies and procedures regarding the certification of servers.

C. The Office shall have authority to approve certification programs offered by third-party providers and may adopt policies regarding minimum requirements of such programs.

D. The Office may revoke any certification issued under this Section if the Certified Server violates any provision of these Liquor Regulations, the policies and procedures issued pursuant to them, any applicable Navajo Nation law, makes a material misstatement on the application for certification, is convicted of a felony, or for other good cause shown.

E. The denial or revocation of a certification is an appealable action.

1.124. Transportation Through the Navajo Nation.

Nothing in these Liquor Regulations shall apply to the otherwise lawful transportation of Liquor through the Navajo Nation by Persons remaining on public highways or other paved facilities for motor vehicles provided that such Liquor is not Sold, or offered for Sale, within the Navajo Nation.

1.125. Sovereign Immunity.

Nothing in these Liquor Regulations is intended to be, nor shall be construed as, a waiver of the sovereign immunity of the Navajo Nation. No employee, officer, or agent of the Office shall be authorized, nor shall he or she attempt, to waive the immunity of the Navajo Nation.

1.126. Jurisdiction.

Except as otherwise provided in these Liquor Regulations, any and all actions pertaining to alleged violations of these Liquor Regulations, or seeking any relief against the Navajo Nation, its officers, employees, or agents arising under these Liquor Regulations, shall be brought in the Navajo Nation Courts, which courts shall have exclusive jurisdiction consistent with the inherent sovereignty and immunity of the Navajo Nation and applicable federal and Navajo Nation law.

1.127. Severability.

If any provisions of these Liquor Regulations or the application of any

provision to any Person or circumstances is held invalid or unenforceable by a court of competent jurisdiction, such holding shall not invalidate or render unenforceable the remainder of these Liquor Regulations and its application to any other Person or circumstances, and, to this end, the provisions of these Liquor Regulations are severable.

1.128. Effective Date.

These Liquor Regulations shall be effective on such date as the Secretary of the Interior certifies these Liquor Regulations and publishes the same in the **Federal Register**.

BILLING CODE 4310-02-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Yakima River Basin Water Storage Feasibility Study; Benton, Yakima, and Kittitas Counties, Washington INT-FES 08-65

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Availability of the Final Planning Report and Environmental Impact Statement.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Reclamation (Reclamation) has prepared a combined Final Planning Report and Environmental Impact Statement (Final PR/EIS) on the Yakima River Basin Water Storage Feasibility Study (Storage Study). The cooperating agencies on this study are the Washington Department of Ecology (Ecology), Yakima County, the U.S. Department of the Army: Yakima Training Center and the Seattle District of the U.S. Corps of Engineers, and the U.S. Department of Energy: Office of River Protection.

The purpose of the Storage Study is to evaluate alternatives that would create additional water storage for the Yakima River Basin and assess their potential to supply the water needed for ecosystem aquatic habitat, basin-wide agriculture, and municipal demands. The need for the study is based on the existing finite water supply and limited storage capability of the Yakima River Basin in low water years. This finite supply and limited storage capacity do not meet the water supply demands in all years and result in significant adverse impact to the Yakima River Basin's economy, which is agriculture-based, and to the basin's aquatic habitat, specifically, anadromous fisheries. The

study seeks to identify means of increasing water storage available, including storage of Columbia River water, for purposes of improving anadromous fish habitat and meeting irrigation and municipal water supply needs.

DATES: Written comments on the Final PR/EIS will be accepted through February 2, 2009.

ADDRESSES: Written comments on the Final PR/EIS should be addressed to the Bureau of Reclamation, Upper Columbia Area Office, Attention: David Kaumheimer, Environmental Programs Manager, 1917 Marsh Road, Yakima, Washington 98901-2058. Comments may also be submitted electronically to storagestudy@pn.usbr.gov. Requests for paper or CD copies of the Final PR/EIS may be made to (509) 575-5848, ext. 612.

See the **SUPPLEMENTARY INFORMATION** section on public review for locations where copies of the Final PR/EIS are available for public review. Information on this project can also be found at http://www.usbr.gov/pn/programs/storage_study/index.html.

FOR FURTHER INFORMATION: Contact David Kaumheimer, Environmental Programs Manager, Telephone: (509) 575-5848, extension 232.

SUPPLEMENTARY INFORMATION:

Background Information

Reclamation has undertaken this study to explore ways to augment water supplies in the Yakima River Basin for the benefit of anadromous fish, irrigated agriculture, and municipal water supply under the authority of Public Law 108-7, Title II, Section 214 which was passed by Congress on February 20, 2003. Public Law 108-7 states:

The Secretary of the Interior, acting through the Bureau of Reclamation, shall conduct a feasibility study of options for additional water storage in the Yakima River Basin, Washington, with emphasis on the feasibility of storage of Columbia River water in the potential Black Rock Reservoir and the benefit of additional storage to endangered and threatened fish, irrigated agriculture, and municipal water supply. There are authorized to be appropriated such sums as may be necessary to carry out this Act.

Ecology was a joint lead with Reclamation in the preparation of the Draft PR/EIS, in order to meet compliance under the State Environmental Policy Act (SEPA). However, they elected to become a cooperating agency on the Final PR/EIS as they believe they may not have fulfilled their requirements under Washington State law to identify and evaluate all reasonable water supply

alternatives. Comments received on the Draft PR/EIS suggested that all reasonable water supply alternatives could not be adequately evaluated without considering fish habitat and fish passage needs. Ecology is proceeding with a separate evaluation of water supply and management alternatives. Ecology continues as a cooperating agency in this study which evaluates storage options per Public Law 108-7.

In addition to the No Action Alternative, this jointly prepared Final PR/EIS analyzes three storage alternatives, referred to as the Joint Alternatives, which Reclamation and Ecology are considering as part of the Storage Study. These include Black Rock, Wymer Dam and Reservoir, and Wymer Dam plus Yakima River Pump Exchange Alternatives. The No Action Alternative is identified as the Preferred Alternative in the Final PR/EIS.

Public Review

Because additional information about mitigation of seepage from Black Rock Reservoir is contained in the Final PR/EIS, a 45 day review period is being provided so that this new information can be reviewed. Changes to the Final PR/EIS are highlighted for ease of review. Responses to comments about the new information will be contained in the Record of Decision which will be issued following the review period. If you wish to comment on this Final PR/EIS, mail us your comments by February 2, 2009 as indicated under the **ADDRESSES** section.

Copies of the Final PR/EIS are available for public review at the following locations:

- Bureau of Reclamation, U.S. Department of the Interior, Main Library, Room 1151, 1849 C Street NW., Washington, DC 20240.
- Bureau of Reclamation, Denver Office Library, Denver Federal Center, Building 67, Room 167, Denver, Colorado 80225.
- Bureau of Reclamation, Pacific Northwest Regional Office, 1150 North Curtis Road, Suite 100, Boise, Idaho 83706-1234.
- Bureau of Reclamation, Upper Columbia Area Office, 1917 Marsh Road, Yakima, Washington 98901.
- Kennewick City Library, 1620 S. Union St., Kennewick, Washington 99338.
- Pasco City Library, 1320 W. Hopkins, Pasco, Washington 99301.
- Richland City Library, 955 Northgate Drive, Richland, Washington 99352.

- Yakima Valley Regional Library, 102 N. 3 rd St., Yakima, Washington 98901.

- Washington State Library, 6880 Capitol Blvd. SW., Olympia, Washington 98504.

Public Disclosure

Before including your name, address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

J. William McDonald,

Regional Director, Pacific Northwest Region.

BILLING CODE 4310-MN-P

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection for 1029-0043

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing that the information collection request for the title described below has been forwarded to the Office of Management and Budget (OMB) for review and approval. The information collection request describes the nature of the information collection and the expected burden and cost for 30 CFR 800, Bonding and insurance requirements for surface coal mining and reclamation operations under regulatory programs.

DATES: OMB has up to 60 days to approve or disapprove the information collections but may respond after 30 days. Therefore, public comments should be submitted to OMB by January 23, 2009, in order to be assured of consideration.

ADDRESSES: Submit comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Department of Interior Desk Officer, by telefax at (202) 395-6566 or via e-mail to IRA_Docketomb.eop.gov. Also, please

send a copy of your comments to John A. Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave, NW., Room 202—SIB, Washington, DC 20240, or electronically at jtrelease@osmre.gov.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request, contact John A. Trelease at (202) 208-2783, or electronically at jtrelease@osmre.gov.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. OSM has submitted a request to OMB to renew its approval for the collection of information contained in 30 CFR 800, Bonding and insurance requirements for surface coal mining and reclamation operations under regulatory programs. OSM is requesting a 3-year term of approval for each information collection activity.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information is 1029-0043 for 30 CFR 800.

As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments for this collection of information was published on September 3, 2008 (73 FR 51513). No comments were received. This notice provides the public with an additional 30 days in which to comment on the following information collection activity:

Title: Bond and insurance requirements for surface coal mining and reclamation operations under regulatory programs, 30 CFR 800.

OMB Control Number: 1029-0043.

Summary: The regulations at 30 CFR Part 800 primarily implement § 509 of the Surface Mining Control and Reclamation Act of 1977, which requires that persons planning to conduct surface coal mining operations first post a performance bond to guarantee fulfillment of all reclamation obligations under the approved permit. The regulations also establish bond release requirements and procedures consistent with § 519 of the Act, liability insurance requirements pursuant to § 507(f) of the Act, and procedures for bond forfeiture should the permittee default on reclamation obligations.
