

instructions that recognizes that the applicant may either be or seek to become a FHC. The brief section recognizes the need for a related declaration if the notificant also seeks to become a FHC and also recognizes that the streamlined procedures of the FR Y-3N procedures may not be appropriate for foreign banking organizations seeking to become FHCs or for FHCs seeking to acquire an insured depository that is not well capitalized or well managed. The proposed revisions also would delete a reference to using the form for proposals involving the acquisition of nonbank insured depository institutions.

FR Y-4

The proposed modifications to the FR Y-4 form include two deletions that became necessary when the GLB Act eliminated the Board's ability to approve new nonbanking activities under section 4(c)(8) of the BHC Act. Both proposed deletions refer to activities not previously approved by the Board. The other proposed revisions clarify the additional information and publication requirements that must be satisfied if the proposal involves a nonbank insured depository institution. No other revisions are necessary as the overall standards applicable to notifications filed under section 4(c)(8) of the BHC Act otherwise remain the same.

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the

Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.
