The Federal Crop Insurance Corporation (FCIC), operating through the Risk Management Agency (RMA), announces its intent to award approximately \$3,000,000 (subject to availability of funds) to fund the Risk Management Education and Outreach Partnerships Program.

Purpose: The purpose of this competitive cooperative partnership agreement program is to deliver crop insurance education and risk management training to U.S. agricultural producers to assist them in identifying and managing production, marketing, legal, financial and human risk. The program gives priority to: (1) Educating producers of crops currently not insured under Federal crop insurance, specialty crops, and underserved commodities, including

livestock and forage; and (2) providing collaborative outreach and assistance programs for limited resource, socially disadvantaged and other traditionally underserved farmers and ranchers. Education activities developed under the Risk Management Education and Outreach Partnerships Program shall provide U.S. farmers and ranchers with training and information opportunities to be able to understand:

1. The kinds of risks addressed by existing and emerging risk management tools;

2. The features and appropriate use of existing and emerging risk management tools; and

3. How to make sound risk management decisions.

The minimum award for any cooperative partnership agreement is \$20,000. The maximum award for any cooperative partnership agreement is \$99,999. The cooperative partnership agreements will be awarded on a competitive basis up to one year from the date of the award. Awardees must demonstrate non-financial benefits from a cooperative partnership agreement and must agree to the substantial involvement of RMA in the project. Funding availability for this program may be announced at approximately the same time as funding availability for similar but separate programs—CFDA No. 10.458 (Crop Insurance Education in Targeted States). Prospective applicants should carefully examine and compare the notices of each announcement.

The collections of information in this Announcement have been approved by OMB under control numbers 0563-0066 and 0563-0067.

I. Funding Opportunity Description

A. Legislative Authority

The Risk Management Education and Outreach Partnership Program is authorized under section 522(d)(3)(F) of the Federal Crop Insurance Act (Act) (7 U.S.C. 1522(d)(3)(F)).

B. Background

RMA promotes and regulates sound risk management solutions to improve the economic stability of American agriculture. On behalf of FCIC, RMA does this by offering Federal crop insurance products through a network of private-sector partners, overseeing the creation of new risk management products, seeking enhancements in existing products, ensuring the integrity of crop insurance programs, offering programs aimed at equal access and participation of underserved

communities, and providing risk management education and information.

One of RMA's strategic goals is to ensure that its customers are well informed as to the risk management solutions available. This educational goal is supported by section 522(d)(3)(F) of the Federal Crop Insurance Act (FCIA) (7 U.S.C. 1522(d)(3)(F)), which authorizes FCIC funding for risk management training and informational efforts for agricultural producers through the formation of partnerships with public and private organizations. With respect to such partnerships, priority is to be given to reaching producers of Priority Commodities, as defined below. A project is considered as giving priority to Priority Commodities if 75 percent of the educational and training activities of the project are directed to producers of any one of the three classes of commodities listed in the definition of Priority Commodities or any combination of the three classes.

C. Definition of Priority Commodities

For purposes of this program, Priority Commodities are defined as:

1. *Agricultural commodities covered by (7 U.S.C. 7333).* Commodities in this group are commercial crops that are not covered by catastrophic risk protection crop insurance, are used for food or fiber (except livestock), and specifically include, but are not limited to, floricultural, ornamental nursery, Christmas trees, turf grass sod, aquaculture (including ornamental fish), and industrial crops.

2. *Specialty crops.* Commodities in this group may or may not be covered under a Federal crop insurance plan and include, but are not limited to, fruits, vegetables, tree nuts, syrups, honey, roots, herbs, and highly specialized varieties of traditional crops.

3. *Underserved commodities.* This group includes: (a) Commodities, including livestock and forage, that are covered by a Federal crop insurance plan but for which participation in an area is below the national average; and (b) commodities, including livestock and forage, with inadequate crop insurance coverage.

D. Project Goal

The goal of this program is to ensure that “* * * producers will be better able to use financial management, crop insurance, marketing contracts, and other existing and emerging risk management tools.”

For the 2012 fiscal year, the FCIC Board of Directors and the FCIC Manager are seeking projects that address one or more of the Priority

Commodities. In addition, the application must clearly designate that education or training shall be provided on at least one (1) of the Special Emphasis Topics listed below. Applications that do not include at least one (1) Special Emphasis Topic will not be considered for funding.

Special Emphasis Topics:

Production: AGR and AGR-Lite; Livestock Gross Margin Dairy; Pasture, Rangeland, Forage Rainfall and/or Vegetative Index; Common Crop Insurance Policy Basic Provisions ("COMBO"); Enterprise Units; Specialty Crops; Prevented Planting; or Other Existing Crop Insurance Programs; Irrigation; Erosion Control Measures; Good Farming Practices; Wildfire Management; Forest Management; and Range Management or other similar topics.

Legal: Legal and Succession Planning or other similar topics;

Marketing: Marketing Strategies; Farm Products Branding; Farmers Markets or other similar topics;

Financial: Financial Tools and Planning; Farm Management Strategies; Farm Financial Benchmarking or other similar topics; or

Human: Farm Labor; Farm Safety; Food Safety, Risk Management Education to Students; or other similar topics.

In addition, the application must clearly demonstrate that the education or training shall be provided to at least one (1) of the Producer Types listed below. Applications that do not include at least one (1) of the Producer Types will not be considered for funding.

Producer Types:

Producers and Ranchers;
New and Beginning Farmers;
Women Producers and Ranchers;
Hispanic Producers and Ranchers;

Native American Producers and Ranchers;
Limited Resource Producers and Ranchers;

II. Award Information

A. Type of Application

Only electronic applications will be accepted and they must be submitted

through Grants.gov. Hard copy applications will NOT be accepted. Applications submitted to the Risk Management Education and Outreach Partnerships Program are new applications: There are no renewals. All applications will be reviewed competitively using the selection process and evaluation criteria described in Section V—Application Review Process. Each award will be designated as a Cooperative Partnership Agreement, which will require substantial involvement by RMA.

B. Funding Availability

There is no commitment by USDA to fund any particular application. Approximately \$3,000,000 is expected to be available in fiscal year 2012 but it is possible that this amount may be reduced or not funded. In the event that all funds available for this program are not obligated after the maximum number of agreements are awarded or if additional funds become available, these funds may, at the discretion of the Manager of FCIC, be used to award additional applications that score highly by the technical review panel or allocated pro-rata to awardees for use in broadening the size or scope of awarded projects, if agreed to by the awardee. In the event that the Manager of FCIC determines that available RMA resources cannot support the administrative and substantial involvement requirements of all agreements recommended for funding, the Manager may elect to fund fewer agreements than the available funding might otherwise allow. All awards will be made and agreements finalized no later than September 30, 2012.

C. Location and Target Audience

RMA Regional Offices and the States serviced within each RMA Region are listed below. Staff from the respective RMA Regional Offices will provide substantial involvement for projects conducted within the Region.

Billings, Montana Regional Office: (MT, ND, SD, and WY). Davis, California Regional Office: (AZ, CA, HI, NV, and UT). Jackson, Mississippi Regional Office: (AR, KY, LA, MS, and TN). Each application must clearly designate the RMA Region where

educational activities will be conducted in the application narrative in block 12 of the SF-424 form. Applications without this designation will be rejected. Applications may designate more than one state but cannot designate more than one RMA Region. Applications with proposed activities in more than one state all serviced by the same RMA Region are acceptable. Single applications proposing to conduct educational activities in states served by more than one RMA Region will be rejected. Applications serving Tribal Nations will be accepted and managed from the RMA Regional office serving the designated Tribal Office.

D. Minimum and Maximum Award

Any application that requests Federal funding of less than \$20,000 or more than \$99,999 for a project will be rejected. RMA also reserves the right to fund successful applications at an amount less than requested if it is judged that the application can be implemented at a lower funding level.

E. Project Period

Projects will be funded for a period of up to one year from the project starting date.

F. Description of Agreement Award—Awardee Tasks

In conducting activities to achieve the purpose and goal of this program in a designated RMA Region, the awardee shall be responsible for performing the following tasks:

1. Develop and conduct a promotional program in English or a non-English language to producers as appropriate to the audience. This program shall include activities using media, newsletters, publications, or other appropriate informational dissemination techniques that are designed to: (a) Raise awareness for crop insurance and risk management; (b) inform producers of the availability of crop insurance and risk management tools; and (c) inform producers and agribusiness leaders in the designated RMA Region of training and informational opportunities.

1. Collaborate with the awardee in assembling, reviewing, and approving crop insurance and risk management materials for producers in the designated RMA Region.

2. Collaborate with the awardee in reviewing and approving a promotional program for raising awareness for crop insurance and risk management and for informing producers of training and informational opportunities in the RMA Region.

For any proposed additional task, the applicant must identify the objective of the task, the specific subtasks required to meet the objective, specific time lines for performing the subtasks, and the specific responsibilities of the applicant and any entities working with the applicant in the development or delivery of the project. The applicant must also identify

specific ways in which RMA would have substantial involvement in the proposed project task.

III. Eligibility Information

A. Eligible Applicants

Eligible applicants include: State Departments of Agriculture, State Cooperative Extension Services; Federal, State, or tribal agencies; groups representing producers, community based organizations or a coalition of community-based organization that has demonstrated experience in providing agricultural or other agricultural-related services to producers; nongovernmental organizations; junior and four-year colleges or universities or foundations maintained by a college or university; private for-profit organizations; faith-based organizations and other appropriate partners with the capacity to lead a local program of crop insurance and risk management education for producers in an RMA Region.

1. Individuals are not eligible applicants.

2. Although an applicant may be eligible to compete for an award based on its status as an eligible entity, other factors may exclude an applicant from receiving Federal assistance under this program governed by Federal law and regulations (e.g. debarment and suspension; a determination of non-performance on a prior contract, cooperative partnership agreement, or grant; or a determination of a violation of applicable ethical standards.) Applications in which the applicant or any of the partners are ineligible or excluded persons will be rejected in their entirety.

3. Private organizations that are involved in the sale of Federal crop insurance, or that have financial ties to such organizations, are eligible to apply for funding under this Announcement. However, such entities and their partners, affiliates, and collaborators for this Announcement will not receive funding to conduct activities that are already required under a Standard Reinsurance Agreement or any other agreement in effect between FCIC/RMA and the entity, or between FCIC/RMA and any of the partners, affiliates, or collaborators for awards under this Announcement. In addition, such entities and their partners, affiliates, and collaborators for this Announcement will not be allowed to receive funding to conduct activities that could be perceived by producers as promoting the services or products of one company over the services or products of another company that provides the same or

similar services or products. If applying for funding, such organizations must be aware of potential conflicts of interest and must describe in their application the specific actions they shall take to avoid actual and perceived conflicts of interest.

B. Cost Sharing or Matching Funding

Although RMA prefers cost sharing by the applicant, this program has neither a cost sharing nor a matching requirement.

C. Other—Non-Financial Benefits

To be eligible, applicants must also be able to demonstrate that they will receive a non-financial benefit as a result of a cooperative partnership agreement. Non-financial benefits must accrue to the applicant and must include more than the ability to provide employment income to the applicant or for the applicant's employees or the community. The applicant must demonstrate that performance under the cooperative partnership agreement shall further the specific mission of the applicant (such as providing research or activities necessary for graduate or other students to complete their educational program). Applications that do not demonstrate a non-financial benefit will be rejected.

IV. Application and Submission Information

A. Electronic Application Package

Only electronic applications will be accepted and they must be submitted via Grants.gov to the Risk Management Agency in response to this Announcement. Prior to preparing an application, it is suggested that the Project Director (PD) first contact an Authorized Representative (AR) (also referred to as Authorized Organizational Representative or AOR) to determine if the organization is prepared to submit electronic applications through Grants.gov. If the organization is not prepared, the AR should see, http://www.grants.gov/applicants/get_registered.jsp, for steps for preparing to submit applications through Grants.gov.

Grants.gov assistance is available as follows:

- Grants.gov customer support Toll Free: 1-800-518-4726
- Business Hours: 24 Hours a day
- Email: support@grants.gov

B. Content and Form of Application Submission

The title of the application must include the (1) RMA Region, (2) the State or States within the RMA Region where the educational activities will be

conducted, (3) the Special Emphasis Topic(s); and (4) the Producer Type 2 (For example only: Billings RO, Montana, Crop Insurance for Military Veterans).

A complete and valid application must include the following:

1. A completed OMB Standard Form 424, "Application for Federal Assistance."

2. A completed OMB Standard Form 424-A, "Budget Information—Non-construction Programs." Federal funding requested (the total of direct and indirect costs) must not exceed \$99,999.

3. A completed OMB Standard Form 424-B, "Assurances, Non-constructive Programs."

4. An Executive Summary (One page) of the Project.

5. A Proposal Narrative (Not to Exceed 15 single-sided pages in Microsoft Word), which shall also include a Statement of Work. The Statement of Work (SOW) must include each task and subtask associated with the work, the objective of each task and subtask, specific time lines for performing the tasks and subtasks, and the responsible party for completing the activities listed under each task and subtask including the specific responsibilities of partners and/or RMA. The SOW must be very clear on who does what, where, and when, as well as, the objective for each task and subtask. Letters of support for the applicant should be an appendix to the application and should not be included as part of the Proposal Narrative.

6. Budget Narrative (in Microsoft Excel) describing how the categorical costs listed on the SF 424-A are derived. The budget narrative must provide enough detail for reviewers to easily understand how costs were determined and how they relate to the goals and objectives of the project.

7. Partnering Plan that includes how each partner of the applicant (who will be working on this project) shall aid in carrying out the specific tasks and subtasks. The Partnering Plan must also include "Letters of Commitment" from each partner who shall do the specific task or subtask as identified in the SOW. The Letters must (1) be dated within 45 days of the submission and (2) list the specific tasks or subtasks the committed partner has agreed to do with the applicant on this project.

8. Project Plan of Operation in the Event of a Human Pandemic Outbreak (Pandemic Plan). RMA requires that project leaders submit a project plan of operation in case of a human pandemic event. The plan must address the concept of continuing operations as they

relate to the project. This plan must include the roles, responsibilities, and contact information for the project team and individuals serving as back-ups in case of a pandemic outbreak.

9. Current and Pending Report. The application package from Grants.gov contains a document called the Current and Pending Report. On the Current and Pending Report you must state for this fiscal year if this application is a duplicate application or overlaps substantially with another application already submitted to or funded by another USDA Agency, including RMA, or other private organization. The percentage of each person's time associated with the work to be done under this project must be identified in the application. The total percentage of time for both "Current" and "Pending" projects must not exceed 100% of each person's time. Applicants must list all current public or private employment arrangements or financial support associated with the project or any of the personnel that are part of the project, regardless of whether such arrangements or funding constitute part of the project under this Announcement (supporting agency, amount of award, effective date, expiration date, expiration date of award, etc.). If the applicant has no projects to list, "N/A" should be shown on the form. An application submitted under this RFA that duplicates or overlaps substantially with any application already reviewed and funded (or to be funded) by any other organization or agency, including but not limited to other RMA, USDA, and Federal government programs, will not be funded under this program. RMA reserves the right to reject your application based on the review of this information.

10. A completed and signed OMB Standard Form LLL, Disclosure of Lobbying Activities.

11. A completed and signed AD-1049, Certification Regarding Drug-Free Workplace. Applications that do not include the items listed above will be considered incomplete, will not receive further consideration, and will be rejected.

C. Funding Restrictions

Cooperative partnership agreement funds may not be used to:

a. Plan, repair, rehabilitate, acquire, or construct a building or facility including a processing facility;

b. Purchase, rent, or install fixed equipment;

c. Purchase portable equipment (such as laptops, projectors, etc.)

d. Repair or maintain privately owned vehicles;

e. Pay for the preparation of the cooperative agreement application;

f. Fund political activities;

g. Purchase alcohol, food, beverage, give-away promotional items, or entertainment;

h. Lend money to support farming or agricultural business operation or expansion;

i. Pay costs incurred prior to receiving a cooperative agreement;

j. Provide scholarships to meetings, seminars or similar events;

k. Pay entrance fees or other expenses to conferences or similar activities;

l. Pay costs associated 501(c) applications;

m. Purchase electronic devices (such as I-pads, cell phones, computers or similar items) for consultants or Board Members; or

n. Fund any activities prohibited in 7 CFR Parts 3015 and 3019, as applicable.

D. Limitation on Use of Project Funds for Salaries and Benefits

Total costs for salary and benefits allowed for projects under this Announcement will be limited to not more than 70 percent reimbursement of the funds awarded under the cooperative partnership agreement. The reasonableness of the total costs for salary and benefits allowed for projects under this Announcement will be reviewed and considered by RMA as part of the application review process. Applications for which RMA does not consider the salary and benefits reasonable for the proposed application will be rejected, or will only be offered a cooperative agreement upon the condition of changing the salary and benefits structure to one deemed appropriate by RMA for that. The goal of the Risk Management Education and Outreach Partnerships Program is to maximize the use of the limited funding available for crop insurance risk management education for producers of Priority Commodities and Special Emphasis Topics.

E. Indirect Cost Rates

1. Indirect costs allowed for projects submitted under this Announcement will be limited to ten (10) percent of the total direct cost of the cooperative partnership agreement. 2. RMA reserves the right to negotiate final budgets with successful applicants.

F. Other Submission Requirements

Applicants are entirely responsible for ensuring that RMA receives a complete application package by the closing date and time. RMA strongly encourages applicants to submit applications well before the deadline to allow time for correction of technical errors identified by Grants.gov. Application packages submitted after the deadline will be rejected.

G. Acknowledgement of Applications

Receipt of applications may be acknowledged by email, whenever possible; however it is the responsibility of the applicant to check Grants.gov for successful submission. Therefore, applicants are encouraged to provide email addresses in their applications. There will be no notification of incomplete, unqualified or unfunded applications until the award decisions have been made. When received by RMA, applications will be assigned an identification number. This number will be communicated to applicants in the acknowledgement of receipt of applications. An application's identification number must be referenced in all correspondence submitted by any party regarding the application. If the applicant does not receive an acknowledgement of application receipt by 15 days following the submission deadline, the applicant must notify RMA's point of contact indicated in Section VII, Agency Contact.

V. Application Review Information

A. Criteria

Applications submitted under the Risk Management Education and Outreach Partnerships Program will be evaluated within each RMA Region according to the following criteria:

Project Impacts—Maximum 20 Points Available

Each application must demonstrate that the project benefits to producers warrant the funding requested. Applications will be scored according to the extent they can: (a) Identify the specific actions producers will likely be able to take as a result of the educational activities described in the Proposal Narrative's Statement of Work (SOW); (b) identify the specific measures for evaluating results that will be employed in the project; (c) reasonably estimate the total number of producers that will be reached through the various methods and educational activities described in the Statement of Work; (d) identify the number of meetings that will be held; (e) provide an estimate of the number of

training hours that will be held; (f) provide an estimated cost per producer, and (e) justify such estimates with specific information. Estimates for reaching agribusiness professionals may also be provided but such estimates must be provided separately from the estimates of producers. Reviewers' scoring will be based on the scope and reasonableness of the application's clear descriptions of specific expected actions producers will accomplish, and well-designed methods for measuring the project's results and effectiveness. Applications using direct contact methods with producers will be scored higher.

Applications must identify the type and number of producer actions expected as a result of the projects, and how results will be measured, in the following categories:

- Understanding risk management tools;
- Evaluating the feasibility of implementing various risk management options;
- Developing risk management plans and strategies;
- Deciding on and implementing a specific course of action (e.g., participation in crop insurance programs or implementation of other risk management actions).

Statement of Work (SOW)—Maximum 20 Points Available

Each application must include a clear and specific Statement of Work for the project as part of the Proposal Narrative. For each of the tasks contained in the Description of Agreement Award (see Section II, Award Information), the application must identify and describe specific subtasks, responsible entities including partners, expected completion dates, RMA substantial involvement, and deliverables that shall further the purpose of this program. Applications will obtain a higher score to the extent that the Statement of Work is specific, measurable and reasonable, has specific deadlines for the completion of tasks and subtasks, and relates directly to the required activities and the program purpose described in this Announcement.

Partnering—Maximum 20 Points Available

Each application must demonstrate experience and capacity to partner with and gain the support of producer organizations, agribusiness professionals, subject matter experts, and agricultural leaders to carry out a local program of education and information in a designated State. Each application must establish a written

Partnering Plan that describes how each partner shall aid in carrying out the project goal and purpose stated in this announcement and should include letters of commitment dated no more than 45 days prior to submission of the relevant application stating that the partner has agreed to do this work. Each application must ensure this Plan includes a list of all partners working on the project, their titles, and how they will contribute to the deliverables listed in the application. The Partnering Plan will not count towards the maximum length of the application narrative. Applications will receive higher scores to the extent that the application demonstrates: (a) That partnership commitments are in place for the express purpose of delivering the program in this announcement; (b) that a broad group of producers will be reached within the State; (c) that partners are contributing to the project and involved in recruiting producers to attend the training; (d) that a substantial effort has been made to partner with organizations that can meet the needs of producers in the designated State; and (e) statements from each partner regarding the number of producers that partner is committed to recruit for the project that would support the estimates specified under the Project Impacts criterion.

Project Management—Maximum 20 Points Available

Each application must demonstrate an ability to implement sound and effective project management practices. Higher scores in this category will be awarded to applications that demonstrate organizational skills, leadership, and experience in delivering services or programs that assist agricultural producers in the designated State. Each application must demonstrate that the Project Director has the capability to accomplish the project goal and purpose stated in this announcement by (a) having a previous or existing working relationship with the agricultural community in the designated State of the application, including being able to recruit approximately the number of producers to be reached in the application and/or (b) having established the capacity to partner with and gain the support of producer organizations, agribusiness professionals, and agribusiness leaders locally to aid in carrying out a program of education and information, including being able to recruit approximately the number of producers to be reached in this application. Applications must designate an alternate individual to assume responsibility as Project Director

in the event the original Project Director is unable to finish the project. Applications that will employ, or have access to, personnel who have experience in directing local educational programs that benefit agricultural producers in the respective State will receive higher rankings in this category.

Budget Appropriateness and Efficiency—Maximum 20 Points Available

Applications must provide a detailed budget summary, both in narrative and in Microsoft Excel, that clearly explains and justifies costs associated with the project's tasks and subtasks. Applications will receive higher scores in this category to the extent that they can demonstrate a fair and reasonable use of funds appropriate for the project and a budget that contains the *estimated cost of reaching each individual producer*.

Bonus Points for Minority Partnering—Maximum 20 Bonus Points Available

RMA is focused on adding diversity to this program. RMA may add up to an additional 20 points to the final paneled score of any submission demonstrating a *partnership with another producer group or community based group that represent minority producers*. The application must state in the Partnering Plan that a Minority Partnership is in place as validated by a current Letter of Commitment that identifies the producer group or community based group partner that will represent minority producers.

B. Review and Selection Process

Applications will be evaluated using a two-part process. First, each application will be screened by USDA and RMA personnel to ensure that it meets the requirements in this Announcement. Applications that do not meet the requirements of this Announcement or that are incomplete will not receive further consideration

during the next process. Applications that meet Announcement requirements will be sorted into the RMA Region in which the applicant proposes to conduct the project and will be presented to a review panel for consideration. Second, the review panel will meet to consider and discuss the merits of each application. The panel will consist of not less than three independent reviewers. Reviewers will be drawn from USDA, other Federal agencies, and public and private organizations, as needed. After considering the merits of all applications within an RMA Region, panel members will score each application according to the criteria and point values listed above. The panel will then rank each application against others within the RMA Region according to the scores received. The review panel will report the results of the evaluation to the Manager of FCIC. The panel's report will include the recommended applicants to receive cooperative partnership agreements for each RMA Region. Funding will not be provided for an application receiving a score less than 60. Funding will not be provided for an application that is "highly similar" to a higher-scoring application in the same RMA Region. "Highly similar" is defined as one that proposes to reach the same producers, farmers and ranchers who are likely to be reached by another applicant that scored higher by the panel and provides the same general educational material. An organization, or group of organizations in partnership, may apply for funding under other FCIC or RMA programs, in addition to the program described in this Announcement. However, if the Manager of FCIC determines that an application recommended for funding is sufficiently similar to a project that has been funded or has been recommended to be funded under another RMA or FCIC program, then the Manager may elect not to fund that application in whole or in part. The Manager of FCIC will make the final determination on those applications that will be awarded funding.

VI. Award Administration Information

A. Award Notices

The award document will provide pertinent instructions and information including, at a minimum, the following:

(1) Legal name and address of performing organization or institution to which the Manager of FCIC has issued an award under the terms of this request for applications;

(2) Title of project;

(3) Name(s) and employing institution(s) of Project Directors chosen to direct and control approved activities;

(4) Identifying award number assigned by RMA;

(5) Project period, specifying the amount of time RMA intends to support the project without requiring recompeting for funds;

(6) Total amount of RMA financial assistance approved by the Manager of FCIC during the project period;

(10) Approved budget plan for categorizing allocable project funds to accomplish the stated purpose of the award; and

(11) Other information or provisions deemed necessary by RMA to carry out its respective awarding activities or to accomplish the purpose of a particular award.

Following approval by the Manager of FCIC of the applications to be selected for funding, project leaders whose applications have been selected for funding will be notified. Within the limit of funds available for such a purpose, the Manager of FCIC will enter into cooperative partnership agreements with those selected applicants.

After a cooperative partnership agreement has been signed, RMA will extend to awardees, in writing, the authority to draw down funds for the purpose of conducting the activities listed in the agreement. All funds provided to the applicant by FCIC must be expended solely for the purpose for which the funds are obligated in accordance with the approved cooperative partnership agreement and budget, the regulations, the terms and conditions of the award, and the applicability of Federal cost principles. No commitment of Federal assistance beyond the project period is made or implied for any award resulting from this notice.

Notification of denial of funding will be sent to applicants after final funding decisions have been made and the awardees announced publicly. Unsuccessful applicants will be provided a debriefing upon request to the Director, Risk Management Education.

B. Administrative and National Policy Requirements

1. Requirement To Use USDA Logo

Applicants awarded cooperative partnership agreements will be required to use a USDA logo provided by RMA for all instructional and promotional materials, when deemed appropriate.

2. Requirement To Provide Project Information to an RMA-Selected Representative

Applicants awarded cooperative partnership agreements may be required to assist RMA in evaluating the effectiveness of its educational programs by notifying RMA of upcoming training meeting and by providing documentation of educational activities, materials, and related information to any representative selected by RMA for program evaluation purposes.

3. Access to Panel Review Information

In addition, the identities of review panel members will remain confidential throughout the entire review process and will not be released to applicants. At the end of the fiscal year, names of panel members will be made available. However, panelists will not be identified with the review of any particular application. When an application results in a cooperative partnership agreement, that agreement becomes a part of the official record of RMA transactions, available to the public upon specific request. Information that the Secretary of Agriculture determines to be of a confidential, privileged, or proprietary nature will be held in confidence to the extent permitted by law. Therefore, any information that the applicant wishes to be considered confidential, privileged, or proprietary should be clearly marked within an application, including the basis for such designation. The original copy of an application that does not result in an award will be retained by RMA for a period of one year. Other copies will be destroyed. Copies of

applications not receiving awards will be released only with the express written consent of the applicant or to the extent required by law. An application may be withdrawn at any time prior to award.

In addition, for each award action in excess of \$100,000 (\$150,000 for loans) the law requires awardees and any subcontractors to complete a certification in accordance with Appendix A to Part 3018 and a disclosure of lobbying activities in accordance with Appendix B to Part 3018. The law establishes civil penalties for non-compliance.

7. Applicable OMB Circulars

All cooperative partnership agreements funded as a result of this notice will be subject to the requirements contained in all applicable OMB circulars at http://www.whitehouse.gov/omb/grants_circulars.

8. Requirement To Assure Compliance With Federal Civil Rights Laws

Awardees and all partners/ collaborators of all cooperative agreements funded as a result of this notice are required to know and abide by Federal civil rights laws, which include, but are not limited to, Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d *et seq.*), and 7 CFR part 15. RMA requires that awardees submit an Assurance Agreement (Civil Rights),

assuring RMA of this compliance prior to the beginning of the project period.

9. Requirement To Participate in a Post Award Teleconference

RMA requires that project leaders participate in a post award teleconference, if conducted, to become fully aware of agreement requirements and for delineating the roles of RMA personnel and the procedures that will be followed in administering the agreement and will afford an opportunity for the orderly transition of agreement duties and obligations if different personnel are to assume post-award responsibility.

12. Requirement To Submit a Project Plan of Operation in the Event of a Human Pandemic Outbreak

RMA requires that project leaders submit a project plan of operation in case of a human pandemic event. The plan should address the concept of continuing operations as they relate to the project. This should include the roles, responsibilities, and contact information for the project team and individuals serving as back-ups in case of a pandemic outbreak.

C. Reporting Requirements

Awardees will be required to submit quarterly progress reports using the Performance Progress Report (SF-PPR) as the cover sheet, and quarterly financial reports (OMB Standard Form 425) throughout the project period, as well as a final program and financial report not later than 90 days after the end of the project period. L. 110-246]. Accordingly, the authority to administer the VMLRP transferred from CSREES to NIFA.

Background and Purpose

In January 2003, the National Veterinary Medical Service Act (NVMSA) was passed into law adding section 1415A to the National Agricultural Research, Extension, and Teaching Policy Act of 1997 (NARETPA). This law established a new Veterinary Medicine Loan Repayment Program (7 U.S.C. 3151a) authorizing the Secretary of Agriculture to carry out a program of entering into agreements with veterinarians under which they agree to provide veterinary services in veterinarian shortage situations. In November 2005, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2006 (Pub. L. 109-97) appropriated \$495,000 for CSREES to implement the VMLRP and represented the first time funds had been appropriated for this program.

In February 2007, the Revised Continuing Appropriations Resolution, 2007 (Pub. L. 110-5) appropriated an additional \$495,000 to CSREES for support of the program, in December 2007, the Consolidated Appropriations Act, 2008 appropriated an additional \$868,875 to CSREES for support of this program, in March 2009, the Omnibus Appropriations Act, 2009 (Pub. L. 111-

8) was enacted, providing an additional \$2,950,000 for the VMLRP, in October 2009, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act of 2010 (Pub. L. 111-80) appropriated an additional \$4,800,000 for the VMLRP, and in April 2011, the President signed into law, Public Law 112-10, Department of Defense and Full-Year Continuing Appropriations Act, 2011, which, after the .2% rescission, appropriated an additional \$4,790,400 for the VMLRP.
