

is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DATES: Comments are encouraged and will be accepted until October 30, 2012. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Federal Investigative Services, U.S. Office of Personnel Management, 1900 E Street NW., Washington, DC 20415, Attention: Laura Eury or sent via electronic mail to FISFormsComments@opm.gov.

FOR FURTHER INFORMATION CONTACT: A copy of this ICR, with applicable supporting documentation, may be obtained by contacting the Federal Investigative Services, U.S. Office of Personnel Management, 1900 E Street NW., Washington, DC 20415, Attention: Laura Eury or sent via electronic mail to FISFormsComments@opm.gov.

SUPPLEMENTARY INFORMATION: OPM's Federal Investigative Services (FIS), Freedom of Information and Privacy Act (FOI/PA) office proposes use of this optional form (INV 100) to standardize collection of data elements specific to FOIA and Privacy Act record requests submitted to FIS. Current FOIA and Privacy Act record requests are submitted to FIS-FOI/PA in a format chosen by the requester, yet consistent with the published regulations at 5 CFR 294 and 297, respectively. Often the requests are missing data elements which require contact with the requester via mail, thereby adding time to the access process. Standardization of the access process will increase the volume of perfected requests received and strike an appropriate balance between the burden to the public in submitting a

request and FIS-FOI/PA being able to verify the identity of the requester, thereby ensuring Privacy Act Protected records are not inappropriately released to third parties. It is estimated that 16,626 individuals will respond annually. The INV 100 takes approximately 5 minutes to complete. The estimated annual burden is 1,386 hours.

U.S. Office of Personnel Management.

John Berry,

Director.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Form T-6; OMB Control No. 3235-0391; SEC File No. 270-344.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management Budget for extension and approval.

Form T-6 (17 CFR 269.9) is an application for eligibility and qualification for a foreign person or corporation under the Trust Indenture Act of 1939 (15 U.S.C. 77aaa *et seq.*). Form T-6 provides the basis for determining whether a foreign person or corporation is eligible to serve as a trustee for qualified indenture. Form T-6 takes approximately 17 burden hours per response and is filed by approximately 15 respondents annually. We estimate that 25% of the 17 hours (4.25 hours) is prepared by the filer for an annual reporting burden of 64 hours (4.25 hours per response × 15 responses).

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.
