

to all clearing members trading applicable exchange new products and there is no concurrent increase in clearing fees for any other clearing members clearing any other products at OCC. The proposed rule change is not inconsistent with the existing rules of the OCC including any other rules proposed to be amended.

*(B) Clearing Agency's Statement on Burden on Competition*

OCC does not believe that the proposed rule change would impose a burden on competition.<sup>5</sup> Although this proposed rule change affects clearing members, their customers and the markets that OCC serves, OCC believes that the proposed rule change would not disadvantage or favor any particular user of OCC's services in relationship to another user because clearing fees apply equally to all users of OCC as set forth in OCC's Schedule of Fees. Additionally, and as described above, OCC cannot discriminate among exchanges with respect to the nature or quality of the services it provides to the exchanges for which it provides clearance and settlement services. For the foregoing reasons, OCC does not believe that the proposed rule change would impose a burden on competition.

*(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

Written comments on the proposed rule change were not and are not intended to be solicited with respect to the proposed rule change and none have been received.
