("NYSE Arca") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Exchange Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to list and trade shares of the Bitwise Bitcoin ETF Trust under NYSE Arca Rule 8.201-E. The proposed rule change was published for comment in the **Federal Register** on February 15, 2019.<sup>3</sup> On March 29, 2019, pursuant to Section 19(b)(2) of the Exchange Act,<sup>4</sup> the Division of Trading and Markets ("Division"), for the Commission pursuant to delegated authority, designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change.<sup>5</sup> On May 7, 2019, NYSE Arca filed Amendment No. 1 to the proposed rule change, which replaced and superseded the proposed rule change as originally filed, and on May 14, 2019, the Division, for the Commission pursuant to delegated authority, published the proposed rule change, as modified by Amendment No. 1, for notice and comment and instituted proceedings under Section 19(b)(2)(B) of the Exchange Act<sup>6</sup> to determine whether to approve or disapprove the proposed rule change, as modified by Amendment No. 1.<sup>7</sup> On August 12, 2019, the Division, for the Commission pursuant to delegated authority, extended the period for consideration of the proposed rule change, as modified by Amendment No. 1.<sup>8</sup> On October 9, 2019, the Division, for the Commission pursuant to delegated

On January 13, 2020, NYSE Arca withdrew the proposed rule change (SR-NYSEArca-2019-01).<sup>14</sup>

Under Commission Rule of Practice 431(a), the Commission may "affirm, reverse, modify, set aside or remand for further proceedings, in whole or in part, any action made pursuant to" delegated authority.<sup>15</sup> We find that, in light of the NYSE Arca's withdrawal of the proposed rule change, it is appropriate to set aside the Delegated Order.

Accordingly, *it is ordered* that the October 9, 2019, order disapproving by delegated authority NYSE Arca's proposed rule change number SR-NYSEArca-2019-01, be, and it hereby is, set aside.

November 13, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on November 12, 2020, The Depository Trust Company ("DTC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the clearing agency. ## II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the clearing agency included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The clearing agency has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

### (A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

The purpose of the proposed rule change is to amend the Reorganizations Guide to (1) establish November 16, 2020 as the date for the retirement of the RIPS function for mandatory corporate action events, and (2) make clarifying and technical changes, as more fully described below.

##### (i) RIPS (Reorganization Inquiry for Participants) Retirement

On May 21, 2019, DTC filed with the Commission a proposed rule change to, among other things, update its corporate action service by transitioning certain corporate action functions on PTS and PBS for the processing of Reorganizations to the Corporate Action Web ("CA Web")<sup>8</sup> system.<sup>9</sup> The rule change provided that, at the conclusion of the pilot test phase in Q2 of 2019, Reorganizations activity within the ADJI (Adjustment Inquiries) function, the RIPS function for mandatory reorganizations, and the SDAR Dept. C (Reorg/Redemptions/Dividend Allocations) function would be retired from PTS/PBS and the equivalent functionality would only be available on CA Web.

Subsequent to the May 21, 2019 rule filing, DTC had received feedback from Participants indicating that they needed

additional time to test the parallel RIPS functionality on CA Web, the "Reorganizations Announcements" function. DTC postponed the retirement of the RIPS function for mandatory corporate actions events from PTS to an unspecified future date in order to provide Participants with the additional time for testing.<sup>10</sup>

DTC understands that the Participants have completed their testing. Thus, pursuant to this proposed rule change, DTC would retire the RIPS function for mandatory corporate actions events from PTS on November 16, 2020. In addition, DTC would amend the Reorganizations Guide to reference the retirement and to remove references to RIPS for mandatory corporate actions events.

#### (ii) Clarifying and Technical Changes

Pursuant to the proposed rule change, DTC would make other technical and clarifying changes to the Reorganizations Guide, as described below.

##### 1. "Important Legal Information" Section

Pursuant to the proposed rule change, DTC would update the copyright date from 2019 to 2020.

##### 2. "About Reorganization Services" Section

In the "Preparing to Use the Services" subsection, DTC is proposing to remove the chart of PTS/PBS functions that were retired in 2019. These functions have since been replaced by CA Web functionality.

In the "How Reorganizations Work" subsection, DTC is proposing to delete "Participant Terminal System (PTS) functions" and "Participant Browser Service (PBS)" from the list of delivery mechanism that DTC uses to provide Participants with information pertaining to their entitlements. The PTS/PBS functions that had been used for this purpose were retired.

In the "Associated PTS/PBS and CA Web Functions" subsection, DTC is proposing to delete the ART, POS, SDAR, ADJI rows from the table, as these functions were retired in 2019.<sup>11</sup> In addition, DTC is proposing to delete the row for LENP, which was replaced by the Legal Notice System (LENS).<sup>12</sup> Further, pursuant to the proposed rule

change, DTC would delete the "X" in the Mand column for the RIPS row, to reflect the retirement of RIPS for mandatory reorganizations. DTC would also delete the "X" in the PXY column for RIPS because Proxy announcements are not viewed in RIPS, but rather are viewed in PTS PXY and announced in PTS PANS.

#### 3. "Announcements" Section

In the "How the Announcement Service Works" subsection, DTC is proposing to update the final sentence in the subsection to reflect that announcement information is also delivered electronically via ISO 20022 messaging.

In the "How to View Mandatory and Voluntary Reorganization Announcements" subsection, DTC is proposing to amend the first sentence and insert a footnote to reflect that, after the RIPS function for mandatory reorganizations announcements is retired on November 16, 2020, the RIPS function would only be available for voluntary reorganizations announcements.

#### 4. "Processing" Section

In the "Mandatory Reorganizations" subsection, in the "Various Types of Mandatory Reorganizations" table, DTC is proposing to edit the description for the Liquidation event by deleting "securities and/or." The reference to securities is incorrect because DTC does not distribute securities under a Liquidation event type. Securities are distributed under a plan of reorganization.

In the "Reorganization (RRG) Segregated Account" subsection, for consistency, DTC is proposing to move the sentence "Contra-CUSIP numbers are used to segregate your position (representing instructions submitted) for voluntary offers and put bond options." to the "About Contra-CUSIPs" subsection.

In the "About Contra-CUSIPs" subsection, DTC is proposing to streamline the description of contra-CUSIPs to enhance readability, and, for accuracy, to update the description to reflect that a contra-CUSIP contains the same first three digits of the issuer number assigned to the subject security. Further, DTC is proposing to simplify the description of a contra-CUSIP by removing text and examples that address the specific numerical construction of a contra-CUSIP. In addition to the three issuer digits, DTC generates the other digits of a contra-CUSIP on the basis of multiple factors, including, but not limited to, security characteristics, event types, and

<sup>8</sup> In PTS/PBS, corporate actions are announced using DTC proprietary codes to signify event types. CA Web replaces DTC's proprietary codes with market standard language. For example, a cash dividend payment that PTS/PBS identifies as a "08" function code is identified in CA Web as a "Cash Dividend" event. Additionally, CA Web incorporates the entire lifecycle of an event into one platform with a unique corporate action identifier that follows the event through its lifecycle. CA Web gives Participants the ability to customize screen displays and offers flexible methods for event search, neither of which is available in the PTS/PBS systems.

<sup>9</sup> See Securities Exchange Act Release No. 85986 (May 31, 2019), 84 FR 26466 (June 6, 2019) (SR-DTC-2019-003).

<sup>10</sup> See Securities Exchange Act Release No. 86255 (July 1, 2019), 84 FR 32508 (July 8, 2019) (SR-DTC-2019-004).

<sup>11</sup> See Securities Exchange Act Release No. 85986 (May 31, 2019), 84 FR 26466 (June 6, 2019) (SR-DTC-2019-003).

<sup>12</sup> See Important Notice 6525-10 (March 31, 2010), *supra* note 7.

currency. These other digits are used by DTC for internal tracking and accounting purposes and are not intended to provide information to Participants about the offer or event. The current language of the Reorganizations Guide does not reflect the full scope of the DTC process. In addition, because it is an internal DTC process for internal DTC use, DTC believes that Participants do not need, and may be confused by, information about how DTC generates the specific digits in a contra-CUSIP.

#### 5. "Instructions/Expirations" Section

In the second paragraph of the "Accepting an ATOP-Eligible Offer" subsection, DTC is proposing to insert "ISO 20022" in the list of interfaces through which a Participant can view a notice of a tender offer.

In the "Submitting a Protect for an ATOP-Eligible Offer" subsection, DTC is proposing to insert additional language into the Warning! paragraph to clarify that DTC will only accept cover of protect instructions outside of PTS PTOPTOP or PBS Voluntary Tenders and Exchanges when the window for submitting instructions through PTS PTOPTOP or PBS Voluntary Tenders and Exchanges has closed, and only if the Participant contacted the agent before the offer had actually expired. If the offer expired prior to the Participant contacting the agent, any agreements to handle the protect will be required to be completed outside DTC. Further, DTC is proposing to clarify that if the Participant contacts the agent before the actual expiration of the offer and the agent agrees to accept an email submission directly, the agent will notify DTC and the Participant should email a Protect Submission Form to DTC. Once the communication from both the agent and Participant has been received by DTC, with each having provided the appropriate indemnification language, DTC will then input the protect submission on behalf of the Participant.

In the "Submitting a Cover of Protect via PTS PTOPTOP or PBS Voluntary Tenders and Exchanges for an ATOP-Eligible Offer" subsection, DTC is proposing to insert additional language into the Warning! paragraph to clarify that DTC will not accept cover of protect instructions outside of PTS PTOPTOP or PBS Voluntary Tenders and Exchanges (i) if the window for submitting instructions through PTS PTOPTOP or PBS Voluntary Tenders and Exchanges is still open, or (ii) if the original protect was not accepted in PTS PTOPTOP or PBS Voluntary Tenders and Exchanges. In the paragraph below the Warning!

paragraph, DTC is proposing to insert "ISO 20022 message" in the lists of interfaces through which a Participant can view the notice of a tender offer.

In the "Submitting a Cover of Protect via PTS PTOPTOP or PBS Voluntary Tenders and Exchanges on Behalf of Another Participant" subsection, DTC is proposing to insert additional language into the Warning! paragraph to clarify that in order for one Participant to cover a protect on behalf of a second Participant, the second Participant must have either (i) submitted its protect via PTS/PBS, or (ii) submitted a protect to the agent via email that was subsequently communicated to DTC and input into PTS PTOPTOP by DTC.

In the "Procedures for Submitting Instructions Outside of PTS/PBS"/"Submitting the Instruction" subsection, in the fifth Warning! paragraph, DTC is proposing to insert "CA Web and ISO 20022 messages" as interfaces through which a Participant can view information about a tender offer.

#### 2. Statutory Basis

Section 17A(b)(3)(F) of the Act requires, *inter alia*, that the Rules be designed to promote the prompt and accurate clearance and settlement of securities transactions.<sup>13</sup>

DTC believes that the proposed rule change with respect to establishing November 16, 2020 as the date for the retirement of the RIPS function for mandatory corporate actions events is consistent with Section 17(A)(b)(3)(F) of the Act referenced above. By requiring Participants to utilize the more flexible and robust CA Web interface, DTC would be promoting more efficient access to reorganization services and a broader view of a reorganization event for Participants. Therefore, DTC believes that the proposed rule change would promote the prompt and accurate clearance and settlement of securities transactions relating to mandatory corporate actions events, consistent with Section 17A(b)(3)(F) of the Act, cited above.

DTC believes that the proposed rule change to amend the Reorganizations Guide to make technical and clarifying changes is consistent with Section 17(A)(b)(3)(F) of the Act referenced above because it would enhance the clarity and transparency of the Reorganizations Guide. By enhancing the clarity and transparency of the Reorganizations Guide, the proposed rule change would allow Participants to more efficiently and effectively conduct their business in connection with

processing reorganization events and settling related securities transactions. Therefore, DTC believes that the proposed rule change is designed to promote the prompt and accurate clearance and settlement of securities transactions related to Reorganizations, consistent with Section 17A(b)(3)(F) of the Act, cited above.

#### (B) Clearing Agency's Statement on Burden on Competition

DTC believes that the proposed rule change with respect to amending the Reorganizations Guide to establish November 16, 2020 as the date for the retirement of the RIPS function for mandatory corporate actions events would not have any impact on competition. As discussed above, DTC had originally postponed the retirement date to allow Participants additional time to test the parallel functionality on CA Web. As Participants' testing is now complete, the retirement of RIPS for mandatory corporate actions, which applies to all Participants equally, can proceed. Therefore, DTC believes that the proposed rule change with respect to amending the Reorganizations Guide to establish November 16, 2020 as the date for the retirement of the RIPS function for mandatory corporate actions events would not have any impact on competition.<sup>14</sup>

DTC believes that the proposed rule change to amend the Reorganizations Guide to make technical and clarifying changes would not have any impact on competition because it merely would enhance the clarity and transparency of the Reorganizations Guide, and therefore would not affect the rights and obligations of any party.

#### (C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments relating to the proposed rule change have not been solicited or received. DTC will notify the Commission of any written comments received by DTC.

### III. Date of Effectiveness of the Proposed Rule Change, and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) <sup>15</sup> of the Act and paragraph (f) <sup>16</sup> of Rule 19b-4 thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90423; File No. SR-NASDAQ-2020-074]

### Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Exchange's Transaction Credits at Equity 7, Section 118

November 13, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on November 2, 2020, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange's transaction credits at Equity 7, Section 118, as described further below.

The text of the proposed rule change is available on the Exchange's website at <https://listingcenter.nasdaq.com/rulebook/nasdaq/rules>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The

Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange proposes to amend its schedule of credits at Equity 7, Section 118, to add a new credit for executing orders in securities in all three Tapes.

Presently, the Exchange offers its members a credit of \$0.00295 per share of displayed orders/quotes (other than Supplemental Orders or Designated Retail Orders) that provide liquidity to the extent such members (i) have shares of liquidity provided in all securities through one or more of its Nasdaq Market Center MPIDs that represent 0.70% or more of Consolidated Volume<sup>3</sup> during the month; (ii) execute 0.20% or more of Consolidated Volume during the month through providing midpoint orders and through MELO; and (iii) remove at least 1.10% of Consolidated Volume during the month of Consolidated Volume during the month through one or more of their Nasdaq Market Center MPIDs [sic]. The purpose of this credit is to incent members to engage in substantial volumes of liquidity adding and removal activity on the Exchange during a month and, in particular, to execute a substantial percentage of such volume through the provision of midpoint and Midpoint Extended Life Orders, or "M-ELOs."

The Exchange now proposes to add a new, higher credit for members that meet similar criteria, albeit with higher volume requirements. Specifically, the Exchange proposes to provide a new credit of \$0.00305 per share of displayed orders/quotes (other than Supplemental Orders or Designated Retail Orders) that provide liquidity to the extent such members (i) have shares of liquidity provided in all securities through one or more of its Nasdaq Market Center MPIDs that represent 1.20% or more of Consolidated

<sup>3</sup> Pursuant to Equity 7, Section 118(a), the term "Consolidated Volume" means the total consolidated volume reported to all consolidated transaction reporting plans by all exchanges and trade reporting facilities during a month in equity securities, excluding executed orders with a size of less than one round lot. For purposes of calculating Consolidated Volume and the extent of a member's trading activity the date of the annual reconstitution of the Russell Investments Indexes is excluded from both total Consolidated Volume and the member's trading activity.
