SUPPLEMENTARY INFORMATION: The Office of Management and Budget's (OMB) regulation (5 CFR part 1320) implementing provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13) requires that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. Title: 7 CFR Part 1724, Electric Engineering, Architectural Services and Design Policies and Procedures.

OMB Control Number: 0572-0118.

Type of Request: Revision of a previously approved collection.

Abstract: The rule requires borrower to use three Rural Development contract forms under certain circumstances. The use of standard forms helps assure the Agency that:

- Appropriate standards and specifications are maintained;
- The Agency loan security is not adversely affected; and

- Loan and loan guarantee funds are used effectively and for the intended purpose.

Standardization of forms by Rural Development results in substantial savings to:

- Borrowers—If standard forms were not used, borrowers would need to prepare their own documents at significant expense; and
- Government—If standard forms were not used, each document submitted by a borrower would require extensive and costly review by both Rural Development and the Office of General Counsel.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1.05 hours per response.

Respondents: Businesses, not-for-profit institutions and others.

Estimated Number of Respondents: 99.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 104 hours.

Copies of this information collection can be obtained from Gale Richardson, Program Development and Regulatory Analysis, at (202) 720-0992.

Fax: (202) 720-3485. E-mail: gale.richardson@wdc.usda.gov.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: June 26, 2008.
