Pursuant to these regulations, NMFS has issued an LOA to Energy Resource Technology GOM, Inc., Noble Energy, Inc., and Demex International, Inc. Issuance of the LOAs are based on a finding made in the preamble to the final rule that the total taking by these activities (with monitoring, mitigation, and reporting measures) will result in no more than a negligible impact on the affected species or stock(s) of marine mammals and will not have an unmitigable adverse impact on subsistence uses. NMFS also finds that the applicants will meet the requirements contained in the implementing regulations and LOAs, including monitoring, mitigation, and reporting requirements.
