AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before April 15, 2008.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Abstract: The Adult Education and Family Literacy Act (AEFLA), Title II of the Workforce Investment Act of 1998 (WIA), Public Law 105-220 provides formula funding to States to support adult education instruction at the State level. Section 224 of Public Law 105-220 required States submit to the Department their plan for how they address the requirements of the Act, including agreeing upon levels of performance identified in section 212. Congress did not enact new legislation prior to the expiration of the law in 2003, however, they continue to extend program appropriations for each additional year in annual appropriation laws, respectively. While it is unlikely that Congress will reauthorize the expired Workforce Investment Act of 1998 (WIA) this year, appropriations for FY 2008 was signed into law by the President on December 27, 2007. This Guide will continue to, as it has since the expiration of WIA advise States on how to continue their Adult Education programs. Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Carol M. White Physical Education Program (PEP) provides grants to local educational agencies (LEAs) and community-based organizations (CBOs) to initiate, expand, or enhance physical education programs, including after-school programs, for students in kindergarten through 12th grade. Grant recipients must implement programs that help students make progress toward meeting State standards.

Priorities: In accordance with 34 CFR 75.105(b)(iv), this priority is from sections 5503 and 5504(a) of the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001 (ESEA), (20 U.S.C. 7261b, 7261c).

Absolute Priority: For FY 2008, and any subsequent year in which we make awards from the list of unfunded

applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

The initiation, expansion, and improvement of physical education programs (which may include after-school programs) in order to make progress toward meeting State standards for physical education for kindergarten through 12th grade students by (1) providing equipment and support to enable students to participate actively in physical education activities; and (2) providing funds for staff and teacher training and education.

A physical education program funded under this absolute priority must provide for one or more of the following:

- (1) Fitness education and assessment to help students understand, improve, or maintain their physical well-being.
- (2) Instruction in a variety of motor skills and physical activities designed to enhance the physical, mental, and social or emotional development of every student.
- (3) Development of, and instruction in, cognitive concepts about motor skills and physical fitness that support a lifelong healthy lifestyle.
- (4) Opportunities to develop positive social and cooperative skills through physical activity participation.
- (5) Instruction in healthy eating habits and good nutrition.
- (6) Opportunities for professional development for teachers of physical education to stay abreast of the latest research, issues, and trends in the field of physical education.

Competitive Preference Priority:

Within this absolute priority, we give competitive preference to applications that address the following priority.

This priority is from 34 CFR 75.225. Under 34 CFR 75.105(c)(2)(i) we award an additional 5 points to an application that meets this priority.

This priority is:

This priority is for applications from novice applicants.

The term novice applicant means any applicant for a grant from the Department of Education that—

- (1) Has never received a grant or subgrant under the program from which it seeks funding;
- (2) Has never been a member of a group application, submitted in accordance with 34 CFR 75.127 through 75.129, that received a grant under the program from which it seeks funding; and
- (3) Has not had an active discretionary grant from the Federal Government in the five years before the

deadline date for transmittal of applications under this competition. For the purpose of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127 through 75.129, to qualify as a novice applicant all group members must meet the requirements described.

Invitational Priority: Within this absolute priority, we are particularly interested in applications that address the following invitational priority. Under 34 CFR 75.105(c)(1) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

This priority is for projects that propose programs to address problems identified by the applicant in a self-assessment, using the Physical Education and Other Physical Activity Programs and Nutrition Services modules of the Centers for Disease Control and Prevention's School Health Index (SHI) that are appropriate for the schools to be served by the grant. Applicants addressing this priority in their applications are invited to include their SHI scores for these two modules in their application for funding, and to plan on completing the same Physical Education and Other Physical Activity Programs and Nutrition Services modules of the SHI at the end of the project period.

CBOs are invited to partner with a LEA or school to complete the Physical Education and Other Physical Activity Programs and Nutrition Services modules of the SHI since the self-assessment tool is designed to assess school-based programs and policies related to physical activity and nutrition services.

Information about the SHI is available at the Centers for Disease Control and Prevention's Web site at <http://www.cdc.gov/healthyyouth>.
