#### SUPPLEMENTARY INFORMATION:

##### A. Purpose

GSA has various mission  
responsibilities related to the  
acquisition and provision of supplies,  
transportation, information technology,  
telecommunications, real property  
management, and disposal of real and  
personal property. These mission  
responsibilities generate requirements  
that are realized through the solicitation  
and award of public contracts.

Most GSA procurement-related  
information collections are required by  
the Federal Acquisition Regulation  
(FAR) or General Services  
Administration Acquisition Regulation  
(GSAR); each clause requiring such a  
collection must be individually  
approved by OMB. However, some  
solicitations require contractors to  
submit information specific to that  
contracting action, such as information  
needed to evaluate offers (e.g. specific  
instructions for technical and price  
proposals, references for past  
performance) or data used to administer  
resulting contracts (e.g. project  
management plans).

This information collection is  
currently associated with GSA's  
information collection requirements  
contained in solicitations issued in  
accordance with the Uniform Contract  
Format under FAR Part 14, Sealed  
Bidding (see GSAR 514.201-1); FAR  
Part 15, Contracting by Negotiation (see  
GSAR 552.215-73); and solicitations  
under FAR Part 12, Acquisition of  
Commercial Items (see GSAR 512.301).  
This includes information collection  
requirements found in GSA Federal  
Supply Schedule (FSS) solicitations.
