International Trade Administration

[A-570-956]

Certain Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe from the People's Republic of China: Amended Preliminary Determination of Sales at Less Than Fair Value

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: May 28, 2010.

SUMMARY: The Department of Commerce ("Department") has determined that it made certain significant ministerial errors in the preliminary determination

of sales at less than fair value in the antidumping duty investigation of certain seamless carbon and alloy steel standard, line, and pressure pipe ("seamless pipe") from the People's Republic of China ("PRC"). As a result, we are amending our preliminary determination to correct certain significant ministerial errors with respect to the antidumping duty margins for a mandatory respondent and for exporters eligible for a separate rate.

FOR FURTHER INFORMATION CONTACT:

Magd Zalok, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4162.

SUPPLEMENTARY INFORMATION: On April 28, 2010, the Department published its affirmative preliminary determination in this proceeding. *See Certain Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe From the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value, Affirmative Preliminary Determination of Critical Circumstances, in Part, and Postponement of Final Determination*, 75 FR 22372 (April 28, 2010) ("Preliminary Determination"). On May 3, 2010, Tianjin Pipe (Group) Corporation and Tianjin Pipe International Economic and Trading Corporation (collectively "TPCO") submitted ministerial error allegations with respect to the margin calculations for TPCO in the *Preliminary Determination*, alleging certain errors in conversion, arithmetic, and surrogate value calculations. No other interested party submitted ministerial error allegations. After reviewing TPCO's allegations, we have determined that the *Preliminary Determination* contains ministerial errors. We agree that the ministerial errors are "significant" as that term is defined in 19 CFR 351.224(g). Therefore, pursuant to 19 CFR 351.224(e), we have made changes to the *Preliminary Determination*.

Scope of Investigation

The merchandise covered by this investigation is certain seamless carbon and alloy steel (other than stainless steel) pipes and redraw hollows, less than or equal to 16 inches (406.4 mm) in outside diameter, regardless of wall-thickness, manufacturing process (e.g., hot-finished or cold-drawn), end finish (e.g., plain end, beveled end, upset end, threaded, or threaded and coupled), or surface finish (e.g., bare, lacquered or coated). Redraw hollows are any unfinished carbon or alloy steel (other
