

and certification of products under the NRTL Program.

TABLE 1—PROPOSED LIST OF APPROPRIATE TEST STANDARDS FOR INCLUSION IN TUVRNA'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 9540	Standard for Energy Storage Systems and Equipment.
UL 283	Air Fresheners and Deodorizers.
UL 962	Household and Commercial Furnishings.
UL 2089	Vehicle Battery Adapters.
UL 2738	Standard for Induction Power and Transmitters and Receivers for Use with Low Energy Products.
UL 8750	Standard for Light Emitting Diode (LED) Equipment for Use in Lighting Products.
UL 8752	Organic Light Emitting Diode (LED) Panels.
UL 60950-21	Information Technology Equipment—Safety—Part 21: Remote Power Feeding.
UL 60950-22	Information Technology Equipment—Safety—Part 22: Equipment to be Installed Outdoors.
UL 60950-23	Information Technology Equipment—Safety—Part 23: Large Data Storage Equipment.
UL 61010-2-030	Safety Requirements for Electrical Equipment for Measurement, Control and Laboratory Use—Part 2-030: Particular Requirements for Testing and Measuring Circuits.
UL 61010-031	Electrical Equipment for Measurement, Control and Laboratory Use—Part 031: Safety Requirements for Hand-Held Probe Assemblies for Electrical Measurement and Test.
UL 61010-2-81	Safety Requirements for Electrical Equipment for Measurement, Control and Laboratory Use—Part 2-081: Particular Requirements for Automatic and Semi-Automatic Laboratory Equipment for Analysis and other Purposes.
UL 61010-2-091	Safety Requirements for Electrical Equipment for Measurement, Control and Laboratory Use—Part 2-091: Particular Requirements for Cabinet X-Ray Systems.

III. Preliminary Finding on the Applications

TUVRNA submitted two acceptable applications for expansion of the scope of recognition. OSHA's review of the application files indicates that TUVRNA can meet the requirements prescribed by 29 CFR 1910.7 for expanding recognition to include the addition of these fourteen test standards for NRTL testing and certification. This preliminary finding does not constitute an interim or temporary approval of TUVRNA's applications.

OSHA welcomes public comment as to whether TUVRNA meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a request for an extension if it is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, listed in **ADDRESSES**. These materials also are available online at <https://www.regulations.gov> under Docket No. OSHA-2007-0042.

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, staff will

make a recommendation to the Assistant Secretary of Labor for Occupational Safety and Health on whether to grant TUVRNA's applications for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the applications. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of this final decision in the **Federal Register**.

Authority and Signature

Amanda L. Edens, Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 8-2020 (85 FR 58393, September 18, 2020) and 29 CFR 1910.7.

Signed at Washington, DC, on January 28, 2021.

Amanda L. Edens,

Deputy Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

[Docket No. OSHA-2010-0013]

SolarPTL, LLC.: Request for Renewal of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the application of SolarPTL, LLC. (PTL), requesting renewal of recognition as a Nationally Recognized Testing Laboratory (NRTL).

DATES: Submit comments, information, and documents in response to this notice, or requests for an extension of time to make a submission, on or before February 18, 2021.

ADDRESSES:

Electronically: You may submit comments and attachments electronically at: <http://www.regulations.gov>, which is the Federal eRulemaking Portal. Follow the instructions online for submitting comments.

Mail, hand delivery, express mail, messenger, or courier service: When using this method, you must submit a copy of your comments and attachments to the OSHA Docket Office, Docket No. OSHA-2010-0013, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-3653, 200 Constitution Avenue NW, Washington, DC 20210; telephone (202) 693-2350. OSHA's TTY number is (877)

889–5627. *Please note:* While OSHA's docket office is continuing to accept and process submissions by regular mail, due to the COVID–19 pandemic, the Docket Office is closed to the public and not able to receive submissions to the record by express delivery, hand delivery and messenger service.

Instructions: All submissions must include the agency name and OSHA docket number (OSHA–2010–0013). All comments, including any personal information you provide, such as social security numbers and date of birth, are placed in the public docket without change, and may be made available online at <https://www.regulations.gov>.

Docket: To read or download comments or other material in the docket, go to <https://www.regulations.gov>. All documents in the docket (including this **Federal Register** notice) are listed in the <https://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download through the website. All submissions, including copyrighted material, are available for inspection through the OSHA Docket Office. You may also contact Kevin Robinson, Director Office of Technical Programs and Coordination Activities (OTPCA) at the below address.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor, telephone: (202) 693–1999; email: meilinger.francis2@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, phone: (202) 693–2110 or email: robinson.kevin@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Background

OSHA recognition of a NRTL signifies that the organization meets the requirements in Section 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that

require testing and certification. OSHA maintains an informational web page for each NRTL that details the scope of recognition available at <https://www.osha.gov/dts/otpca/nrtl/index.html>.

OSHA processes applications by a NRTL for renewal of recognition following requirements in Appendix A to 29 CFR 1910.7. OSHA conducts renewals in accordance with the procedures in 29 CFR 1910.7, Appendix A, paragraph II.C. In accordance with these procedures, NRTLs submit a renewal request to OSHA, not less than nine months or no more than one year, before the expiration date of the current recognition. The submission includes a request for renewal and any additional information the NRTL wishes to submit to demonstrate continued compliance with the terms of the NRTL recognition and 29 CFR 1910.7. If OSHA has not conducted an on-site assessment of the NRTL's headquarters and key sites within the past 18 to 24 months, it will schedule the necessary on-site assessments prior to the expiration date of the NRTL's recognition. Upon review of the submitted material and, as necessary, the successful completion of the on-site assessment, OSHA announces the preliminary decision to grant or deny renewal in the **Federal Register** and solicit comments from the public. OSHA then publishes a final **Federal Register** notice responding to any comments and renewing the NRTL's recognition for a period of five years, or denying the renewal of recognition.

The current address of the PTL facility recognized by OSHA and included as part of the renewal request is: SolarPTL, 1107 West Fairmont Avenue, Tempe, Arizona 85252.

PTL initially received OSHA recognition as a NRTL in a **Federal Register** notice (76 FR 16452, March 23, 2011). PTL was previously recognized by OSHA as TUV Rheinland PTL, whose name was changed following a sale to SolarPTL in October 2018. PTL submitted a timely request for renewal, dated April 2, 2015 (OSHA–2010–0013), and retains their recognition pending OSHA's final decision in this renewal process. OSHA assessments of PTL during this recognition period (February 18–22, 2016; November 14–15, 2017; and January 30–31, 2019) identified nonconformities with 29 CFR 1910.7. Although PTL worked to resolve these nonconformities, it took several years for PTL to demonstrate compliance with 29 CFR 1910.7.

As a result of the nonconformities identified during OSHA's assessments of PTL during this recognition period, PTL must abide by the conditions noted

below in addition to those conditions already required by 29 CFR 1910.7:

1. PTL must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in their operations as a NRTL, and provide details of the change(s);

2. PTL must agree to increased OSHA oversight of their operations including:

(a) More frequent on-site assessments of PTL facilities; and

(b) PTL shall continue to provide OSHA with written notification of any new or revised NRTL certificates that are issued on or after December 14, 2017, within 7 days of issuing the certification. This notification shall include:

(a) Name and address of the applicant;

(b) Model number(s) for the certified products;

(c) PTL Certification number;

(d) PTL Project number;

(e) Name of PTL staff involved with the project; and

(f) Location where the product evaluation and testing took place.

3. Upon request, PTL must provide copies of the test data, certification report or other related information for new or revised certifications to OSHA.

II. Notice of Preliminary Findings

OSHA is providing notice that PTL is applying for renewal of recognition as a NRTL. This renewal covers PTL's existing NRTL scope of recognition. OSHA evaluated PTL's application for renewal and preliminarily determined that PTL can continue to meet the requirements prescribed by 29 CFR 1910.7 for recognition. This information includes OSHA's audits of PTL's recognized NRTL site during this recognition period, and the satisfactory resolution of nonconformities with the requirements of 29 CFR 1910.7. This preliminary finding does not constitute an interim or temporary approval of the request.

OSHA welcomes public comment as to whether PTL meets the requirements of 29 CFR 1910.7 for renewal of their recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. OSHA must receive the written request for an extension by the due date for comments. OSHA will limit any extension to 30 days unless the requester justifies a longer period. OSHA may deny a request for an extension if it is not adequately justified. To obtain or review copies of the publicly available information in PTL's application and

other pertinent documents (including exhibits), as well as all submitted comments, contact the Docket Office, at the above address; these materials also are available online at <https://www.regulations.gov> under Docket No. OSHA-2010-0013.

The NRTL Program staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will make a recommendation to the Assistant Secretary on whether to grant PTL's application for renewal. The Assistant Secretary will make the final decision on granting the application and, in making this decision, may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of this final decision in the **Federal Register**.

III. Authority and Signature

Amanda L. Edens, Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2)), Secretary of Labor's Order No. 8-2020 (85 FR 58393, Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on January 28, 2021.

Amanda L. Edens,

Deputy Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

LIBRARY OF CONGRESS

[Docket No. 2021-1]

Announcement of Copyright Public Modernization Committee

AGENCY: Library of Congress.

ACTION: Notice of convening of IT modernization public stakeholder committee.

SUMMARY: The Library of Congress is convening a public committee to enhance communication and provide a public forum for the technology-related aspects of the U.S. Copyright Office's modernization initiative. At this time, the Library is announcing that it will accept applications from qualified members of the public to serve on this committee. The scope of contributions made by the committee are limited to the specific topics set forth in this notice. Membership will be on a volunteer basis, with the expectation of

in-person or virtual participation at two open forums a year at the member's own expense.

DATES: The application period will be until March 15, 2021. The first meeting of the committee will be in early summer 2021, and meetings will continue twice a year for the duration of the Copyright Office IT modernization efforts, currently estimated to conclude at the end of fiscal year 2023. Meetings may be held by web conference as appropriate, and schedules are subject to change due to the evolving coronavirus pandemic.

FOR FURTHER INFORMATION CONTACT: The Library of Congress at cpmc@loc.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The Library of Congress will form a public committee on Copyright Office information technology (IT) modernization. The committee will be managed by the Office of the Chief Information Officer (OCIO), with support from the U.S. Copyright Office and from other Library offices as necessary. The goal of the committee will be to expand and enhance communication with external stakeholders on IT modernization of Copyright Office systems and to provide an ongoing public forum for sharing information and answering questions related to this initiative.

II. Public Stakeholder Committee Subjects of Discussion

Members of the Copyright Public Modernization Committee will provide feedback to the Library on the technology-related aspects of the Copyright Office's modernization initiative, including both Copyright Office IT systems and broader Library IT systems that interface with and/or support Copyright Office operations.

III. Public Stakeholder Committee Application Process

Members of the public who seek to participate in the Copyright Public Modernization Committee should submit a current curriculum vitae and a statement of interest of no more than 1000 words addressing the questions identified below no later than March 15, 2021. Answers can be submitted via email at cpmc@loc.gov. If you are unable to access a computer or the internet, please contact the Library using the contact information above for special instructions. Individuals selected for participation will be notified directly by the Library not later than May 15, 2021. In order to accommodate the expected level of interest, the Library expects to

assign no more than one representative per organization to the committee.

The public stakeholder committee will have a limited number of seats. Thus, the application and selection process is expected to be competitive. The Library will seek to select a membership that is representative of the broad and diverse Copyright Office stakeholder community. The areas of relevant expertise for membership include skill in communicating on complex technical issues; the ability to work collaboratively; and knowledge of technology relevant to Copyright Office services.

IV. Questions for Statement of Interest

For the Statement of Interest, the applicant need not address every subject identified below, but the Library requests that applicants clearly identify and separately address each numbered subject for which a response is submitted. Answers will be evaluated by the Library to select a committee with members that represent the broadest possible cross-section of Copyright Office stakeholders.

1. An important skill for members of the CPMC is the ability to communicate, whether orally or in writing, on complex technological issues, including describing their impact on the needs or interests of Copyright Office stakeholders. Please identify any relevant experience you have working and communicating on technological issues with these or any other relevant parties:

(a) Individual creators and copyright owners;

(b) Large corporate creators and companies that own or manage copyrights;

(c) Small-to-medium size enterprises that own or manage copyrights;

(d) Creators, copyright owners, or copyright users from the following sectors: photography, motion picture, musical works, sound recordings, graphic arts, publishing, software, and information technology;

(e) users of Copyright Office services, including but not limited to individuals or entities that register their works with the Office, record copyright-related documents with the Office, or benefit from or pay into the licensing systems administered by the Copyright Office;

(f) user interest groups, including researchers, universities, archives, and libraries; and

(g) representatives of the public and public interest groups (including organizations involved in issues related to open government, public government data and APIs, and government use of technology).
