

affidavit to confirm that individual's identity, which is relevant to confirming his or her relationship to the applicant and in assessing the likelihood that the affiant has personal knowledge of the facts of the applicant's birth.

In an ongoing effort to reduce public burden times, the "Sex" field (previously Item 2) has been removed from the DS-10, Birth Affidavit. Passport Services determined that this decision will not affect the procedural or policy aspects of DS-10 form adjudication or impact the determination of U.S. citizenship findings by passport adjudicators.

- *1405-0133, DS-60, Affidavit*

Regarding a Change of Name: The form is submitted in conjunction with an application for a U.S. passport. It is used by Passport Services to collect information for the purpose of establishing that a passport applicant has adopted a new name without formal court proceedings or by marriage and has publicly and exclusively used the adopted name over a period of time (at least five years).

- *1405-0146, DS-86, Statement of Non-Receipt of a U.S. Passport:* The form is used by the U.S. Department of State to collect information for the purpose of issuing a replacement passport to customers whose passports have been issued but who have not received their passport documents in the mail. The information collected on the Statement of Non-Receipt of a U.S. Passport is used by the Department of State to help ensure that no person bears more than one valid or potentially valid U.S. passport book of the same type and/or passport card at any one time, except as authorized by the Department. The information on the form is also used to address passport fraud and misuse.

All three forms have been amended to replace the term "sex" with "gender" and to be pronoun-inclusive of all genders.

Methodology

When needed, the Birth Affidavit is either provided by the Department or downloaded from the Department's website and completed by the affiant. It must be signed in the presence of a passport agent, acceptance agent, or notary.

When needed, the Affidavit Regarding a Change of Name is either provided by the Department or downloaded from the Department's website and completed by the affiant. It must be signed in the presence of a passport agent, passport acceptance agent, or notary.

When needed, the Statement of Non-Receipt of a U.S. Passport is either

provided by the Department or downloaded from the Department's website and completed by the passport applicant.

Federal Highway Administration

Notice of Availability of the Finding of No Significant Impact for the I-15 St. George Improved Project in Utah and Final Federal Agency Actions

AGENCY: Federal Highway Administration (FHWA), Department of Transportation, Utah Department of Transportation (UDOT).

ACTION: Notice of availability and notice of limitations on claims for judicial review of actions by UDOT and other Federal agencies.

SUMMARY: The FHWA, on behalf of UDOT, is issuing this notice to announce the availability of the Finding of No Significant Impact (FONSI) for the Interstate 15 (I-15) St. George Improved Project, Bluff Street to St. George Boulevard, in St. George City, Washington County, Utah. In addition, this notice is being issued to announce actions taken by UDOT that are final Federal agency actions related to the project referenced above. Those actions grant licenses, permits, and/or approvals for the project. The FONSI provides details on the Selected Alternative for the proposed improvements.

DATES: This decision became operative on October 12, 2023. By this notice, FHWA, on behalf of UDOT, is advising the public of final agency actions subject to 23 U.S.C. 139(j)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before March 25, 2024. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Carissa Watanabe, Environmental Program Manager, UDOT Environmental Services, P.O. Box 143600, Salt Lake City, UT 84114; (503) 939-3798; email: cwatanabe@utah.gov. UDOT's normal business hours are 8 a.m. to 5 p.m.

(Mountain Time Zone), Monday through Friday, except State and Federal holidays.

SUPPLEMENTARY INFORMATION: The environmental review, consultation, and other actions required by applicable Federal environmental laws for this action are being, or have been, carried out by UDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding (MOU) dated May 26, 2022, and executed by FHWA and UDOT. Actions taken by UDOT on FHWA's behalf pursuant to 23 U.S.C. 327 constitute Federal agency actions for purposes of Federal law. Notice is hereby given that UDOT has taken final agency actions subject to 23 U.S.C. 139(j)(1) by issuing licenses, permits, and/or approvals for the I-15 St. George Improved project in the State of Utah.

UDOT's purpose for this project is to improve operations of the I-15 Bluff Street (Milepost 6) and St. George Boulevard (Milepost 8) interchanges; improve access from I-15 to regional destinations in St. George City; and improve mobility options for a broad range of users, including pedestrians and cyclists. UDOT has selected the Single Point Urban Interchange (SPUI) alternative. The selected alternative would construct: a new SPUI interchange on I-15 at 700 South; roadway improvements along 700 South and the adjacent intersections; and a new 12-foot-wide shared-use trail.

The project is identified in UDOT's adopted 2023-2028 State Transportation Improvement Program as project number 18218 with funding identified for final design and construction. The project is also included in the Dixie Metropolitan Planning Organization (MPO) 2023-2050 Regional Transportation Plan approved in May 2023 and the Dixie MPO 2023-2027 Transportation Improvement Plan.

The actions by UDOT, and the laws under which such actions were taken, are described in the Environmental Assessment (EA) approved on April 25, 2023, and the FONSI (Finding of No Significant Impact for I-15 St. George Improved; Bluff Street to St. George Boulevard; St. George City, Washington County, Utah, Project No. S-I15-1(136)6) approved on October 12, 2023, and other documents in the project record. The EA and FONSI are available for review at the UDOT Central Complex, 4501 South 2700 West, Salt Lake City, Utah. In addition, the EA and FONSI documents can be viewed and downloaded from the project website at <https://udotinput.utah.gov/i15stgeorge>. DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA–2010–0033]

New Jersey Transit's Request To Amend Its Positive Train Control System

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of availability and request for comments.

SUMMARY: This document provides the public with notice that, on October 16, 2023, New Jersey Transit (NJT) submitted a request for amendment (RFA) to its FRA-certified positive train control (PTC) system. The RFA notifies FRA of a planned PTC outage to its I–ETMS PTC System for maintenance purposes. FRA is publishing this notice and inviting public comment on the railroad's RFA to its PTC system.

DATES: FRA will consider comments received by November 13, 2023. FRA may consider comments received after that date to the extent practicable and without delaying implementation of valuable or necessary modifications to a PTC system.

ADDRESSES:

Comments: Comments may be submitted by going to <https://www.regulations.gov> and following the

online instructions for submitting comments.

Instructions: All submissions must include the agency name and the applicable docket number. The relevant PTC docket number for this host railroad is Docket No. FRA–2010–0033. For convenience, all active PTC dockets are hyperlinked on FRA's website at <https://railroads.dot.gov/research-development/program-areas/train-control/ptc/railroads-ptc-dockets>. All comments received will be posted without change to <https://www.regulations.gov>; this includes any personal information.

FOR FURTHER INFORMATION CONTACT:

Gabe Neal, Staff Director, Signal, Train Control, and Crossings Division, telephone: 816–516–7168, email: Gabe.Neal@dot.gov.

SUPPLEMENTARY INFORMATION: In general, Title 49 United States Code (U.S.C.) section 20157(h) requires FRA to certify that a host railroad's PTC system complies with Title 49 Code of Federal Regulations (CFR) part 236, subpart I, before the technology may be operated in revenue service. Before making certain changes to an FRA-certified PTC system or the associated FRA-approved PTC Safety Plan (PTCSP), a host railroad must submit, and obtain FRA's approval of, an RFA to its PTC system or PTCSP under 49 CFR 236.1021.

Under 49 CFR 236.1021(e), FRA's regulations provide that FRA will publish a notice in the **Federal Register** and invite public comment in accordance with 49 CFR part 211, if an RFA includes a request for approval of a material modification of a signal or train control system. Accordingly, this notice informs the public that, on October 16, 2023, NJT submitted an RFA to its PTCSP for its Interoperable Electronic Train Management System (I–ETMS), which seeks FRA's approval for an approximately two-hour but no greater than three-hour outage of its PTC system to support NJT's PTC Back Office Subsystem upgrade to improve the reliability and stability of NJT's I–ETMS PTC system. NJT's RFA states that the PTC system outage is necessary to perform the upgrade to NJT's PTC Back Office System. The RFA is available in Docket No. FRA–2010–0033. Interested parties are invited to comment on NJT's RFA by submitting written comments or data. During FRA's review of this railroad's RFA, FRA will consider any comments or data submitted within the timeline specified in this notice and to the extent practicable, without delaying implementation of valuable or necessary modifications to a PTC system. *See* 49
