

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Director of OMB provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Office of Management and Budget (OMB) may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, *e.g.*, new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. ED invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner, (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on respondents, including through the use of information technology.

Dated: June 23, 2008.

IC Clearance Official, Regulatory Information Management Services, Office of Management.

Federal Student Aid

Type of Review: New.

Title: Documents Associated with the Notice of Terms and Conditions of Purchase of Loans under the Ensuring Continued Access to Student Loans Act of 2008.

Abstract: As one of several measures intended to address concerns about the availability of loans under the Federal Family Education Loan (FFEL) Program during the 2008–2009 academic year, the Ensuring Continued Access to

Student Loans Act of 2008 (ECASLA) provides the Department of Education (the Department) with temporary authority to purchase student loans from FFEL Program lenders. The documents included in this collection set forth the terms and conditions of the loan purchase program authorized by the ECASLA and collect the information from lenders that is required by the Department to administer the program.

Additional Information

The U.S. Department of Education (Department) requests that OMB grant an emergency clearance by June 27, 2008 for Loan Purchase Program information collection documents associated with the newly authorized authority to purchase loans, as per the Ensuring Continued Access to Student Loans Act of 2008 ("ECASLA"):

1. Master Participation Agreement, with exhibits;
2. Master Loan Sale Agreement, with exhibits; and
3. Additional documents forthcoming specifying data intended to be collected.

Section 459A of the Higher Education Act ("HEA"), signed into law on May 7, 2008, provides that the Secretary of Education, the Secretary of the Treasury, and the Director of the Office of Management and Budget must jointly determine the terms and conditions of this newly authorized loan purchase program. These information collection documents set forth those terms and aid in the administration of the program.

The Loan Purchase Program was established under the HEA by the ECASLA. Congress passed this law to remedy market conditions threatening the ability of student lenders to make student loans for the 2008–2009 academic year. While loans for the academic year can be originated as early as May, the bulk of originations occur during the period from July through August. To ensure that student lenders are able to utilize the Loan Purchase Program, the Documents must be reviewed by lenders in advance of final publication of the Notice of Terms and Conditions of Purchase of Loans under the Ensuring Continued Access to Student Loans Act of 2008. As such, the lending community must have final, approved versions of the Documents no later than June 27, 2008 to ensure that they will be able to utilize the Loan Purchase Program in time for the 2008–2009 academic year. The Department thus requests emergency clearance because the regular clearance process would not enable us to make an OMB-approved set of Documents available to lenders seeking to make student loans during the 2008–2009 academic year.

Upon receiving emergency clearance of the Documents, the Department will submit the ECASLA Loan Purchase Program documents for regular clearance process, including notice of a 60-day public comment period.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the grant program for statewide longitudinal data systems is to promote the generation and accurate and timely use of data that are needed to: (1)

Comply with the Elementary and Secondary Education Act of 1965, as amended, and other reporting requirements, and (2) facilitate analyses and research to improve student academic achievement and close achievement gaps. This purpose is served by providing assistance to State educational agencies to enable them to design, develop, and implement statewide, longitudinal data systems to manage, analyze, disaggregate, and use individual student data. States may apply for funds to address the following purposes: (1) Develop and implement such statewide longitudinal data systems; (2) expand K–12 longitudinal data systems to include preschool data, teacher data, finance data, and any other K–12 data not yet included in their systems; (3) create interoperability with postsecondary data systems or create consolidated P–16 data systems, in a manner consistent with the requirements of the Family Educational Rights and Privacy Act; and (4) import workforce data from other sources. The capacity to examine longitudinal data that include postsecondary and workforce information will enhance the ability of State educational agencies to evaluate the effectiveness of their elementary and secondary education programs.

Program Authority: 20 U.S.C. 9607.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 77, 80, 81, 82, 84, 85, 97, 98, and 99. In addition, the regulations in 34 CFR part 75 are applicable, except for the provisions in 34 CFR 75.100, 75.101(b), 75.102, 75.103, 75.105, 75.109(a), 75.200, 75.201, 75.209, 75.210, 75.211, 75.217, 75.219, 75.220, 75.221, 75.222, and 75.230.

II. Award Information

Type of Award: Cooperative agreements.

Estimated Available Funds: The Administration has requested \$100,000,000 for this program in FY 2009, of which it intends to make available \$94,000,000 for new Statewide Longitudinal Data Systems grant awards. Although Congress has not enacted a final appropriation for FY 2009, the Institute is inviting applications for this competition now so that it may be prepared to make awards following final action on the Department's appropriations bill. The actual award of grants will depend on the availability of funds.

Estimated Average Size of Awards: \$3,000,000 to \$9,000,000 for the entire project period.

Estimated Number of Awards: The number of awards made under this competition will depend upon the quality of the applications received.

Note: The Department is not bound by any estimates in this notice.

Project Period: Two to five years.

III. Eligibility Information

1. **Eligible Applicants:** Eligible applicants are limited to SEAs.

2. a. **Cost Sharing or Matching:** This competition does not require cost sharing or matching.

b. **Supplement-Not-Supplant:** This competition involves supplement-not-supplant funding requirements. Funds made available under this grant program are to supplement, and not supplant, other State or local funds used for developing or improving State data systems. The grants are expected to assist SEAs in their efforts to design, develop, and implement statewide longitudinal data systems, but not to supplant State and local funds. That is, the Institute of Education Sciences expects grant funding to augment existing State and local funds devoted to this effort.

IV. Application and Submission Information

1. **RFA and Other Information:** Information regarding program and application requirements for this competition will be contained in the NCES RFA package, which will be available on June 26, 2008, at the following Web site: <http://ies.ed.gov/funding/>.

2. **Application Package:** The application package with forms and instructions for applying to this competition will be available no later than August 4, 2008, at <http://www.Grants.gov> (see section V of this notice).

Individuals with disabilities can obtain a copy of the application package in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) by contacting the person listed under *Alternative Format* in section IX of this notice.

Note: Interested potential applicants should periodically check the Institute's Web site at <http://ies.ed.gov/funding/>.

3. **Submission Requirements:** Applications for grants under this competition must be submitted electronically using the Grants.gov Apply site ([Grants.gov](http://www.Grants.gov)). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic

submission requirement, please refer to section V. *Submission of Applications* in this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII in this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

V. Submission of Applications

Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Statewide Longitudinal Data Systems competition, CFDA Number 84.372A, must be submitted electronically using the Governmentwide Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Statewide Longitudinal Data Systems competition at <http://www.Grants.gov>. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.372, not 84.372A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted, and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.

- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>). You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take

five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms—the SF 424 and the Department of Education Supplemental Information for SF 424—have replaced the ED 424 (Application for Federal Education Assistance).

- You must attach any narrative sections of your application as files in .PDF (Portable Document) format. If you upload a file type other than the file type specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VIII in this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or

- You do not have the capacity to upload large documents to the Grants.gov system; and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax

your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Elizabeth Payer, U.S. Department of Education, 555 New Jersey Avenue, NW., room 602C, Washington, DC 20208. FAX: (202) 219-1466.

The estimated total cost to respondents is \$320,821 [5,280 hours divided by 2080 hours¹ times \$126,384² equals \$320,821]. The cost of filing FERC-523, per respondent, is \$5,347 (rounded-off).

¹ Number of hours an employee works each year.

² Average annual salary per employee 3.

The reporting burden includes the total time, effort, or financial resources expended to generate, maintain, retain, disclose, or provide the information including: (1) Reviewing instructions; (2) developing, acquiring, installing, using technology and systems for the purposes of collecting, validating, verifying, processing, maintaining,

disclosing and providing information; (3) adjusting the existing ways to comply with any previously applicable filing instructions and requirements; (4) training personnel to respond to this collection of information; (5) searching data sources; (6) completing and reviewing the collection of information; and (7) transmitting, or otherwise
