Proposed Action

The proposed action is to reintroduce spring-run Chinook salmon into the mainstem of the San Joaquin River which will include collection of founding stock, propagation, and release under authorities of section 10(j) of the Endangered Species Act (ESA), *Natural Resource Defense Council, et al. v. Rodgers et al.* (Settlement), the Omnibus Public Land Management Act of 2009 Public Law 111-11, Title X. (Restoration Act), and section 10(a)(1)(A) of the ESA. This proposed reintroduction includes designating an experimental population for spring-run Chinook salmon within the San Joaquin River from below the confluence with the Stanislaus River to Friant Dam. The proposed action will include promulgation of a 4(d) rule.

Geographic Scope

The proposed planning area for the proposed reintroduction will consist of the aquatic ecosystems and natural communities, and potentially adjacent riparian and floodplain natural communities, within and along the San Joaquin River and from the confluence of the Stanislaus River (approximately 3 miles northeast of Vernalis, California) upstream to Friant Dam and it's associated tributaries including: the Stanislaus River below Goodwin Dam, the Tuolumne River below La Grange Dam, and the Merced River below Crocker-Huffman Dam.

Covered Species

The species that is intended to be the initial focus of the reintroduction is the spring-run Central Valley Chinook salmon (*Oncorhynchus tshawytscha*).

Request for Comments

The primary purpose of the scoping process is to identify important issues raised by the public related to the issuance of an ESA 10(j) rule and promulgation of an ESA 4(d) rule associated with the reintroduction of spring-run Chinook salmon to the San Joaquin River. Written comments from interested parties are invited to ensure that the full range of issues related to the proposed development of the 4(d) rule and the proposed reintroduction. All comments received, including names and addresses, will become part of the official administrative record and may be made available to the public.
