SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for a new information collection.

The Northeast Fisheries Science Center's Social Sciences Branch seeks to conduct a one year assessment of the social and economic impacts from Hurricane Sandy to the commercial and recreational fishing industries in New York and New Jersey. It seeks to collect data on the long term disruption and impediments to recovery of normal business practices to the commercial and recreational fishing industries. It seeks to collect data from commercial and for hire fishermen, marinas, fish dealers, bait and tackle stores, and other businesses dependent on the fishing industry for livelihood. The data will improve research and analysis of potential fishery management actions by understanding the long-term compounding effects of this natural disaster on communities most

dependent on fishing. It is consistent with the Magnuson-Stevens Fishery Conservation and Management Act.

II. Method of Collection

This information will be collected by in person, face-to-face, mail or telephone interviews.
