

DEPARTMENT OF JUSTICE**[AAG/A Order No. 199–2000]****Privacy Act of 1974; System of Records**

The Department of Justice (DOJ), Justice Management Division (JMD), proposes to modify the Employee Assistance Program (EAP) Treatment and Referral Records, Justice/JMD–16. The primary purpose for establishing the system of records was to permit the standard medical practice of retaining and recording the mental health history of EAP clients, the rationale for the counseling and referral provided by the EAP counselor and to record the number of contacts made over time. The Department now proposes to modify the routine uses of records maintained in the system to reflect changes in program personnel, policy and procedures. The existing routine use allowing for disclosures to state or local authorities to report, where required under State law, incidents of child abuse or neglect, has been revised to include incidents of elder or domestic abuse or neglect. In addition, to reflect the fact that the Department refers EAP clients to contract counselors, the Notice adds a routine use allowing for the disclosure of records to such contractors. The Notice also adds a routine use permitting disclosures to any person who is responsible for the care of an EAP client when the EAP client to whom the records pertain is mentally incompetent or under legal disability. Finally, the Notice adds a routine use allowing for disclosures to any person or entity to the extent necessary to meet a bona fide medical emergency. When this last routine use was suggested when the Department published its original EAP System of Records notice, it was eliminated based on the argument that exemption (b)(8), 5 U.S.C. sec. 552a(b)(8), to the Privacy Act, already provided authority to make such disclosures. Recognizing that there is ambiguity in exemption (b)(8) as to whether records about an individual may be disclosed to a third person, we have added this routine use to clearly allow for such disclosures in medical emergencies.

In addition, the Department is revising the System Location and System Manager and Address sections to reflect personnel changes, and updating the “Storage” and “Retention” sections to reflect a partial automation of the system.

Title 5 U.S.C. sec. 552a(e)(4) and (11) provide that the public be given a 30-day period in which to comment on the proposed modifications. The Office of

Management and Budget (OMB), which has oversight responsibility under the Act, requires a 40-day period in which to review the proposed modifications. Therefore, please submit any comments by 40 days from publication of this notice. The public, OMB and the Congress are invited to submit written comments to Mary Cahill, Management and Planning Staff, Justice Management Division, Department of Justice, Washington, DC 20530, (202) 307–1823.

As required by 5 U.S.C. sec. 552a(r), the Department of Justice has provided a report on the proposed changes to OMB and the Congress.

A modified system description is set forth below.

Dated: June 1, 2000.
