

closing date and time specified in the **DATES** section of this notice, and in the manner provided in section IV. of the applicable FFO announcement. Any application received or transmitted, as the case may be, after 5 p.m. Eastern Time on September 8, 2009 will not be considered for funding. Applications that do not include all items required or that exceed the page limitations set forth in section IV.B. of the FFO announcement will be considered non-responsive and will not be considered by the review panel. Applications that meet all the requirements will be evaluated by a review panel comprised of at least three full-time federal employees, of whom at least one shall be an EDA employee. The review panel's rating and ranking of the applications will be presented to the Assistant Secretary, who is the Selecting Official. By September 30, 2009, EDA expects to notify the applicant selected for investment assistance under this notice.

Evaluation Criteria: The review panel will evaluate the applications and rate and rank them using the following criteria of approximate equal weight:

(1) Conformance with EDA's statutory and regulatory requirements, including the extent to which the proposed project satisfies the award requirements set out below and as provided in 13 CFR 306.2:

- Strengthens the capacity of local, State, or national organizations and institutions to undertake and promote effective economic development programs targeted to regions of distress;

- Benefits distressed regions; and
- Demonstrates innovative approaches to stimulate economic development in distressed regions.

(2) The degree to which an EDA investment will have strong organizational leadership, relevant project management experience, and a significant commitment of human resources talent to ensure the project's successful execution (*see* 13 CFR 301.8(b)).

(3) The ability of the applicant to implement the proposed project successfully (*see* 13 CFR 301.8).

(4) The clarity, precision, and applicability of the research methods proposed.

(5) The clarity, precision, and applicability of the analytical methods proposed.

(6) The clarity, precision, and applicability of the survey and sampling methods proposed.

(7) The feasibility of the budget presented.

(8) The cost to the Federal Government, using the best value to the government

For purposes of this request for applications, EDA will consider only applications submitted by applicants with the current capacity to undertake research that advances economic development practice and theory, and that have the potential for impact on a regional or national scale. *See* section 3 of PWEDA (42 U.S.C. 3122) and 13 CFR 300.3 and 306.2. The addition of research and project data to an existing Web site or the design of a companion Web site to disseminate the results of each research study and provide links to data encapsulated in reports free of charge is preferred.

Selection Factors: The Assistant Secretary, as the Selecting Official, expects to fund the highest ranking applications, as recommended by the review panel, submitted under this request for applications. However, if EDA does not receive satisfactory applications, the Assistant Secretary may not make any selection. Depending on the quality of the applications received, the Assistant Secretary may select more than one application for one research project and make no selection for another research project. Also, he may select an application out of rank order for the following reasons: (1) A determination that the selected application better meets the overall objectives of sections 2 and 207 of PWEDA (42 U.S.C. 3121 and 3147); (2) the applicant's performance under previous awards; or (3) the availability of funding.
