Abstract: U.S.C. 25 chapter 42, subchapter 11, The American Indian Trust Fund Management Reform Act of 1994 (the Act) allows Indian Tribes on a voluntary basis to take their funds out of trust status within the Department of the Interior (and the Federal Government) in order to manage such funds on their own. 25 CFR part 1200, subpart B, section 1200.13, "How does a Tribe apply to withdraw funds?" describes the requirements for application for withdrawal. The Act generally covers all tribal trust funds including judgment funds as well as some settlements funds, but excludes funds held in Individual Indian Money accounts and Other Trust Funds. Both the Act and the regulations state that upon withdrawal of the funds, the Department of the Interior (and the Federal Government) have no further liability for such funds. Accompanying their application for withdrawal of trust funds, Tribes are required to submit a Management Plan for managing the funds being withdrawn, to protect the funds once they are out of trust status.

This information collection allows the BTFA to collect the Tribe's applications for withdrawal of funds held in trust by the Department of the Interior. If BTFA did not collect this information, the BTFA would not be able to comply with the Act, and Tribes would not be able to withdraw funds held for them in trust by the Department of the Interior.

Title of Collection: Application to Withdraw Tribal Funds from Trust Status, 25 CFR 1200.
