The duties or roles and functions of the AMWG are in an advisory capacity only. They are to: (1) establish AMWG operating procedures, (2) advise the Secretary in meeting environmental and cultural commitments including those contained in the Record of Decision for the Glen Canyon Dam Long-Term Experimental and Management Plan Final Environmental Impact Statement and subsequent related decisions, (3) recommend resource management objectives for development and implementation of a long-term monitoring plan, and any necessary research and studies required to determine the effect of the operation of Glen Canyon Dam on the values for which Grand Canyon National Park and Glen Canyon Dam National Recreation Area were established, including but not limited to, natural and cultural resources, and visitor use, (4) review and provide input on the report identified in the Act to the Secretary, the Congress, and the Governors of the Colorado River Basin States, (5) annually review long-term monitoring data to provide advice on the status of resources and whether the Adaptive Management Program (AMP) goals and objectives are being met, and (6) review and provide input on all AMP activities undertaken to comply with applicable laws, including permitting requirements.

### Membership Criteria

Prospective members of AMWG need to have a strong capacity for advising individuals in leadership positions, teamwork, project management, tracking relevant Federal government programs and policy making procedures, and networking with and representing their stakeholder group. Membership from a wide range of disciplines and professional sectors is encouraged.

Members of the AMWG are appointed by the Secretary and are comprised of:

e. One representative from each of the following Interior agencies as ex-officio non-voting members: Bureau of Reclamation, Bureau of Indian Affairs, U.S. Fish and Wildlife Service, and National Park Service.

At this time, we are particularly interested in applications from representatives of the following:

After consultation, the Secretary will appoint members to the AMWG. Members will be selected based on their individual qualifications, as well as the overall need to achieve a balanced representation of viewpoints, subject matter expertise, regional knowledge, and representation of communities of interest. AMWG member terms are limited to 3 years from their date of appointment. Following completion of their first term, an AMWG member may request consideration for reappointment to an additional term. Reappointment is not guaranteed.

Typically, AMWG will hold two in-person meetings and one webinar meeting per fiscal year. Between meetings, AMWG members are expected to participate in committee work via conference calls and email exchanges. Members of the AMWG and its subcommittees serve without pay. However, while away from their homes or regular places of business in the performance of services of the AMWG, members may be reimbursed for travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the government service, as authorized by 5 U.S.C. 5703.

Nominations should include a resume that provides an adequate description of the nominee's qualifications, particularly information that will enable Interior to evaluate the nominee's potential to meet the membership requirements of the AMWG and permit Interior to contact a potential member. Please refer to the membership criteria stated in this notice.

Any interested person or entity may nominate one or more qualified

individuals for membership on the AMWG. Nominations from the seven basin states, as identified in this notice, need to be submitted by the respective Governors of those states, or by a state representative formally designated by the Governor. See 87 FR 64247 (Oct. 24, 2022). The complaint, as supplemented, alleges a violation of section 337 based upon the importation into the United States, sale for importation, or sale after importation into the United States of certain smart thermostat hubs, systems containing the same, and components of the same by reason of the infringement of certain claims of U.S. Patent Nos. 10,825,273; 10,803,685; and 11,189,118. *Id.* The complaint further alleges that a domestic industry exists. *Id.* The notice of investigation names iApartments, Inc. of Tampa, Florida; and Hsun Wealth Technology Co., Ltd. and Huarifu Technology Co., Ltd. On December 1, 2022, Complainants filed an unopposed motion to amend the complaint to add ITI as a respondent. No response to the unopposed motion was filed.

On December 7, 2022, the ALJ issued the subject ID (Order No. 9) granting Complainants’ unopposed motion for leave to amend the complaint and notice of investigation. Order No. 9 (December 7, 2022). The subject ID finds that Complainants’ unopposed motion is supported by good cause pursuant to Commission Rule 210.14(b) (19 CFR 210.14(b)) and that there is no prejudice to any party if the motion is granted.

No party petitioned for review of the subject ID.

The Commission has determined not to review the subject ID (Order No. 9). ITI is added as a respondent to the investigation.

The Commission vote for this determination took place on December 21, 2022.
