

Unit type	Hours per response
Subpart O: Incinerators	3
Subpart W: Drip Pads	0
Subpart X: Miscellaneous Units	0
Subpart AA: Process Vents	400
Subpart BB: Equipment Leaks ...	4
Subpart DD: Containment Buildings	27

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 3,326.

Frequency of response: on occasion.

Estimated total average number of responses for each respondent: 1.6864.

Estimated total annual burden hours: 626,476 hours.

Estimated total annual costs:
\$26,735,793, which includes
\$22,795,000 annualized labor and
\$3,940,793 annualized capital and O&M costs.

What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: October 13, 2010.

Suzanne Rudzinski,

Acting Director, Office of Resource Conservation and Recovery.

Cross-Media Electronic Reporting Rule State Authorized Program Revision Approval: State of Arkansas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval, under regulations for Cross-Media Electronic Reporting, of the State of Arkansas's request to revise certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA's approval is effective October 26, 2010.

FOR FURTHER INFORMATION CONTACT: Evi Huffer, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, (202) 566-1697, huffer.evi@epa.gov, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Under Subpart D of CROMERR, state, tribe or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and get EPA approval. Subpart D also provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, in § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the

option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On April 27, 2010, the State of Arkansas Department of Environmental Quality (ARDEQ) submitted an application for its Net Discharge Monitoring Report (NetDMR) electronic document receiving system for revision of its 40 CFR part 123—National Pollutant Discharge Elimination System (NPDES) State Program Requirements EPA-authorized program for electronic reporting of Discharge Monitoring Report (DMR) information under 40 CFR part 122.

EPA has reviewed ARDEQ's request to revise its EPA-authorized program and, based on this review, EPA has determined that the application meets the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Arkansas's request for revision to its 40 CFR part 123—NPDES State Program Requirements authorized program for electronic reporting of discharge monitoring report information is being published in the **Federal Register**.

ARDEQ was notified of EPA's determination to approve its application with respect to the authorized program listed above.

Dated: October 19, 2010.

Andrew T. Battin,

Acting Director, Office of Information Collection.
