Conveyance of Mineral Interests in California

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of segregation.

SUMMARY: The private land described in this notice, aggregating 27.35 acres, is segregated and made unavailable for filings under the general mining laws and the mineral leasing laws to determine its suitability for conveyance of the reserved mineral interest pursuant to section 209 of the Federal Land Policy and Management Act of October 21, 1976. The mineral interests will be conveyed in whole or in part upon favorable mineral examination. The purpose is to allow consolidation of surface and subsurface of minerals ownership where there are no known mineral values or in those instances where the reservation interferes with or precludes appropriate nonmineral development and such development is a more beneficial use of the land than the mineral development.
