

and uniform on all handlers. Some of the additional costs may be passed on to producers. However, these costs will be offset by the benefits derived by the operation of the marketing order. In addition, the Committee's meeting was widely publicized throughout the California date industry and all interested persons were invited to attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the June 24, 2010, meeting was a public meeting and all entities, both large and small, were able to express views on this issue.

This rule imposes no additional reporting or recordkeeping requirements on either small or large California date handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies. As noted in the initial regulatory flexibility analysis, USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this final rule.

AMS is committed to complying with the E-Government Act, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

A proposed rule concerning this action was published in the **Federal Register** on September 15, 2010 (75 FR 56019). Copies of the proposed rule were also mailed or sent via facsimile to all California date handlers. Finally, the proposal was made available through the Internet by USDA and the Office of Federal Register. A 30-day comment period ending October 15, 2010, was provided for interested persons to respond to the proposal. No comments were received.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/MarketingOrdersSmallBusinessGuide>. Any questions about the compliance guide should be sent to Antoinette Carter at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

After consideration of all relevant material presented, including the information and recommendation submitted by the Committee and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

Pursuant to 5 U.S.C. 553, it also found and determined that good cause exists for not postponing the effective date of

this rule until 30 days after publication in the **Federal Register** because handlers have already received 2010 dates from growers, the crop year began on October 1, 2010, and the assessment rate applies to all dates received during the 2010–11 and subsequent seasons. Further, handlers are aware of this rule, which was recommended at a public meeting. Also, a 30-day comment period was provided for in the proposed rule.

[Doc. No. AMS–LS–10–0003]

#### Sorghum Promotion and Research Program: Procedures for the Conduct of Referenda

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Final rule.

**SUMMARY:** The Commodity Promotion, Research, and Information Act of 1996 (Act) authorizes a program of promotion, research, and information to be developed through the promulgation of the Sorghum Promotion, Research, and Information Order (Order). The Act requires that the Secretary of Agriculture (Secretary) conduct a referendum among persons subject to assessments who, during a

representative period established by the Secretary, have engaged in the production or importation of sorghum. This final rule establishes procedures the Department of Agriculture (USDA) will use in conducting the required referendum as well as future referenda. Eligible persons will be provided the opportunity to vote during a specified period announced by USDA. For the program to continue, it must be approved, with an affirmative vote, by at least a majority of those persons voting who were engaged in the production or importation of sorghum during the representative period.

**DATES:** *Effective Date:* December 20, 2010.

#### SUPPLEMENTARY INFORMATION:

##### Executive Order 12866

This final rule has been determined not significant for purposes of Executive Order 12866 and therefore has not been reviewed by the Office of Management and Budget (OMB).

##### Executive Order 12988

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. It is not intended to have retroactive effect. Section 524 of the Act provides that the Act shall not affect or preempt any other Federal or State law authorizing promotion or research relating to an agricultural commodity.

Under section 519 of the Act, a person subject to the Order may file a petition with the Secretary stating that the Order, any provision of the Order, or any obligation imposed in connection with the Order is not established in accordance with the law, and may request a modification of the Order or an exemption from the Order. Any petition filed challenging the Order, any provision of the Order, or any obligation imposed in connection with the Order, shall be filed within 2 years after the effective date of the Order, provision, or obligation subject to challenge in the petition. The petitioner will have the opportunity for a hearing on the petition. Thereafter, the Secretary will issue a ruling on the petition. The Act provides that the district court of the United States for any district in which the petitioner resides or conducts business shall have the jurisdiction to

review a final ruling on the petition if the petitioner files a complaint for that purpose not later than 20 days after the date of the entry of the Secretary's final ruling.

#### Regulatory Flexibility and Paperwork Reduction Act

In accordance with the Regulatory Flexibility Act (RFA) (5 U.S.C. 601–612), USDA is required to examine the impact of this rule on small entities. The purpose of the RFA is to fit regulatory actions to the scale of businesses subject to such actions so that small businesses will not be disproportionately burdened.

The Act, which authorizes USDA to consider industry proposals for generic programs of promotion, research, and information for agricultural commodities, became effective on April 4, 1996. The Act states that Congress found that it is in the national public interest and vital to the welfare of the agricultural economy of the United States to maintain and expand existing markets and develop new markets and uses for agricultural commodities through industry-funded, Government-supervised, commodity promotion programs.

Section 518 of the Act provides three options for determining industry approval or continuation of a new research and promotion program. They are: (1) By a majority of those voting; (2) by a majority of the volume of the agricultural commodity voted in the referendum; or (3) by a majority of those persons voting who also represent a majority of the volume of the agricultural commodity voted in the referendum. In addition, § 518 of the Act provides for referendums to ascertain approval of an Order to be conducted either prior to its going into effect or within 3 years after assessments first begin under an Order. As recommended by representatives of the sorghum industry, the final Order, which was published in the **Federal Register** on May 6, 2008 (73 FR 25398), provides that USDA conduct a referendum within 3 years after assessments begin and that the continuation of the Order be approved by at least a majority of those persons voting for approval who are engaged in the production or importation sorghum.

This final rule establishes the procedures USDA will use for the conduct of a nationwide referendum among eligible persons to determine if the Order should be continued. This final rule adds a new subpart that establishes procedures to conduct the initial and future referendums. The new subpart covers definitions, certification

and voting procedures, eligibility, disposition of forms and records, the role of the Farm Service Agency (FSA), and reporting the results.

According to the 2007 Census of Agriculture, there are approximately 26,000 persons engaged in the production of sorghum who are subject to the program. Most sorghum producers are classified as small businesses under the criteria established by the Small Business Administration (SBA) (13 CFR 121.201).

In accordance with OMB regulation (5 CFR part 1320) that implements the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) (PRA), AMS received OMB approval for a new information collection for the sorghum program. Upon approval, this collection was merged into the existing collection numbered 0581–0093.

The information collection requirements are minimal. Public reporting burden on producers and importers for this collection of information is estimated to average 0.01 hours per response with an estimated total number of 166 hours and a total cost of \$3,079.30. Obtaining a ballot by mail, in-person, facsimile, or via the Internet and completing it in its entirety will not impose a significant economic burden on participants. Accordingly, the Administrator of the Agricultural Marketing Service (AMS) has determined that this final rule will not have a significant economic impact on a substantial number of small business entities.

#### Background

The Act (U.S.C. 7411–7425), which became effective on April 4, 1996, authorizes USDA to establish generic programs of promotion, research, and information for agricultural commodities designed to strengthen an industry's position in the marketplace and to maintain and expand existing domestic and foreign markets and uses for agricultural commodities. Pursuant to the Act, a proposed Order on the Sorghum Checkoff Program was published in the **Federal Register** on November 23, 2007 (72 FR 65842). The final Order was published in the **Federal Register** on May 6, 2008 (73 FR 25398). Collection of assessments began on July 1, 2008.

This program is funded primarily by those persons engaged in the production of sorghum. Grain sorghum is assessed at a rate of 0.6 percent of net market value received by the producer. Sorghum forage, sorghum hay, sorghum haylage, sorghum billets, and sorghum silage are assessed at a rate of 0.35 percent of net market value received by

the producer. Imported sorghum is also subject to assessment and therefore, sorghum importers are eligible to vote in the referendum. Total annual revenue for the program is approximately \$6,000,000 of which, less than \$100 comes from import assessments.

For purposes of this program, *Sorghum* means any harvested portion of *Sorghum bicolor* (L.) Moench or any related species of the genus *Sorghum* of the family Poaceae. This includes, but is not limited to, grain sorghum (including hybrid sorghum seeds, inbred sorghum line seed, and sorghum cultivar seed), sorghum forage, sorghum hay, sorghum haylage, sorghum billets, and sorghum silage.

The Act requires that a referendum to ascertain approval of the Order must be conducted either prior to the Order going into effect or within 3 years after assessments first begin. The industry recommended to USDA that the referendum be conducted no later than 3 years after assessments first begin to determine whether the Order should be continued. Assessments began on July 1, 2008. Thus, USDA is required to conduct a nationwide referendum among persons subject to the assessment by July 1, 2011.

On January 25, 2010, the Chairman of the United Sorghum Checkoff Program Board signed a letter requesting that the referendum be completed by March 1, 2011. He observed that there is a large area of sorghum production in South Texas, Louisiana, Arkansas and other southern States that begin planting in March. He noted that by conducting the referendum before March 1, 2011, producers will not have to interrupt planting operations at a critical time to go and vote.

The Order will continue if a majority of those persons voting favor continuing the program. If the continuation of the Order is not approved by eligible persons voting in the referendum, USDA will begin the process of terminating the program.

Eligible persons are required to complete a ballot in its entirety, vote "yes" or "no" to continue the program, and provide documentation showing that they engaged in the production or importation of sorghum during the representative period. The person will sign the ballot certifying that they were engaged in the production or importation of sorghum during a representative period specified by the Secretary to the best of one's knowledge.

USDA has determined that the representative period for the production or importation of sorghum will be July 1, 2008 through December 31, 2010. This final rule also provides that the

ballots may be cast in person, by facsimile, or by mail-in vote at the appropriate county FSA or, for importers, AMS office. Providing producers an opportunity to vote at the county FSA office and importers through the AMS office provides persons subject to the Order the greatest opportunity to vote in the referendum.

Producers are directed to vote at the county FSA office where FSA maintains and processes the person's administrative farm records. For those eligible producers not participating in FSA programs, the opportunity to vote is provided at the county FSA office serving the county where the person owns or rents land. A person engaged in the production of sorghum in more than one county will vote in the county FSA office where the person does most of his or her business. Eligible producer voters can determine the location of county FSA offices by contacting (1) the nearest county FSA office, (2) the State FSA office, or (3) through an online search of FSA's Web site at <http://www.fsa.usda.gov/pas/default.asp>. From the options available on this Web page select "Your local office," click on your State, and click on the map to select a county.

Importers will vote by contacting Craig Shackelford, Marketing Programs Branch, Livestock and Seed Program, AMS, USDA, Room 2628-S, STOP 0251, 1400 Independence Avenue, SW., Washington, DC 20250-0251; Telephone: (202) 720-1115; Fax: (202) 720-1125; [craig.shackelford@ams.usda.gov](mailto:craig.shackelford@ams.usda.gov). Forms may be obtained via the Internet at <http://www.ams.usda.gov/LSMarketingPrograms>.

The final rule establishes procedures USDA will use in conducting the required referendum as well as future referendums provided under the Act. The final rule includes definitions, eligibility, certification and voting procedures, reporting results, and disposition of the forms and records.

FSA will coordinate State and county FSA roles in conducting the referendum by (1) Determining producer eligibility, (2) canvassing and counting ballots, and (3) reporting the results. AMS will coordinate importer voting. A 60 day comment period was provided from July 16, 2010 through September 14, 2010 in order for interested persons to comment.

## Comments

USDA published proposed procedures for conducting a Sorghum Promotion, Research and Information Program referendum on July 16, 2010 [75 FR 41392] with a request for comments on the proposal to be

received by September 14, 2010. USDA received two timely comments regarding the proposal. Two comments were received on September 10, 2010 by sorghum industry organizations. Both comments stated that the proposed rule adequately reflects the intentions of the producers they represent. Both comments suggested that section 1221.222 Eligibility could be strengthened by adding a sentence to clarify that the intent of eligibility is to allow each entity one vote. This comment has merit and a new sentence has been added to section 1221.222 to add clarity.

If two or more of the counties have been combined and are served by one county office, the canvassing of the requests shall be conducted by at least one member of the county committee from each county served by the county office. The FSA State committee or the State Executive Director, if authorized by the State Committee, may designate the County Executive Director (CED) and a county or State FSA office employee to canvass the ballots and report the results instead of two members of the county committee when it is determined that the number of eligible voters is so limited that having two members of the county committee present for this function is impractical, and designate the CED and/or another county or State FSA office employee to canvass requests in any emergency situation precluding at least two members of the county committee from being present to carry out the functions required in this section.

(b) Canvassing of importer ballots will be performed by AMS personnel or any other person as deemed necessary.

(c) Form LS-379 should be canvassed as follows:

(1) *Number of valid ballots.* A person has been declared eligible by FSA or AMS to vote by completing Form LS-379 in its entirety, signing it, and providing supporting documentation that shows the person who cast the ballot during the voting period was engaged in the production or

importation of sorghum. Such ballot will be considered a valid ballot.

(2) *Number of ineligible ballots.* If FSA or AMS cannot determine that a person is eligible based on the submitted documentation or if the person fails to submit the required supporting documentation, the person shall be determined to be ineligible. FSA or AMS shall notify ineligible persons in writing as soon as practicable but no later than the 8th business day following the final day of the voting period.

(d) *Appeal.* A person declared to be ineligible by FSA or AMS can appeal such decision and provide additional documentation to the FSA county office or AMS within 5 business days after the postmark date of the letter of notification of ineligibility. FSA or AMS will then make a final decision on the person's eligibility and notify the person of the decision.

(e) *Invalid ballots.* An invalid ballot includes, but is not limited to the following:

(1) Form LS-379 is not signed or all required information has not been provided;

(2) Form LS-379 and supporting documentation returned in-person or by facsimile was not received by close of business on the last business day of the voting period;

(3) Form LS-379 and supporting documentation returned by mail was not postmarked by midnight of the final day of the voting period;

(4) Form LS-379 and supporting documentation returned by mail was not received in the county FSA or AMS office by the 5th business day following the final day of the voting period;

(5) Form LS-379 or supporting documentation is mutilated or marked in such a way that any required information on the Form is illegible; or

(6) Form LS-379 and supporting documentation not returned to the appropriate county FSA or AMS office.

#### **§ 1221.228 Counting ballots.**

(a) Form LS-379 shall be counted by county FSA offices or the AMS office on the same day as the ballots are canvassed if there are no ineligibility determinations to resolve. For those county FSA offices that do have ineligibility determinations, the requests shall be counted no later than the 14th business day following the final day of the voting period.

(b) Ballots shall be counted as follows:

(1) Number of valid ballots cast;

(2) Number of persons favoring the Order;
