SUPPLEMENTARY INFORMATION:

Background.—In May 2004, the
Commission determined that an
industry in the United States was
materially injured by reason of certain
color television receivers (CTVs) from
China. Sichuan Changhong Electric Co.

(Changhong) subsequently instituted an
action at the CIT challenging the
Commission's determination.

The CIT issued an opinion in the
matter on November 15, 2006. *Sichuan
Changhong Electric Co. v. United States*,
Ct. No. 04-00266, Slip Op. 06-168 (Ct.
Int'l Trade Nov. 15, 2006). In its
opinion, the CIT rejected all arguments
asserted by plaintiff Changhong, but
remanded the matter to the Commission
for explanation and possible
modification concerning the "specific
causation determination" requirements
imposed by the U.S. Court of Appeals
for the Federal Circuit in *Bratsk
Aluminum Smelter v. United States*, 444
F.3d 1369 (Fed. Cir. 2006) and
Caribbean Ispat, Ltd. v. United States,
450 F.3d 1336 (Fed. Cir. 2006).

Participation in the proceeding.—
Only those persons who were interested
parties to the original investigation (*i.e.*,
persons listed on the Commission
Secretary's service list) and were parties
to the appeal may participate in the
remand proceeding. Such persons need
not make any additional filings with the
Commission to participate in the
remand proceeding. References to
business proprietary information
("BPI") during the remand proceeding
will be governed, as appropriate, by the
administrative protective order issued
in the original investigation.

Written Submissions.—The
Commission is not reopening the record
in this proceeding for submission of
new factual information. The
Commission will, however, permit the
parties to file comments pertaining to
the inquiries that are the subject of the
CIT's remand instructions. Comments
shall be limited to no more than twenty
(20) double-spaced and single-sided
pages of textual material. The parties
may not submit any new factual
information and may not address any
issue other than the applicability of the
Bratsk and *Ispat* decisions to this
investigation, whether the
Commission's causation analysis in the
original investigations complies with
the requirements the Federal Circuit
articulated in those two decisions, and
what, if any, modifications must be
made to the Commission's causation
analysis to put it into conformance with
the requirements articulated in those
decisions. Any such comments must be
filed with the Commission no later than
January 8, 2007.

All written submissions must conform
with the provisions of section 201.8 of
the Commission's rules; any
submissions that contain BPI must also
conform with the requirements of
sections 201.6, 207.3, and 207.7 of the
Commission's rules. The Commission's

rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002).

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Parties are also advised to consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207) for provisions of general applicability concerning written submissions to the Commission.

By order of the Commission.

Issued: December 15, 2006.

Marilyn R. Abbott,

Secretary to the Commission.
